### School Description

A high level of parent involvement makes Montevideo stand out. In addition to an active PTA, we have many volunteers who support our instructional program on a daily basis. Enthusiastic parent participation in Family Fun Nights and other special events helps build strong bonds between home and school. We work hard at building a friendly, cooperative atmosphere at our school and in the community.

In addition to strong community support, our teachers set high standards for students, helping them achieve academic excellence and develop habits of conduct that will lead them to success. Teachers communicate with parents using daily planners, Internet Web sites, and a state-of-the-art Student Information System. This allows both parents and students to check their progress frequently. Our well-trained, experienced teaching staff provides an outstanding instructional program for all students.

We want our student to become good citizens, and we also aim to develop their abilities as scholars. The background knowledge that children bring from home is key to their success, but effective instruction is equally important. At Montevideo, we believe that good teaching involves carefully planned interactions focused on state and district standards. Research based engagement strategies are paramount to excellence. Through a comprehensive curriculum and a strong character encouragement program, we expect all of our students to improve their academic achievement and habits of conduct.

A large focus at Montevideo is non-fiction writing. The focus is on learning narrative, opinion, and informational writing. Students are assessed through the District Performance Tasks. These are all graded and analyzed. The staff strives to bring all students to the score of three or four on the district rubric.

At Montevideo we believe:

Every child can improve

Choosing a positive attitude helps

Success is achieved through hard work

All children have unique talents and abilities

We motivate students by recognizing their efforts

Encouraging accountability in our children takes teamwork

Excellence requires commitment, determination, enthusiasm, and support

## About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (949) 586-8050.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)**

We choose textbooks and instructional materials that are aligned to state-adopted content standards consistent with state-adopted curriculum framework content and cycles. This report includes a list of some of the textbooks and instructional materials we use at our school. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This report shows whether each student in each core course had sufficient textbooks or instructional materials that are consistent with the content and cycles of the state-adopted curriculum frameworks for those subjects.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Montevideo dates from 1973. The school has permanent and portable structures plus a multipurpose room, a library/media center, a food-service area, administrative offices, and extensive athletic fields. We use two portables for childcare before and after school. Seven portable buildings house supporting programs and are used by our Special Day Classes for extra therapies and play. All class-size averages are within state and district guidelines. Montevideo underwent a partial remodel during the summer of 2007. The full remodel was completed in 2008 and was funded by state and local bond money.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

#### School Facility Good Repair Status (Most Recent Year)

Year and month in which data were collected:

System Inspected	Repair Status			Repair Needed and Action Taken or Planned

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Results for All Students - Three-Year Comparison

Students with Disabilities	7	10	4

\* "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement

Parents on our SSC help approve our school's annual plan and budget expenditures. Our PTA, which always welcomes new members, is active in providing educational and family-oriented activities for all students. We also have an active volunteer program with participants who have been sharing their expertise with us for many years. Our staff welcomes parents into the classroom as volunteers. Please contact your child's teacher or the Montevideo PTA president at (949) 586-8050 to find out how you can be involved in your child's school experience.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

Our administration actively promotes a safe environment for all students and staff. We require visitors to sign in at the front office and wear identifying badges. All of our staff wear photo identification for added safety. Teaching staff and campus supervisors monitor playground, campus, and building safety. We train staff annually in our school Safety Plan and hold monthly safety drills. All of the staff of Montevideo have been trained on all water, gas, and electric shut off procedures in case of a disaster. Our Mountaineer Manners program encourages respect, responsibility, kindness, and school pride. We also participate in the City of Mission Viejo Community of Character program. Students attend a school-rules assembly in the fall, and each family has access to a Student Handbook outlining school, district, and state policies.

### Suspensions and Expulsions

School	11-12	12-13	13-14
Suspensions Rate	0.7	0.2	0.0
Expulsions Rate	0.0	0.0	0.0
District	11-12	12-13	13-14
Suspensions Rate	3.3	2.9	1.9
Expulsions Rate	0.1	0.1	0.2
State	11-12	12-13	13-14
Suspensions Rate	5.7	5.1	4.4
Expulsions Rate	0.1	0.1	0.1

\* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100.

**Types of Services Funded at Montevideo Elementary School**

The federal law known as No Child Left Behind requires that all schools and districts meet all three of the following criteria in order to attain Adequate Yearly Progress (AYP):

- (a) a 95-percent participation rate on the state's tests
- (b) a CDE-mandated percentage of students scoring Proficient or higher on the state's English/language arts and mathematics tests
- (c) an API of at least 740 or growth of at least one point.

**Professional Development provided for Teachers at Montevideo Elementary School**

We collaborate within grade levels and across grade levels in efforts to improve student achievement and instructional practices at our school. The district offers a variety of trainings and resources for teachers to grow professionally and exchange ideas with peers at other sites. Summer seminars are available, and teachers are often released during the school day to attend trainings.
