### About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2011-12 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/). For additional information about this school, please contact the school administration at (510) 618-4460.

### School Description

#### Principal's Message

The purpose of Lincoln High School is to provide an alternative education setting for San Leandro Unified School District students to earn a diploma in ways markedly different than the comprehensive high school. Credit deficiency is the main reason students enroll in our continuation high school. We recognize that students have different reasons for being behind in credits (family problems, truancy, relocating, etc.) and that we must provide them with a non-traditional way of earning credits towards graduation. The staff at Lincoln High School works with students individually as young adults to help them gain academic focus, to gear them towards graduating and to prepare them for future scholarly and occupational aspirations. We have high academic and social expectations for all of our students and we encourage them to aspire to greatness.

#### District Vision Statement

The mission of the San Leandro Unified School District is to educate students to achieve and demonstrate academic excellence and become confident, collaborative and competitive in a global society, by utilizing state-of-the-art technologies and innovative teaching strategies within a well-maintained, secure learning environment, in a region rich in heritage and diverse in culture, where we value our traditions while welcoming change.

#### School Mission Statement

The mission of Lincoln High School is to provide an alternative educational setting where all students receive individualized support and experience success in a nurturing, comfortable environment that promotes respect, integrity and academic excellence.

#### Philosophy

We believe that everyone is capable of greatness and that is our responsibility to do whatever it takes to ensure the academic, social and emotional success of each student.

## School-wide Learner Outcomes

Upon graduation from Lincoln High School, students will:

Become lifelong learners by:

- Acquiring a variety of learning strategies
- Demonstrating knowledge of abilities, strengths and interests
- Possessing self-confidence in academic capabilities

Develop effective critical thinking and problem-solving skills by:

- Increasing performance levels on standards-based assessments
- Reading, writing and using mathematics at a high school level
- Utilizing essential skills for research and test-taking strategies

Strengthen personal character by:

- Speaking and listening effectively in academic, professional and public settings
- Valuing individual beliefs while allowing for compromise, risk-taking and collaboration
- Demonstrating punctuality, attendance, attitude, participation and productivity
- Practicing integrity, self-discipline, respect and compassion

Practice active citizenship and concern for others by:

- Negotiating conflicts, while understanding and respecting diversity
- Valuing and participating in service to the community
- Being aware of environmental, political and global issues
- Showing respect to self and others

## Opportunities for Parental Involvement

Parents and the community are very supportive of the education program at Lincoln High School. Parents may participate in orientation activities at the start of the new school year or as their student enrolls during the course of the year.

Lincoln High School has a school site council that meets periodically throughout the year to review the site plan and to discuss pertinent issues, curriculum and policies. Lincoln High School holds monthly parent workshops to involve families more in the education of their children.

## Contact Information

Parents who wish to participate in Lincoln High School's leadership teams, school committees, school activities, or become a volunteer may contact the main office at (510) 618-4460.

Science	9	7.3	17.3	3	4	3		0	0		0	0
SS	11	6.5	14	7	8	8		0	0		0	0

\* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area, English, Math, Science and Social Science (SS), rather than grade level.

### Suspensions and Expulsions

School	09-10	10-11	11-12
Suspensions Rate	24.24	56	26.47
Expulsions Rate	0	6	0
District	09-10	10-11	11-12
Suspensions Rate	21.57	18.68	17.75
Expulsions Rate	0.76	0.77	0.11

\* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

### School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The safety of students and staff is a primary concern at Lincoln High School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan is updated annually by teachers and classified staff, most recently in November, 2012. The key elements of the School Site Safety Plan include how to handle an emergency, staffing in an emergency, emergency procedures, and student/staff safety.

To ensure student safety, staff members supervise students at all times before and after school, and during breaks. Visitors are not allowed on campus without prior permission from the principal.

### School Facility Conditions and Planned Improvements (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

#### Year and month in which data were collected:

#### Age & Condition of Facilities

Lincoln High School was originally constructed in 1991 and is currently comprised of five portable classrooms, a mini-library, a staff lounge, a computer lab, and administrative offices. Upgrades and additions to the campus occurred in 1997 and 1998.

#### Cleaning Process

One part-time custodial staff member works daily to ensure that the cleaning of the school is maintained to provide a clean and safe school.

#### Maintenance & Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority to emergency repairs. At the time of publication 100% of Lincoln High School's restrooms were in good working order. The chart displays the results of the most recent school facilities inspection provided by the district. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been scheduled for repair or are in the process of remediation. With the passage of Measure B, modernization and renovation of the San Leandro schools has begun. For more information about Measure B, please visit the district's web site: [www.sanleandro.k12.ca.us](http://www.sanleandro.k12.ca.us).

#### Deferred Maintenance Budget

The State School Deferred Maintenance Budget Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating/air conditioning, interior/exterior painting, electrical systems, and flooring. For the 2012-2013 school year, the district allocated \$164,000 for the deferred maintenance program. This represents .22% of the district's general fund budget.

