### VISION

Bemis Elementary School is a collaborative professional learning community that engages parents, staff, and students in rigorous and relevant instruction that ensures that every child will persist in their pursuit of academic success and positive social growth with responsibility and accountability.

### MISSION

The Bemis School Community will provide a safe and nurturing learning environment that empowers students with the skills necessary to succeed and meet the challenges of their future.

### School Profile

Levi Bemis Elementary, one of 19 elementary schools in the Rialto Unified School District, opened on September 10, 1966. Bemis operates on a modified traditional calendar. The school currently has 702 students enrolled in grades Pre-K to Grade 5. In addition, approximately 23 students are enrolled in a County Special Education Program.

Bemis students are approximately 80% Hispanic, 15% African American, 2% White, 1% Asian, and 3% representing other ethnic groups. According to the 2010 Language Census, 42% of the student population is comprised of English Language Learners, with 99% of English Learners speaking Spanish. Other languages spoken by Bemis students include Vietnamese and Cantonese. Twenty-five students were reclassified as Fluent English Proficient during the 2011-2012 school year.

Due to not making Adequate Yearly Progress in 2011 for the English Learner subgroup, Hispanic or Latino subgroup, and socioeconomically disadvantaged subgroup, Bemis entered Year 5 of Program Improvement. A Program Improvement Plan had been implemented to address these areas. Recently, Bemis transitioned into year 5 of Program Improvement, missing its AYP targets in ELA for all subgroups and math for all subgroups. The Program Improvement plan has been revised to improve academic achievement efforts this school year. Bemis receives Title I funding and operates as a school-wide Title I Program. Ninety-four percent of Bemis students qualify for either free or reduced lunch. Details of each of these resources are outlined in the school plan and the school's program improvement plan.

The Bemis teaching staff is comprised of 27 regular classroom teachers, 6 of which are GATE certified teachers, one RSP teacher, two SDC teachers, and one preschool/kindergarten SDC/CH teacher. All twenty-seven (27) certificated teachers are highly qualified. Two full-time custodians and one part-time custodian, as well as District grounds and maintenance staff care for the grounds. Also on staff part-time are a School Psychologist, Speech teacher and a Nurse. One 3-hour hour Bilingual Instructional Assistant was hired to provide direct services to English Learner students. The administrative staff consists of the School Principal and Program Specialist. Teachers and instructional assistants are also offered extra duty to provide assistance to students through individual and small-group instruction before and after school.

Students will attend 180 days during the 2013-2014 school-year. The district policy regarding the required number of daily instructional minutes is adhered to at Bemis Elementary and is as follows: Kindergarten is provided 201 instructional minutes; Grades 1-3 are provided 289 instructional minutes; and Grades 4 and 5 are provided 311 instructional minutes. There are 24 minimum days during the school year, with Kindergarten being provided 207 instructional minutes and 1st Grade through 5th Grade provided 246 instructional minutes. Minimum days are used for parent teacher conferences and grade level collaboration.

A Structured English Immersion (SEI) program is provided across the grade levels (K-5) for students classified as English Learners according to their most recent CELDT scores. English Language Mainstream (ELM) classes are also offered, with students appropriately placed in the appropriate instructional setting. The ELD program is delivered during an ELD block by CLAD and BCLAD credentialed teachers. A Language Development Block occurs simultaneously with the ELD block of time. The Bilingual Instructional Assistant works with students to support English Language Development and core content in a push in model and in small groups. The Leadership and teaching staff determine school-wide areas of focus for language development based upon grade level standards, data analysis, and research based instructional practice.

### About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at 909.820.7916 or the district office.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)**

Pursuant to the settlement of Williams vs. the State of California, Rialto Unified School District held a public hearing to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. The date of the most recent resolution of the sufficiency of textbooks is September 11, 2013.

All students, including English Learners, are given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district are aligned with the California State Content Standards and frameworks, with final approval by the Board of Education. The table displays information collected in November 2013 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Bemis Elementary School, originally constructed in 1966, is currently comprised of 18 permanent classrooms, 9 portable classrooms, administrative offices, a cafeteria/multipurpose room, a library, a staff lounge, play fields, and one playground. The chart displays the results of the most recent school facilities inspection as of December 2014. Any deficiencies listed in the chart are added to the work order process when time and funding is available.

