About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2011-12 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at (510) 618-4320.

School Description

Principal's Message

Founded in 1917, McKinley School is the oldest elementary school in San Leandro. Our guiding vision is to make our school a joyful, stimulating place for students to learn, develop a sense of responsibility, and practice good citizenship. By building our Professional Learning Communities and providing on-going Staff Development, we continue to improve instructional practices. McKinley staff continues to differentiate instruction for our under achieving students, students with disabilities, and our English Language Learners. Our Teaching staff is committed to strategically monitor student progress, disaggregate data and assess student performance, to close the racial achievement gap. McKinley teachers provide culturally relevant teaching strategies, home language support, and enrich learning for our gifted and talented students.

At McKinley School, we have a unified focus: to nurture the unique strengths of each student so that she or he builds personal responsibility, reaches high levels of academic achievement, and contributes positively to society. Supporting all students in meeting these aspirations takes all of us: parents, educators and community members. This requires our collective commitment to a common roadmap, consistent follow-through, and a continuous improvement mindset. McKinley Elementary created an Instructional Focus Plan with our entire learning community, as a roadmap for accelerating learning and achievement for every student, without exception. It defines the "Four Pillars" of our educational improvement efforts in four areas: Standards-Aligned and Data-Informed Instruction, Culturally Responsive Teaching and Learning, Collaborative Professional Learning and Supports, and Safe Climate and Strong Relationships with Families and Community. By working in partnership with parents and community, McKinley Elementary School will nurture confident, responsible and capable learners.

We are proud at McKinley that the arts are an important part of the students' week. All students from first grade to fifth grade are provided art classes and TARI (Teacher Action Research Institute) lessons to enhance social and emotional growth by a professional art teacher. All fifth graders are involved in our instrumental music program and vocal music is offered to 1st - 4th graders. After school art classes are taught to grades 1st - 3rd by Miss Sam, who is also a professional artist and art teacher at McKinley. After School Math Intervention is taught by Mrs. Chapman our Resource Specialist, and Transitional Kindergarten Teacher, Lorena Montoya, both are bilingual and speak Spanish.

I am honored to be McKinley’s principal for my fifth year. I have family here, and I grew up in San Leandro. I speak Spanish and have a strong sense of community pride; I appreciate our cultural, linguistic, and ethnic diversity. McKinley has a dedicated staff, caring families, and motivated students, all who work closely together to create optimal educational experiences for all. It is my pleasure to serve your children’s educational needs, and provide them with the very best educational environment possible. I know your children will join me in a resounding, “GO EAGLES!”

District Vision Statement

The mission of the San Leandro Unified School District is to educate students to achieve and demonstrate academic excellence and become confident, collaborative and competitive in a global society, by utilizing state-of-the-art technologies and innovative teaching strategies within a well-maintained, secure learning environment, in a region rich in heritage and diverse in culture, where we value our traditions while welcoming change.

School Mission & Vision Statement

McKinley Elementary School’s mission is to provide all students with a rigorous instructional program that is aligned with the California State Standards, so that all students will reach their fullest academic potential, and successfully progress to middle school. Our vision is to administer best practices, provide equitable teaching strategies, on-going professional development, frontload all academic vocabulary, language and content California State Standards and continually commit to closing the racial achievement gap. We will frequently progress monitor our students by: DIBELS implementation, ongoing District wide Math, Language Arts and Writing Assessments, and state adopted core curriculum materials. Interventions will be matched to students' needs, while continuing to implement Reading Academy and Tiered Intervention. Our vision is to promote students onto middle school prepared to succeed.

District Profile

The mission of the San Leandro Unified School District is to educate students to achieve and demonstrate academic excellence and become confident, collaborate and competitive in a global society, by utilizing state of the art technologies and innovative teaching strategies within a well-maintained, secure learning environment, in a region rich in heritage and diverse in culture, where we value our traditions while welcoming change.

Opportunities for Parental Involvement

Parents and the community are very supportive of the education program at McKinley Elementary School. Parents may participate in many committees and activities, such as: the Parent Teacher Organization, English Language Advisory Committee (ELAC), School Advisory Committee (SAC), School Site Council, Parent Equity Program (PEP), Parent Volunteer Group (with over 70 active members!), Yard Supervision, Meet and Greeters in parking lot area and assisting with school wide events including but not limited to: Sing Along, Holiday Festival, School Carnival, Book Faire, Read Across America, Outdoor Education and school field trips.