### School Facility Good Repair Status (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The Overall Rating (bottom row)

\* "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

### Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

Primary areas of focus for staff development include building strong relationships with students, improving students' literacy and test-taking skills, improving instructional strategies and equity. The areas of focus are determined through the WASC self-study, as well as input from staff, students and families and constant data analysis.

Teachers are given release time by the principal to observe other teachers and also to attend workshops and conferences. Staff development is supported for classroom implementation through BTSA (Beginning Teachers Support and Assessment) Support Providers and district instructional coaches.

The district supports staff development through three Professional Growth Days each year.

### Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: [www.cde.ca.gov/nclb/sr/tq/](http://www.cde.ca.gov/nclb/sr/tq/)

\* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

### Types of Services Funded (Fiscal Year 2011-12)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

San Leandro Unified School District spent an average of \$7,709 to educate each student (based on 2010-11 audited financial statements). The figures shown in the following table reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures. This calculation is required by law annually and compared with other districts statewide.

In addition to general state funding, San Leandro Unified School District receives state and federal funding for the following categorical, special education, and support programs:

- Federal, ECIA/ESEA/IASA (Title I)
- K-5 Class Size Reduction
- Economic Impact Aid (EIA)
- Peer Assistance & Review
- Special Education Master Plan
- Instructional Materials
- ROC/P Entitlement
- Tenth Grade Counseling
- Gifted & Talented Pupils
- School Improvement Program
- Special Education Transportation
- Drug/Alcohol/Tobacco Funds
- School Safety & Violence Prevention
- Title II Teacher Quality
- Title III English Learners
- Federal, Special Education, Entitlement per UDC
- Title IV Safe & Drug Free Schools & Communities
- Vocational and Applied Technology Education Act
- Federal, Special Education, Discretionary Grants

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2010-11)

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2012-13)**

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school’s use of any supplemental curriculum or non-adopted textbooks or instructional materials.

**Year and month in which data were collected:** December, 2012

San Leandro Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school’s instructional program.

San Leandro Unified School District held a public hearing on September 20th, 2011 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district-adopted textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. The most recent textbooks as of January 2012 are illustrated in the chart.

## Student Performance Data

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at [star.cde.ca.gov](http://star.cde.ca.gov).

STAR Results for All Students - Three-Year Comparison (A Composite of CST, CMA and CAPA)

H-SS			4	38	39	37	44	48	49

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## California Physical Fitness Test Results

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the Percent of Students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at [www.cde.ca.gov/ta/tg/pf/](http://www.cde.ca.gov/ta/tg/pf/).

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at [www.cde.ca.gov/ta/ac/ap/](http://www.cde.ca.gov/ta/ac/ap/).

API Growth by Student Group – Three-Year Comparison			
Group	Actual API Change		
	09-10	10-11	11-12
All Students at the School	26	-42	62
Black or African American			
American Indian or Alaska Native			
Asian			
Filipino			
Hispanic or Latino			
Native Hawaiian/Pacific Islander

Students with Disabilities			

### Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Academic Performance Index Ranks - Three-Year Comparison

### Federal Intervention Program (School Year 2012-13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: [www.cde.ca.gov/ta/ac/ay/tidetermine.asp](http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp).

### API Growth by Student Group - 2012 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2012 Growth API (API-G) at the school, district, and state level.

### Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

## Admission Requirements for California's Public Universities

### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information webpage at [www.universityofcalifornia.edu/admissions/](http://www.universityofcalifornia.edu/admissions/). (Outside source)

### California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU webpage at [www.calstate.edu/admission/admission.shtml](http://www.calstate.edu/admission/admission.shtml). (Outside source)

### Completion of High School Graduation Requirements

This table displays, by student group, the Percent of Students who began the 2011-12 school year in grade twelve and were a part of the school's most recent graduating class, meeting all state and local graduation requirements for grade twelve completion, including having passed both the ELA and mathematics portions of the CAHSEE or received a local waiver or state exemption.

### California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB. For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at [cahsee.cde.ca.gov/](http://cahsee.cde.ca.gov/).

**Career Technical Education Programs**

This section provides information about Career Technical Education (CTE) programs including:

- Programs and classes offered that are specifically focused on career preparation and or preparation for work
- How these programs and classes are integrated with academic courses and how they support academic achievement
- How the school addresses the needs of all students in career preparation and/or preparation for work, including needs unique to defined special populations of students
- The measurable outcomes of these programs and classes, and how they are evaluated
- State the primary representative of the district’s CTE advisory committee and the industries represented on the committee

Lincoln High School’s Career Technical Education programs provide a sequence of courses that furnish individuals with the academic, technical knowledge, and skills individuals need to prepare for further education and for careers in current or emerging employment sectors. The table displays questions and answers about student participation in Lincoln High School’s Career Technical Education (CTE) programs.
