School Description

At Lomarena, we celebrate effort and achievement, and we clearly communicate our expectations to our students. We are committed to providing a well-rounded, challenging curriculum that meets all students' needs; helping students develop critical thinking and decision-making skills; ensuring a safe and caring learning environment; and promoting respect for diverse cultures, abilities, and talents.

Lomarena's program helps students become active learners who are skilled in literacy, mathematics, and critical thinking. Common Core curriculum combines explicit skills instruction with teaching that is embedded within meaningful contexts and applied to real-life situations. We are proud of our students, the school, and our community, and we strive to increase opportunities for everyone to join in our quest for excellence.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (949) 581-1370 or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

We choose textbooks and instructional materials that are aligned to state-adopted content standards consistent with state-adopted curriculum framework content and cycles. This report includes a list of some of the textbooks and instructional materials we use at our school. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This report shows whether each student in each core course had sufficient textbooks or instructional materials that are consistent with the content and cycles of the state-adopted curriculum frameworks for those subjects.

School Facility Conditions and Planned Improvements (Most Recent Year)

In the 2007–2008 school year, we completed full-scale modernization. Our renovated school facilities include computer pods within grade levels, a computer lab with 35 computers and Internet access, and a library located in the center of the school. We have a covered outdoor lunch area off the kitchen. The Learning Center is also on our campus for childcare.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Our School Site Council, which comprises parents and staff, approves our school site plan and makes some budget decisions. Parents involved in the English Language Advisory Committee (ELAC) help our staff make decisions about our programs for students learning English. Our parent organizations have helped us replace playgrounds, purchase books, computers, and software, provide the Art Masters program, and raise funds for other programs. The groups always welcome new members. To find out how you can contribute, contact the office at (949) 581-1370.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

We implement district-approved safety plans each year and integrate them into our site discipline and character education plans. Thanks to PTA assistance, we have an earthquake storage area that we restock annually with food, water, and first aid supplies. Our staff meets each September and October to discuss procedures for drills and real emergency situations including fire, earthquakes, and situations requiring school-wide lockdowns.

Gates and doors on our campus are locked throughout the school day. Visitors are expected to check in at our administrative office before entering our campus.

Professional Development provided for Teachers

We offer teacher training on staff development days and after school. This year our teachers focused on teaching strategies in reading and mathematics and on using electronic grade books to report grades on the Internet. Teachers meet regularly in grade level teams to review student work, plan instruction, and review teaching strategies. The district supports teachers in curriculum development and other areas.

Types of Services Funded

Saddleback Valley USD has identified Goals and Actions/Services to support students to be college and career ready and to demonstrate the 21st century skills of critical thinking, communication, collaboration, and creativity.

Goal 1- Improve literacy in all content areas.

Goal 2- Improve student proficiency in all subject areas: English/Language Arts, mathematics, social sciences, science, visual and performing arts, health, physical education, world languages, and career technical education.

Goal 3- Improve access to, enrollment in and completion of a rigorous course of study.

Goal 4- Increase student engagement and parent involvement.

The District has implemented the following Actions and Services to support each Goal identified above:

- * Develop and implement school site literacy goals for all students and specific goals for students in significant subgroups.
- * Expand literacy intervention programs including prevention and early systematic intervention, appropriate materials, professional development and extended learning time options; provide focused support for students in grades 4-12 at the Intermediate Level of Proficiency at all school sites.
- * Provide appropriate, current instructional materials.
- * Provide staffing to support classrooms with Literacy Coaches/Academic Coach and ELD Coach.
- * Support continued implementation of strategies for Designated and Integrated ELD.
- * Expand intervention programs for at-risk students to prepare them for "a-g" courses.
- * Expand Advancement Via Individual Determination (AVID).
- * Increase the number of "a-g" approved courses and Advanced Placement/International Baccalaureate courses.
- * Expand Counseling Services.
- * Provide parent education regarding course pathways, graduation requirements, post-secondary opportunities, current academic standards; support parent participation and involvement in parent and advisory groups.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
