School Description

At San Joaquin Elementary School, we want our students to gain the necessary academic and social skills to lead full, productive, and meaningful lives. Our instruction emphasizes reading, writing, and mathematics. We supplement our daily instruction with programs funded through state and federal monies for disadvantaged students, instructional aides who help students master English, and extended learning time before and after school to help students develop powerful work habits. We offer 60 minutes of homework help, remediation, and extension four days a week at the Aliso Viejo Community Center at Iglesia Park, from February through May 2013. Over 20 senior citizens from Laguna Woods volunteer their time and expertise at our school.

We maintain high expectations for our students and ourselves. Our staff is dedicated to helping students perform their very best academically and make strong decisions socially. The teachers have begun using student data to make decisions about lesson design. We pride ourselves on being reflective of our practices, and we are always seeking new techniques and strategies to improve instruction and thus improve student learning.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (949) 581-3450.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

We choose textbooks and instructional materials that are aligned to state-adopted content standards consistent with state-adopted curriculum framework content and cycles. This report includes a list of some of the textbooks and instructional materials we use at our school. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This report shows whether each student in each core course had sufficient textbooks or instructional materials that are consistent with the content and cycles of the state-adopted curriculum frameworks for those subjects.

School Facility Conditions and Planned Improvements (Most Recent Year)

Our school opened in 1975. In recent years we have repaired or improved rest rooms, installed carpeting, and resurfaced the area under our playground equipment. We have also resurfaced the playground tarmac, and we installed a new kindergarten playground in October 2004. Our school has 13 portable classrooms and we completed modernization of our main building (20 rooms) in October 2007. Our rest rooms have been renovated with new tile, fixtures, and hand dryers.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

* "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Our PTA funds assemblies and the Art Masters program. Parents also volunteer as tutors and classroom aides. Please contact our PTA president, Tara Adams at (949) 581-3450 for information about joining.

Senior citizens contribute significantly to our school as part of an extensive volunteer tutoring program. Five parents are members of our SSC. Our community liaison works extensively to involve our Hispanic/Latino families in our many school activities and programs. She and an elected parent head our ELAC.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Our staff monitors students at all times, from 30 minutes before school until 20 minutes after school. Teachers, other staff, or paid playground aides supervise children during recess and lunch. We have a clean and safe campus, and we revise our school safety plan each fall. We also hold monthly evacuation drills, which include drop, cover, and hold, and lockdown procedures.

Suspensions and Expulsions

Types of Services Funded at San Joaquin Elementary School

The federal law known as No Child Left Behind requires that all schools and districts meet all three of the following criteria in order to attain Adequate Yearly Progress (AYP):

- (a) a 95-percent participation rate on the state's tests
- (b) a CDE-mandated percentage of students scoring Proficient or higher on the state's English/language arts and mathematics tests
- (c) an API of at least 740 or growth of at least one point.

Professional Development provided for Teachers at San Joaquin Elementary School

Our district has staff training throughout the year. Principals and the district office plan the topics for these days. Our entire staff or grade-level groups of teachers also meet monthly. The Leadership Team meets monthly to continue to lead the school in Data Teams through our professional learning community. Discussions include trainings, assessment, and examination of data. Recent staff development focused on English Language Development and Data Analysis.
