### Principal's Message

Carolyn A. Clark School is dedicated to collaboratively creating a safe and friendly learning environment for our diverse population of students, families, staff, and community members. Each student will develop 21st century competencies, also known as the 4 Cs (communication, collaboration, critical thinking, and creativity), through Common Core State Standards-based Instruction, relying heavily upon technology, projects, and deeper-learning experiences. We will provide each student with a learning environment that promotes a lifelong love of learning and offers each student avenues to reach their full potential.

### Mission Statement

Our school will provide children with a safe and nurturing environment to learn. Students will be challenged by rigorous academic standards, yet be given individual accommodations to help them be successful. To become positive contributing members of society, students need to learn how to process and evaluate information, so that they can make critical decisions academically, and for their own futures. Self-esteem will be developed through participating in activities and service learning projects that give students opportunities to help each other and the broader community. We must instill an attitude in which respect for the individual is stressed, and one in which students have a sense of being a valuable part of the school and the community. Our students will feel challenged by the academic standards we set for them. They should develop a sense of self worth, confidence, and independence from the opportunities provided for them. We will use the results of formal and informal assessments and surveys to evaluate our progress towards our goals. This assessment will drive our use of district and school level resources for staff development when we discover areas of need in our mission. With this as our mission, our students will become successful twenty-first century learners, productive members of society, ready to face the challenges of the future, and respect the lessons of the past through critical thinking, creativity, collaboration, and communication skills.

### Community & School Profile

Evergreen School District, located in the City of San Jose, is comprised of fifteen elementary schools and three middle schools. Once a small farming city, San Jose became a magnet for suburban newcomers between the 1960s and the 1990s, and is now the third largest city in California. The city is located in Silicon Valley, at the southern end of the San Francisco Bay Area, and is home to more than 973,000 residents.

Carolyn A. Clark Elementary School is located on the eastern side of the district's borders. The school is currently serving 729 students in grades TK through six on a traditional calendar schedule. The chart displays school enrollment broken down by ethnicity.

The school provides a family-oriented, nurturing, and safe place for students to learn, grow, and develop intellectually. Teachers, staff, and administrators continue to act on the principle that students come first.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (408) 223-4560 or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Evergreen School District held a Public Hearing on October 9, 2014, and determined that each school within the district has sufficient and good quality textbooks and instructional materials pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the district must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Trustees. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. The table displays information collected in September 2014 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. The district does not have a formal textbook adoption for Health or for Visual and Performing Arts.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Clark Elementary School, originally constructed in 2004, is currently comprised of 38 permanent classrooms, a library, a cafeteria/multipurpose room, a staff lounge, and one playground. The district passed a facilities bond measure in 2006 that will allow for future modernization. As a result of this bond, three portable classrooms were added to the grounds in the summer of 2008. The chart displays the results of the most recent facilities inspection.

#### Cleaning Process:

Clark Elementary School provides a safe and clean environment for students, staff, and volunteers. The district has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the school's custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

#### Maintenance & Repair:

A scheduled maintenance program is administered by Clark Elementary School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the district to ensure that school grounds and facilities remain in excellent repair.

A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

#### Deferred Maintenance Budget:

The State School Deferred Maintenance Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. In the Budget Act of July 2009, the State Legislature provided school districts with flexibility in using these funds to meet general fund needs. In an effort to mitigate the effects of declining state revenues, the Evergreen School District has taken advantage of this flexibility. The district will utilize bond funds and other appropriate sources to ensure its facilities are clean, safe, and in good repair.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement

At Carolyn Clark Elementary School, parents are encouraged to be part of their child’s educational experience. Parents are welcome to volunteer in the classroom, become ABC Readers in the classroom, become Art Attack Docents in the classroom, become active members of the Carolyn Clark PTA, and to participate in the Funvisor program supported by Project Cornerstone. In addition to these opportunities, parents are encouraged to attend all PTA and school events, bi-monthly Coffee with the Principal, and informational nights. Parents are also given the opportunity to to serve on various committees, such as, but not limited to School Site Council, ELAC, DAC, PAC, and the Walk n Roll Committee here at Clark.

#### Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school at (408) 223-4560.

#### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

#### School Safety Plan

The safety of students and staff is a primary concern of Carolyn Clark Elementary School. Students are supervised before school, during recess, and after school by teachers and administrators. Lunch supervision is provided by noon-duty supervisors and parent volunteers trained in the Project Cornerstone Fun-visor program. All visitors to the campus must sign in at the main office and wear a visitor’s pass at all times during their stay on school grounds. There is also a designated area for student drop-off and pick-up at the front of the school.

The School Site Safety Plan was last reviewed and updated in November 2012 by the Emergency Response Team (ERT) and updated by the School Site Council in November 2013. Any and all revisions to the plan are immediately communicated to classified and certificated staff. Key elements of the Safety Plan focus on the following:

- School rules & procedures
- Sexual harassment policy
- Notification to teachers
- Child abuse reporting procedures

- School-wide dress code
- Policies related to suspension/expulsion
- Disaster procedures/routine & emergency drills
- Safe ingress & egress of pupils, parents, & school employees

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire drills are conducted monthly. Disaster, and lock-down drills are conducted on a rotating basis throughout the school year per the district's direction. A comprehensive school plan was developed with the input from the School Site Council, SJP, community members, and auxiliary staff during the 2012-2013 school year and will be revised yearly.

Suspensions and Expulsions			
School	2012-13	2013-14	2014-15

### Types of Services Funded

In addition to general state funding, all schools within Evergreen School District received state and federal categorical funding for the following support programs:

- Economic Impact Aid
- School & Library Improvement Program
- Title I, Targeted Assistance (for these schools: Cadwallader, Dove Hill, Holly Oak, Katherine Smith, Montgomery, and O.B. Whaley)
- Title II, Staff Development
- Title III, Limited English Proficient

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Professional Development provided for Teachers

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. Staff development occurred for the teachers on their first day back, as well as an in-service day in September, where the focus was school culture and collaboration. Our district has put the work group days on the principals to hold professional development specific to the work at each site. The focus continues to be the transition to common core, implementation of the new Math curriculum/adoption, and project-based and deeper learning. On-going outside support is available for PD around common core lessons and PBL. Building capacity among our teachers continues to be a focus. The district also provides an optional series of PD, titled Twilight that many teachers participate in, including Clark teachers. Each grade-level at the site has a majority of the teachers trained in project-based learning. These leads will work with the principal to help build capacity among the grade-levels. Site days and staff meetings will be devoted to building a culture of adult learning and inquiry through PLCs, book study and protocols that foster a growth mindset. Teachers will be supported with their on-going needs with Common Core, PBL, Instructional Planning, Collaboration and Coaching with the assistance of the sites Instructional Coach. The Instructional Coach and the Principal will continue to set the conditions to foster this work through on-going release-time, as well as providing the resources needed to support the teachers.
