## School Accountability Report Card

### Reported Using Data from the 2015-16 School Year

### Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2016-17)**

Mountain View Middle School is one of two middle schools in the Beaumont Unified School District. The current facility consists of twenty acres and opened in August of 2002. Mountain View currently has an enrollment of 1002 students in grades six through eight. There are 40 full time certificated teachers. This number includes five special education teachers. Mountain View has three full time counselors and three administrators. There are 17 classified staff that range from 3 to 8 hours per day.

Mountain View has a growing AVID program that works to prepare students for college and career pathways. In addition to a number of AVID elective class offerings, we are working to expand the program with AVID strategies being used in classrooms school wide.

In an effort to meet the individualized needs of all students, we developed "Encore" during the 2014-2015 school year. Encore provides intervention, acceleration, and enrichment opportunities within the confines of the school day. It encourages flexibility, data analysis, and collaboration between teachers with a focus on meeting the dynamic needs of all students. Mountain View was recognized by the Riverside County Office of Education as a 2016 Model of Excellence award recipient for our Encore program.

Mountain View Middle School, in cooperation with parents and the community, provides a safe and caring learning environment which will challenge and encourage the intellectual, physical, emotional and social capabilities of each student. In an effort to do so, the stakeholders at Mountain View have established three primary goals:

1. Mountain View Middle School will create a safe, welcoming, supportive and engaging teaching, learning and working environment for all stakeholders; students, parents, staff and the Beaumont community at-large. MVMS will provide dynamic learning opportunities for all stakeholders, collaborate with the district to maintain and improve facilities, implement an instructional program to support 21st century learning skills, and work to address the social-emotional needs of our students.
2. Mountain View Middle School will implement the California State Standards by participating in the design and review of Units of Study for all core content areas in an effort to increase: student achievement on all standardized test including CAASPP, the number of students who are college and career ready, and the reclassification rate for English learners. Dynamic learning opportunities will be used to increase student engagement and support the individual needs of all students.
3. Mountain View Middle School will ensure a positive climate and school culture for students by providing opportunities for them to build positive relationships and to access resources from Beaumont and the larger community while teaching the skills to be successful in college and career pathways.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

| Teachers   | School  |         |         | District |
|--|---------|---------|---------|----------|
|  | 2014-15 | 2015-16 | 2016-17 | 2016-17  |
| With Full Credential   | 41      | 41      | 40      | 388      |
| Without Full Credential  | 0       | 0       | 0       | 5        |
| Teaching Outside Subject Area of Competence (with full credential) | 0       | 0       | 0       | 0        |

### Teacher Misassignments and Vacant Teacher Positions

| Indicator                                      | 2014-15 | 2015-16 | 2016-17 |

| Vacant Teacher Positions                       | 0       | 0       | 0       |

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

### Core Academic Classes Taught by Highly Qualified Teachers (School Year 2015-16)

| Location of Classes              | Percent of Classes In Core Academic Subjects |   |
|----------------------------------|--|---|
|                                  | Taught by Highly Qualified Teachers          | Not Taught by Highly Qualified Teachers |

| All Schools in District          | 94.2   | 5.8                                     |
| High-Poverty Schools in District | 98.6   | 1.4                                     |
| Low-Poverty Schools in District  | 46.8   | 53.2                                    |

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)****Year and month in which data were collected:** 09/27/2016

Beaumont Unified held a public hearing on September 27, 2016, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom. Textbooks and other standards-aligned instructional materials are adopted according to a cycle developed by the California Department of Education, making the textbooks and standards-aligned instructional materials used in the school the most current available.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

Mountain View Middle was originally constructed on a 20 acre site in 2002 and is comprised of 27 permanent classrooms and 18 older portable classrooms. Three of the classrooms house computer labs. There is also a multi-purpose room/cafeteria, a library and two staff workrooms. Physical education facilities include locker rooms and a pavilion that covers a basketball court. Outside areas include eight asphalt basketball/volleyball courts, a grass play field with two softball backstops and an asphalt surfaced 400-meter track. A staff of three full-time custodians clean classrooms, library and multipurpose room as well as outside areas daily. The district governing board has adopted cleaning standards for all schools in the district. Summaries of these standards are available at the district office for review. District maintenance staff provide necessary repairs utilizing a work order process. Work orders are prioritized to ensure that emergency repairs and high priorities are addressed first. The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The “Proficient or Advanced” is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

**California Physical Fitness Test Results (School Year 2015-16)**

| Grade Level | Percent of Students Meeting Fitness Standards |                       |                      |

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2016-17)

