### **Principal's Message**

Eisenhower High School is committed to educating our students to the highest standard. The faculty and staff are dedicated professionals and paraprofessionals who work diligently to educate the total student. Our wonderful team is dedicated to providing a safe, productive atmosphere with high expectations for success. We will continue to develop the focus on learning for all students. Our staff makes every effort to maintain positive, open communication with parents/guardians and the surrounding community. Through our use of the automated Parent Link phone system, we can communicate with our entire school community clearly and effectively in both English and Spanish.

Eisenhower will continue to develop effective, productive PLC's (Professional Learning Communities) in all core areas. Teachers in each subject area will work collaboratively to develop effective instructional strategies and assessments in order to improve the instructional program and increase student achievement. We will continue building strong positive relationships with both students and parents to maximize the effectiveness of our efforts. The importance of increasing students' readiness to be college and career ready is emphasized. We provide students opportunities with a plethora of Advanced Placement classes as well as career technical classes. Interventions are also provided for students who are having difficulty academically or behaviorally.

### **Community & School Profile**

Nestled below the San Bernardino Mountains, the City of Rialto lies in the west portion of the San Bernardino Valley, due west of the County Seat. Rialto is sixty miles to the east of Los Angeles and 103 miles north of San Diego.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (909) 820-7777 or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)**

Pursuant to the settlement of Williams vs. the State of California, Rialto Unified School District held a public hearing to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. The date of the most recent resolution of the sufficiency of textbooks is September 11, 2013.

All students, including English Learners, are given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district are aligned with the California State Content Standards and frameworks, with final approval by the Board of Education. The table displays information collected in November 2013 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Eisenhower High School, originally constructed in 1959, has been thoroughly modernized over the past several decades. The campus is currently comprised of 112 permanent classrooms, 44 portable classrooms, a cafeteria, a band/choir room, a theater, a library, four computer labs, three staff rooms, tennis courts, a pool, four athletic fields, a gymnasium, and administrative offices. Currently, the science buildings are being renovated, and four science rooms are being revamped.

#### School Safety

The safety of students and staff is a primary concern of Eisenhower High School. All visitors to the campus must sign in at the office and wear a visitor's pass at all times. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among parent/guardian volunteers, teachers, and administrators. To further safeguard the well-being of students and staff, a comprehensive School Site Safety Plan has been developed by the School Site Council. The Safety Plan was most recently updated in March 2012; any revisions and updates are reviewed immediately with the staff. Key elements of the Safety Plan focus on the following:

- School rules & procedures
- Disaster procedures/routine & emergency drills
- Current status of school crime
- Notification to teachers
- Child abuse reporting procedures
- School-wide dress code
- Policies related to suspension/expulsion
- Sexual harassment policy
- Safe ingress & egress of pupils, parents/guardians, & school employees

The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills, including fire, earthquake, and code yellow are held monthly.

#### Cleaning Process

The school provides a safe and clean environment for students, staff, and volunteers. The District's Board of Education has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the school's custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

#### Maintenance & Repair

A scheduled maintenance program is administered by the school's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Rialto Unified School District to ensure that school grounds and facilities remain in excellent repair. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

#### Facility Improvements / Deferred Maintenance

The district has a five year, Deferred Maintenance Plan designed to address expenditures for major repair or replacement of existing school building components and any needed Facility Improvements. Typically this includes roofing, plumbing, heating electrical systems, interior or exterior painting, and floor systems.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement

Parents and the community are very supportive of the educational program at Eisenhower High School. Parents are encouraged to become involved in their child's education by volunteering at the school, chaperoning events, participating in school activities, and joining the School Site Council, English Learner Advisory Committee, and Parent Teacher Student Association (PTSA).

School-to-home communication is a primary focus of the school which provides opportunities for discussion regarding the educational program, as well as open forums to address parental concerns and the needs of the students. The school also offers Parent Meetings, which provide training for parents who wish to better assist their child's academic success.

Numerous programs at the school have been enhanced due to generous contributions and donations from the following local businesses and service organizations: Kiwanis, Lions Club, Rotary, Target, Grocery Warehouse, Wal Mart, Superior Market, Office Depot and Office Max.

#### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

#### School Safety Plan

The safety of students and staff is a primary concern of every School site. All visitors to the campus must sign in at the office and wear a visitor's pass at all times. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among parent/guardian volunteers, teachers, and administrators.

To further safeguard the well-being of students and staff, a comprehensive School Site Safety Plan has been developed by the School Site Council. The Safety Plan was most recently updated in March 2015; any revisions and updates are reviewed immediately with the staff. Key elements of the Safety Plan focus on the following:

- School rules & procedures
- Current status of school crime
- Notification to teachers
- Child abuse reporting procedures
- School-wide dress code
- Policies related to suspension/expulsion
- Sexual harassment policy
- Safe ingress & egress of pupils, parents/guardians, & school employees
- Disaster procedures/routine & emergency drills

The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills, including fire, earthquake, and intruder on campus are held monthly.

### Professional Development provided for Teachers

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated twice a year and tenured teachers are evaluated every other year.

Evaluations are conducted by the principal, who has been trained and certified for competency to perform teacher evaluations. Evaluations are based on the "California Standards for the Teaching Profession," which include the following: Engaging and Supporting all Students in Learning; Understanding and Organizing Subject Matter for Student Learning; Assessing Student Learning; Creating and Maintaining Effective Environments for Student Learning; Planning Instruction and Designing Learning Experiences for all Students; and Developing as a Professional Educator.

Due to the state fiscal crisis, additional funding from the State of California that would provide an opportunity to offer district-wide professional development through "Buy Back Days" has not been available for the past four years. Rialto Unified School District (RUSD) has worked within the state fiscal crisis to provide an alternative plan of action for staff development, and has established a comprehensive District-wide Professional Development Center (PDC). The PDC provides ongoing staff development in a variety of formats throughout the school year (i.e. during the school day with substitutes provided, after school, on-site, weekends, and during instructional breaks). In collaboration with the PDC, teachers have access to online videos and resources as additional professional development support.

**Career Technical Education Programs**

Eisenhower High School offers Info tech, Marketing, Fashion and Design, Hospitality, Transportation, Manufacturing, Health Science and Medical technology, Engineering and Architecture

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
