School Description

Trabuco Elementary School is beginning its 135th year of serving the community, and we are privileged to have both a historic heritage and a technological future. Research supports the importance of a positive partnership among parents, staff, and students in building academic success for all students. This partnership must reflect a strong commitment to student achievement, fostered by consistent communication and collaboration between school and home.

At Trabuco we believe that a school family should focus on success for all in a safe school environment. We believe in a challenging curriculum based on the new California Common Core State Standards and enhanced by fine arts, science and technology, and we maintain high expectations for behavior, responsibility, and citizenship.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (949) 858-0343.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

We choose textbooks and instructional materials that are aligned to state-adopted content standards consistent with state-adopted curriculum framework content and cycles. This report includes a list of some of the textbooks and instructional materials we use at our school. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This report shows whether each student in each core course had sufficient textbooks or instructional materials that are consistent with the content and cycles of the state-adopted curriculum frameworks for those subjects.

School Facility Conditions and Planned Improvements (Most Recent Year)

Trabuco was built in 1879 and is the oldest school in Orange County. We have updated and replaced buildings to create a site that supports Internet access and houses the Trabuco Field Study Program. In addition to wellmaintained classrooms, our site includes a corral and stables in keeping with community tradition. Our updated playground features safe and accessible play equipment. Funds from Measure B have allowed us to complete modifications and improvements to classrooms and student rest rooms.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Families are actively involved in all aspects of their students' experiences at Trabuco. The administration, staff, students, and parents share leadership responsibilities. Every month we send home school newsletters and PTA information, and every year we give families the Parent Handbook. School events, along with formal and informal conferences, offer continuing home-to-school communication. The School Site Council, materials adoption committees, the classroom volunteer program, and the PTA are a few of the opportunities available for parents interested in more formal involvement in the educational process. To volunteer, please contact our PTA president, Mrs. Marni Nagy, by calling our school office and leaving a message regarding your interest. We look forward to your support.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The Trabuco staff reviews and revises the site emergency plan annually. The district and PTA provide emergency supplies for all students and stores them on site. Staff members supervise the campus before and after school as well as during recess and lunch to ensure student safety. All visitors and volunteers are required to check in and out at the school office, and must wear visible tags for the duration of their visit to our school campus. The safety plan was shared with the PTA the first month of the 2014-2015 school year, ensuring them we have procedures in place to support all students in the case of an emergency.

Suspensions and Expulsions

School	11-12	12-13	13-14

Types of Services Funded at Trabuco Elementary School

The federal law known as No Child Left Behind requires that all schools and districts meet all three of the following criteria in order to attain Adequate Yearly Progress (AYP):

- (a) a 95-percent participation rate on the state's tests
- (b) a CDE-mandated percentage of students scoring Proficient or higher on the state's English/language arts and mathematics tests
- (c) an API of at least 740 or growth of at least one point.

Professional Development provided for Teachers at Trabuco Elementary School

The major area of focus for staff development is on student and teacher accountability through the data team process. Trabuco Elementary teachers attended the School Accountability for Instruction, Learning, and Leadership (SAILL) district staff training. Teachers further enhanced their instructional leadership by participating in the data team process training. This process informs instructional decisions with an emphasis on the effective use of materials for core curriculum areas and a review of student progress using student engagement strategies and common assessments. During the 2014-2015 school year, Trabuco Elementary's primary areas of focus will be academic vocabulary and integration of technology to enhance student outcomes in all academic disciplines. Teachers will participate in professional development delivered by the district, attending after school workshops and conferences and through lesson studies conducted on campus. Teachers will be supported by teacher-principal observation and follow-up meetings, student performance data meetings, and professional development by the principal, district, and outside sources.
