About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at (510) 618-4320.

School Description

At McKinley Elementary School, we have a unified focus: to nurture the unique strengths of each student so that she or he builds personal responsibility, reaches high levels of academic achievement, and contributes positively to society. Supporting all students in meeting these aspirations takes all of us: parents, educators and community members. This requires our collective commitment to a common roadmap, consistent follow-through, and a continuous improvement mindset.

This Instructional Focus is our roadmap for accelerating learning and achievement for every student, without exception. It defines the “Four Pillars” of our educational improvement efforts.

Our first Pillar, Standards-Aligned and Data-Informed Instruction, ensures that all students will receive instruction that meets educational standards. We will hold every student to common high expectations and will guide their learning so that each student scales those heights.

Our second Pillar, Culturally Responsive Teaching and Learning, recognizes that different students learn in different ways; one size does not fit all. We see the diverse backgrounds of our students as valuable learning resources; therefore, we will build on those assets as we tailor our professional practices to our students’ cultural backgrounds.

Our third Pillar addresses our professional commitment to continuous improvement of our craft as educators. Through Collaborative Professional Learning and Supports, we build and sustain a community of effective professional practices.

Finally, our fourth Pillar recognizes that our school cannot do it alone! Success for our students also depends on a Safe Climate and Strong Relationships with Families and Community. This Pillar strengthens trust and communication among home, school and community.

By working in partnership with parents and community, McKinley Elementary School will nurture confident, responsible and capable learners.

District Vision Statement

The mission of the San Leandro Unified School District is to educate students to achieve and demonstrate academic excellence and become confident, collaborative and competitive in a global society, by utilizing state-of-the-art technologies and innovative teaching strategies within a well-maintained, secure learning environment, in a region rich in heritage and diverse in culture, where we value our traditions while welcoming change.

District Profile

San Leandro Unified School District is located in the City of San Leandro, which is situated 20 miles southeast of San Francisco. San Leandro is a friendly and diverse city with a colorful heritage and numerous cultural amenities including a 450-berth Marina, two golf courses and a large community library center. San Leandro is well-known for its quiet, well-defined neighborhoods full of charming and unique older houses on tree-lined streets. San Leandro residents are proud of both their neighborhoods and their city, which can be seen in their active involvement in the city's numerous neighborhood and homeowner's associations.

Opportunities for Parental Involvement

Parents and the community are very supportive of the education program at McKinley Elementary School. Parents may participate in many committees and activities, such as: the Parent Teacher Organization, English Language Advisory Committee (ELAC), School Site Council (SSC), Parking Lot Patrol, Copy Team, Coffee and Conversation Club, and assisting with school wide events including but not limited to: Sing Along, Holiday Festival, Beautification Day, Book Fair, Outdoor Education and school field trips. With our recently hired parent facilitator, we expect parental involvement to continue to grow.

McKinley Elementary School has several partnerships with local community organizations and companies, including Comcast, Davis Street Community Center, Girls Incorporated, Boys & Girls Club, Evergreen Nursery, Target, Walgreens, Walmart, Cartridge World, Family Service Counselling and Resource Center, and the Safeway eScrip program.

Contact Information

Parents who wish to participate in McKinley Elementary School's leadership teams, school committees, school activities, or become a volunteer may contact the main office at (510) 618-4320. Thank you!

School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The safety of students and staff is a priority at McKinley Elementary School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The McKinley School Site Safety plan was last updated November 14, 2012, at which time the Safety Plan was reviewed, updated and discussed with our School Site Council and faculty. The key element of the School Site Safety Plan entails emergency evacuation procedures. Fire, earthquake, and lockdown drills are conducted on a regular basis throughout the school year.

To ensure student safety, staff members supervise students from 8am to 3:10pm. All gates are locked at 8:30 each morning and any visitors are required to sign in at the McKinley Office. All adults on campus are required to wear ID while on campus. Volunteers are required to complete and have approved, a Volunteer Packet located in the McKinley Office, prior to providing volunteer services for our learning community.

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
 - Description of any planned or recently completed facility improvements
 - The year and month in which the data were collected
 - Description of any needed maintenance to ensure good repair
-

Year and month in which data were collected: 1/15/2014

Age & Condition of Facilities

McKinley Elementary School was originally constructed in 1917 and is currently comprised of 23 permanent classrooms, twelve portable classrooms, a library, a staff work and break room, a multipurpose room, a computer lab, and one playground.

Cleaning Process

The principal works daily with two full-time custodial staff members to ensure that the cleaning of the school is maintained to provide for a clean and safe school.

McKinley Elementary was remodeled in 2000, which entailed new or upgraded classrooms and playground equipment. Recent renovations include the complete remodeling of the bathrooms, as well as the addition of four new portable classrooms which was completed in January 2009. New interior paint and lights completed in summer 2012.

Maintenance & Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority to emergency repairs.

Deferred Maintenance Budget

The State School Deferred Maintenance Budget Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating/air conditioning, interior/exterior painting, electrical systems, and flooring. For the 2012-2013 school year, the district allocated \$164,000 for the deferred maintenance program. This represents .22% of the district's general fund budget.

At the time of publication 100% of McKinley Elementary's restrooms were in good working order. The chart displays the results of the most recent school facilities inspection provided by the district. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been scheduled for repair or are in the process of remediation. With the passage of Measure B, modernization and renovation of the San Leandro schools has begun. For more information about Measure B, please visit the district's web site: www.sanleandro.k12.ca.us.

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

As we transition to the Common Core State Standards (CCSS), professional development focuses on CCSS and on creating collaborative structures for teachers to support and learn from each other. These collaborative structures include a site leadership team that meets monthly to guide the school in a process of continual growth, grade level professional learning communities that meet to plan instruction, analyze assessment results, and determine intervention and enrichment activities, and two instructional innovator teams to be leaders in 21st century learning. There are weekly collaboration meetings where teachers meet in their collaborative groups, 13 after school staff meetings per year focused on school-wide instructional initiatives, and three full day professional development days. Furthermore, teachers are provided with additional hourly pay and release days for planning, learning, and observing each other.

Coaching for teachers is extremely important at McKinley elementary school and is provided through our Title 1 Coordinator/Coach, District Coaches, and BTS (Beginning Teacher Support and Advancement) mentors for our beginning teachers. The principal engages in regular classroom visits followed up with conversations around instruction.

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: www.cde.ca.gov/nclb/sr/tq/

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: December, 2012

San Leandro Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. San Leandro Unified School District held a public hearing on September 20th, 2011 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district-adopted textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. The most recent textbooks are illustrated in the chart.

Student Performance Data

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

California Physical Fitness Test Results

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the Percent of Students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at www.cde.ca.gov/ta/tg/pf/.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.