Parents and other community members have a wide range of opportunities to participate in school activities, including: PTSA, New Student Orientation Night, Back-to-School Night, Open House, parent conferences, student recognition assemblies, school productions, concerts, athletic competitions and ASB activities. Parents are encouraged to chaperone or assist with all of the many activities and fundraisers. Parents, students or staff members interested in joining or participating in PTSA activities are encouraged to contact the school secretary. Each year, prior to the opening of school, parents are strongly encouraged by mail and telephone to attend Back to School Night. Parents meet their child's teachers and are provided a class syllabus along with other important information. This allows parents to be informed of class expectations and standards right from the beginning of the year. Open House is held shortly after first semester ends. Once again, parents are strongly encouraged to attend in order to personally pick up their child's report card and conference with each of their child's teachers. The School Site Council (SSC) brings parents, students, classified and certificated staff members and administrators together to provide critical feedback on the programs at Mountain View, while also playing the critical role of approving the categorical budgets of the school site. SSC meets the third Tuesday, every other month at 3:15 p.m. and all parents are welcome to attend. The English Language Acquisition Committee (ELAC) brings parents and school staff together to evaluate the programs and services for English learners. ELAC meets the first Wednesday of every other month at 5:30 p.m. beginning in October, and all are welcome to attend. Informational packets are sent via mail to all families prior to the beginning of school. Currently, parents have the opportunity to utilize Illuminate which gives them access to their child's schedule, attendance, completed and missed assignments, test scores and behavioral records. Educational Monitoring Teams (EMT) made up of student, parents, teachers and counselor are held for students who may need additional support through a coordinated effort to address academic or behavioral needs. A cooperative effort is made with various community agencies such as Police and Sheriff's Departments, Probation Department, Youth Accountability Team (YAT), Child Protective Services, Department of Social Services, and Department of Mental Health to coordinate activities for the benefit of students. Numerous representatives serve alongside Mountain View personnel on district level committees such as the District Advisory Council (DAC) and District English Language advisory Council (DELAC).

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### Suspensions and Expulsions

## School Safety Plan (School Year 2016-17)

Safety of students and staff is a primary concern at Mountain View Middle School. The school is in compliance with laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The Safe Schools Action Plan plan was last updated in October, 2016 by site staff and the School Site Council. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire or disaster drills are conducted on a quarterly basis throughout the school year. Mountain View maintains a closed campus with two full-time and two part-time campus supervisors providing supervision in addition to administrators and certificated staff. Gates are locked and visitors must have permission to be on campus. Visitors must enter and sign in through the office and wear visitor badges for identification. Mountain View utilizes a system called Raptor to ensure any visitors on campus are appropriately identified and monitored. Parents or other adults who wish to check students out of school must be listed on a student's emergency card and show proper identification. In addition, drug and contraband dogs regularly sweep the campus for illegal substances and explosive devices.

**Types of Services Funded (Fiscal Year 2015-16)**

In addition to general state funding, Mountain View Middle received federal funding for the following categorical program: Title I - These funds were utilized in a variety of ways. For example, new desktop computers continue to be purchased for each core academic teacher on a rotating basis so that they can utilize the extensive array of technology used to support instruction in the classroom, which includes interactive whiteboards and document cameras. An extensive after school tutoring program was funded. Funds from these programs were also used to provide extensive professional training for teachers to properly implement the new California State Standards. AVID strategies are a focal point of this professional training.

A comprehensive description of the school's activities to support students can be found in the Single Plan for Student Achievement.

## Professional Development (Most Recent Three Years)

---

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. This past year, teachers and support staff received training in strategies for implementing the California State Standards effectively, with emphasis on AVID strategies and instructional technology. Teachers also received instructional support from district instructional coaches. Math and ELA teachers received training for implementation of curriculum and instructional strategies based on the Common Core State Standards. Teachers new to the profession receive support through the Comprehensive Teacher Induction (CTI) program, via the Riverside County Office of Education. Counselors attended Career Education through the Pathways Program training.

The major focus areas for professional development at Mountain View are AVID (Advancement Via Individual Determination), PBIS (Positive Behavior Intervention Systems), effective use of instructional technology, and high impact instructional strategies. The ultimate goal of professional development is to enhance staff members' ability to provide the students with the necessary tools to be successful in all academic and professional endeavors. AVID promotes a college going culture on campus while using research based instructional strategies to engage students promoting rigor and high expectations for all. PBIS focuses on students learning the most effective way to interact with others, sets expectations for behavior relative to different settings/situations, establish a positive and supportive climate on campus, reinforces the value of relationships, and promotes a culture of respect and appreciation for all. Instructional technology has become a component of everyday life and it's effective use will allow students to access information, incorporate strategies to effectively evaluate that information, and learn to use technology as a tool in both academics and future professional opportunities. The focus on high impact instructional strategies allows all staff members to promote critical thinking, evaluation of information, collaboration, as well as the development, support, and the ability to refute an argument with evidence.

### Counseling & Support Staff

It is the goal of Mountain View Middle to assist students in their social / emotional development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure.

### Teacher Assignment

Beaumont Unified recruits and employs the most qualified credentialed teachers. For the 2016-17 school year, Mountain View Middle had 40 fully credentialed teachers who met all credential requirements in accordance with State of California guidelines.

Teacher misassignments reflect the number of placements within a school for which the certificated employee in the teaching or services position (including positions that involve teaching English Learners) does not hold a legally recognized certificate or credential. Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for the entire year.