McKinley Elementary School has several partnerships with local community organizations and companies, including Comcast, Davis Street Community Center, Girls Incorporated, Boys & Girls Club, Evergreen Nursery, Target, Walgreens, Wal-Mart, Cartridge World, Family Service Counseling and Resource Center, and the Safeway eScrip program.

School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The safety of students and staff is a primary concern at McKinley Elementary School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The McKinley School Site Safety plan was last updated November 14, 2012, at which time the Safety Plan was reviewed, updated and discussed with our School Site Council and faculty. The key element of the School Site Safety Plan entails emergency evacuation procedures. Fire and earthquake drills are conducted on a regular basis throughout the school year.

To ensure student safety, staff members supervise students from 8am to 3:10pm. Any visitors to the campus are required to sign in at the McKinley Office, and wear a Visitor's badge at all times. Volunteers are required to complete and have approved, a Volunteer Packet located in the McKinley Office, prior to providing volunteer services for our learning community.

School Facility Conditions and Planned Improvements (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: 09/27/2011

Age & Condition of Facilities

McKinley Elementary School was originally constructed in 1917 and is currently comprised of 23 permanent classrooms, twelve portable classrooms, a library, a staff work and break room, a multipurpose room, a computer lab, and one playground.

Cleaning Process

The principal works daily with two full-time custodial staff members to ensure that the cleaning of the school is maintained to provide for a clean and safe school.

McKinley Elementary was remodeled in 2000, which entailed new or upgraded classrooms and playground equipment. Recent renovations include the complete remodeling of the bathrooms, as well as the addition of four new portable classrooms which was completed in January 2009. New interior paint and lights completed in summer 2012.

Maintenance & Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority to emergency repairs.

Deferred Maintenance Budget

The State School Deferred Maintenance Budget Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating/air conditioning, interior/exterior painting, electrical systems, and flooring. For the 2012-2013 school year, the district allocated \$164,000 for the deferred maintenance program. This represents .22% of the district's general fund budget.

At the time of publication 100% of McKinley Elementary's restrooms were in good working order. The chart displays the results of the most recent school facilities inspection provided by the district. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been scheduled for repair or are in the process of remediation. With the passage of Measure B, modernization and renovation of the San Leandro schools has begun. For more information about Measure B, please visit the district's web site: www.sanleandro.k12.ca.us.

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

Teachers may receive assistance through the Peer Assistance and Review (PAR) Program. The PAR program uses exemplary teachers to assist permanent and beginning teachers in the areas of subject matter knowledge and teaching strategies.

Staff development is supported for classroom implementation through BTS (Beginning Teachers Support and Assessment) Support Providers and District Literacy Coaches.

The district supports staff development through three Professional Growth Days each year and Monday and Wednesday staff development on site. This year, McKinley is implementing Planned Learning Communities during Staff Development days to plan student instruction collaboratively. This school year, McKinley's Professional Development includes but is not limited to: Math, ELD and PLC Training, implementation of our Instructional Focus Plan, Data Wall Summit(s) to disaggregate student data and inform teaching practices, DIBELS and Illuminate Training, Beyond Diversity Training, Equity (E3) Training, District and Site level classroom visits to provide instructional coaching and support, Safe Schools and Anti-Bullying Training, and sharing our training this school year with all parent groups.

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: www.cde.ca.gov/nclb/sr/tq/

Types of Services Funded (Fiscal Year 2011-12)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

San Leandro Unified School District spent an average of \$7,709 to educate each student (based on 2010-11 audited financial statements). The figures shown in the following table reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures. This calculation is required by law annually and compared with other districts statewide.

In addition to general state funding, San Leandro Unified School District receives state and federal funding for the following categorical, special education, and support programs:

- Federal, ECIA/ESEA/IASA (Title I)
- K-5 Class Size Reduction
- Economic Impact Aid (EIA)
- Peer Assistance & Review
- Special Education Master Plan
- Instructional Materials
- ROC/P Entitlement
- Tenth Grade Counseling
- Gifted & Talented Pupils
- School Improvement Program
- Special Education Transportation
- Drug/Alcohol/Tobacco Funds

- Title IV Safe & Drug Free Schools & Communities
- Vocational and Applied Technology Education Act
- Federal, Special Education, Discretionary Grants

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2012-13)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instructional materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: December, 2012

San Leandro Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. San Leandro Unified School District held a public hearing on September 20th, 2011 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district-adopted textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. The most recent textbooks are illustrated in the chart.

The textbooks listed are from most recent adoption: Yes
Percent of students lacking their own assigned textbook: 0.0%

Student Performance Data

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Federal Intervention Program (School Year 2012-13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.
