### School Description

Del Lago Elementary School is located in the City of Mission Viejo, a community of approximately 100,000 people, located in southern Orange County. Located in a master planned community, Del Lago first opened its doors in September 1980. This year, our learning community includes 24 classrooms with fully credentialed teachers who are supported by library and computer technicians, a school psychologist, speech and resource specialists, and a team of music, PE, and art support staff. Our current enrollment is approximately 600 students, distributed in twenty general education classrooms and three Special Education, Special Day Classes.

Del Lago has highly trained teachers and support staff, involved parents, and supportive business and community leaders who have made a significant difference at Del Lago through volunteer and financial support of school programs and equipment. Parent fundraising and volunteerism through our PTA help to underwrite technology equipment, fine arts experiences, hands-on science investigations, social studies simulations, library/media, performing arts productions, and assemblies. Community service projects are an integral part of student-supported activities.

The Del Lago community remains committed to high expectations for all children, including those from diverse cultural and linguistic backgrounds, those with gifted and talented abilities, and those with special needs. We believe that when all stakeholders are working together toward the same vision, the systems are in place for our students to reach their highest potential.

Our vision is to provide the highest quality educational experiences to enable all students to become contributing members of society. Students are empowered with the technical skills to succeed in our evolving world, the ability to think and express themselves clearly, and the values necessary to be responsible citizens. The Del Lago staff is committed to:

- providing a challenging, standards-based academic program.
- fostering success.
- providing a safe environment where children are free from physical as well as emotional harm.
- responsive communication.
- providing fun and enriching extra-curricular activities.
- developing a sense of family.
- setting high expectations for student behavior including Self-Control, Personal Best, Listening Attentively, Acting Safely, Showing Responsibility, and Having Respect.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (949) 855-1125 or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)**

We choose textbooks and instructional materials that are aligned to state-adopted content standards consistent with state-adopted curriculum framework content and cycles. This report includes a list of some of the textbooks and instructional materials we use at our school. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This report shows whether each student in each core course had sufficient textbooks or instructional materials that are consistent with the content and cycles of the state-adopted curriculum frameworks for those subjects.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Overall our facilities are well maintained and in good condition. Improvements in previous years included refurbished classrooms and a new parking lot and playground equipment. The main building includes 16 classrooms. The center of the main building is the new library and multi-purpose room. We have nine portable classrooms around the playground. Students eat outside at shaded tables; a small kitchen is adjacent. Our office and work areas sit off the breezeway entrance to the school.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

### B. Pupil Outcomes

#### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement

Our PTA is very active and supports our school through assemblies, the Meet the Masters art program, family fun activities, and fund-raising. The PTA meets bimonthly and the schedule is available at our school office. New members are always welcome. Parents are also welcome to volunteer in the classroom or special school activities. To find out how you can volunteer at our school, please contact our office manager, April Cherry, at (949) 855-1125.

#### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

#### School Safety Plan

District maintenance staff and our custodial staff inspect playground equipment regularly. Staff members supervise the playgrounds at recess and immediately before and after school. Students follow our playground safety guidelines. Monthly safety drills include fire and earthquake preparedness. We update our school safety plan each fall. We continue to emphasize our school-wide behavioral expectations at the start of the year and address them daily across the school. The playground supervisors are trained by the principal on these procedures prior to the start of school. Our clean, safe campus reflects our pride in ourselves and in our community.

### Professional Development provided for Teachers

We offer training seminars for our staff and faculty throughout the year. Teachers meet regularly in grade-level groups to review student work, plan instruction, and review teaching strategies. Teachers may take additional days for approved training.

### Types of Services Funded

Saddleback Valley USD has identified Goals and Actions/Services to support students to be college and career ready and to demonstrate the 21st century skills of critical thinking, communication, collaboration, and creativity.

Goal 1- Improve literacy in all content areas.

Goal 2- Improve student proficiency in all subject areas: English/Language Arts, mathematics, social sciences, science, visual and performing arts, health, physical education, world languages, and career technical education.

Goal 3- Improve access to, enrollment in and completion of a rigorous course of study.

Goal 4- Increase student engagement and parent involvement.

The District has implemented the following Actions and Services to support each Goal identified above:

- \* Develop and implement school site literacy goals for all students and specific goals for students in significant subgroups.
- \* Expand literacy intervention programs including prevention and early systematic intervention, appropriate materials, professional development and extended learning time options; provide focused support for students in grades 4-12 at the Intermediate Level of Proficiency at all school sites.
- \* Provide appropriate, current instructional materials.
- \* Provide staffing to support classrooms with Literacy Coaches/Academic Coach and ELD Coach.
- \* Support continued implementation of strategies for Designated and Integrated ELD.
- \* Expand intervention programs for at-risk students to prepare them for "a-g" courses.
- \* Expand Advancement Via Individual Determination (AVID).
- \* Increase the number of "a-g" approved courses and Advanced Placement/International Baccalaureate courses.
- \* Expand Counseling Services.
- \* Provide parent education regarding course pathways, graduation requirements, post-secondary opportunities, current academic standards; support parent participation and involvement in parent and advisory groups.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