#### School Safety

The safety of students and staff is a primary concern of Bemis Elementary School. All visitors to the campus must sign in at the office and wear a visitor's pass at all times. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among parent/guardian volunteers, teachers, and administrators. To further safeguard the well-being of students and staff, a comprehensive School Site Safety Plan has been developed by the School Site Council. The Safety Plan was most recently updated in March 2012; any revisions and updates are reviewed immediately with the staff. Key elements of the Safety Plan focus on the following:

- School rules & procedures
- Disaster procedures/routine & emergency drills
- Current status of school crime
- Notification to teachers
- Child abuse reporting procedures
- School-wide dress code
- Policies related to suspension/expulsion
- Sexual harassment policy
- Safe ingress & egress of pupils, parents/guardians, & school employees

The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills, including fire, earthquake, and code yellow are held monthly.

#### Cleaning Process

The school provides a safe and clean environment for students, staff, and volunteers. The District's Board of Education has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the school's custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

#### Maintenance & Repair

A scheduled maintenance program is administered by the school's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Rialto Unified School District to ensure that school grounds and facilities remain in excellent repair. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

#### Facility Improvements / Deferred Maintenance

The district has a five year, Deferred Maintenance Plan designed to address expenditures for major repair or replacement of existing school building components and any needed Facility Improvements. Typically this includes roofing, plumbing, heating electrical systems, interior or exterior painting, and floor systems.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2014-15 CAASPP Results for All Students			
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)		
	School	District	State
ELA	22	28	44
Math	14	17	33

\* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement

Parents/Guardians and the community are very supportive of the educational program at Bemis Elementary School. Parents/Guardians are encouraged to become involved in their child's education by volunteering at the school, participating in school activities, and joining school committees and councils. Parents/Guardians are also actively involved in Parent Institutes and attend the Annual Parent Summit.

The school benefits from an extremely active Parent Boosters Organization. The Boosters sponsors numerous fund raisers, awards programs, activities, and field trips. Community partnerships with Nestle, Ralphs, Superior Grocers, and Stater Bros. bolster the programs offered at Bemis.

#### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

#### School Safety Plan

The safety of students and staff is a primary concern of every School site. All visitors to the campus must sign in at the office and wear a visitor's pass at all times. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among parent/guardian volunteers, teachers, and administrators.

To further safeguard the well-being of students and staff, a comprehensive School Site Safety Plan has been developed by the School Site Council. The Safety Plan was most recently updated in March 2015; any revisions and updates are reviewed immediately with the staff. Key elements of the Safety Plan focus on the following:

- School rules & procedures
- Current status of school crime
- Notification to teachers
- Child abuse reporting procedures
- School-wide dress code
- Policies related to suspension/expulsion
- Sexual harassment policy
- Safe ingress & egress of pupils, parents/guardians, & school employees
- Disaster procedures/routine & emergency drills

The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills, including fire, earthquake, and Intruder on campus are held monthly.

### Types of Services Funded

- Title I, Part A, Educationally Disadvantaged Children
- Title II, Part A, Teacher/Principal Training and Recruiting
- Title III, LEP Student Program
- Title IV, Part A, Safe and Drug Free Schools and Communities
- Title V, Innovative Programs
- Economic Impact Aide (EIA) - Limited English Proficient

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Professional Development provided for Teachers

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated twice a year and tenured teachers are evaluated every other year.

Evaluations are conducted by the principal, who has been trained and certified for competency to perform teacher evaluations. Evaluations are based on the "California Standards for the Teaching Profession," which include the following: Engaging and Supporting all Students in Learning; Understanding and Organizing Subject Matter for Student Learning; Assessing Student Learning; Creating and Maintaining Effective Environments for Student Learning; Planning Instruction and Designing Learning Experiences for all Students; and Developing as a Professional Educator.

Due to the state fiscal crisis, additional funding from the State of California that would provide an opportunity to offer district-wide professional development through "Buy Back Days" has not been available for the past four years. Rialto Unified School District (RUSD) has worked within the state fiscal crisis to provide an alternative plan of action for staff development, and has established a comprehensive District-wide Professional Development Center (PDC). The PDC provides ongoing staff development in a variety of formats throughout the school year (i.e. during the school day with substitutes provided, after school, on-site, weekends, and during instructional breaks). In collaboration with the PDC, teachers have access to online videos and resources as additional professional development support.
