### **School Description**

La Mirada High School has a rich tradition of academic excellence. For over 50 years we have been sending our students to colleges and universities of their choice and preparing them for careers in the workforce. The Matador Scholar Academy (MSA) continues to provide a learning community that offers an honors/Advanced Placement (AP) path for those students who want to be challenged academically, well prepared for college, and who wish to earn college credit while still in high school. New AP courses are added on a regular basis with the most recent additions being AP Computer Science and AP Studio Art 3D. Our four academies also provide enrichment activities and specific academic focus to help students thrive in the high school setting. The APPLE academy prepares students for careers with children and the ACE academy provides future business leaders/entrepreneurs focused coursework and experiences in a global, competitive society. La Mirada has been awarded two additional grants that fund our newer Engineering and VAPA (Visual and Performing Arts) academies. Engineering students are focused on careers within the fields of math and science and VAPA students are provided a curriculum rich with art, dance, visual and performing arts, world music, video productions and graphic design. Our extracurricular activities, internships and clubs enrich our student lives and help them thrive in high school. We continue to provide a competitive and successful athletic program. Student athletes compete on twelve different teams, including football, baseball, wrestling, girls' softball, girls and boys' volleyball, soccer, basketball, track, tennis, and swimming at league, CIF, and state levels.

Despite state-wide challenges in rapidly decreasing enrollment, La Mirada continues to experience an increase in enrollment. To meet this challenge, our plan is to increase the scope of our academic classes as well as enhance Regional Occupational Program (ROP) offerings for students entering the workforce upon graduation. Parents, as well as the community at large, are vital to the success of all of our endeavors, and we invite you to join us for a new year of growth and accomplishment.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (562) 868-0431 or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement

We have many opportunities for parents to participate in the life of La Mirada High School. Traditional methods of parent involvement include PTSA, English Learners Advisory Committee (ELAC) and School Site Council (SSC). Other parent involvement opportunities include the Link Crew Committee that organizes special events for incoming ninth graders, a Graduation Committee, and a large number of booster clubs for our athletic teams and band. The Matador Scholar Booster Club was founded in 2012. The purpose of this group is to support our AP and Honors level students as well as students in the VAPA program. The PTSA works with our counselors to organize College Information Nights for parents and students. A group of parents write news articles for the parent newsletter, and all parents are encouraged to attend Back-to-School Night in the fall and Open House in the spring. We always need new volunteers! To find out more about becoming involved at our school, call the school office at (562) 868-0431, Ext. 3979.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

### School Safety Plan

The site administrators and our campus security monitor the grounds for half an hour before classes begin, throughout the entire school day, and for one hour after dismissal. A sheriff's deputy is stationed at LMHS and serves all the schools in the City of La Mirada. She is a welcome resource, and serves in the capacity of adviser to the school and as a liaison with the city of La Mirada. This relationship has greatly reduced the incidence of violence and drug possession at our school. La Mirada High School is a closed campus, and visitors must sign in at the office before entering campus. The School Safety Plan is revised annually by a committee that consists of school administration, teachers, support staff, school security, the school deputy, students and parents. The plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. We make the plan available on our school website and keep copies in the office for our parents. This plan is also shared with all staff during a school wide staff meeting. We practice regular emergency drills and hold trainings for staff on emergency preparedness. Recently, cameras were installed to monitor vandalism and theft. These deterrents have help reduce the acts of vandalism on campus, especially in the area of graffiti.

\* One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

**Professional Development provided for Teachers**

The focus of staff development at La Mirada High School falls under the following five categories: Common Core Implementation, Common Instructional Strategies, CAHSEE Intervention, Linked Learning and Advanced Placement Training. Common Core Implementation training is being implemented by a site team of teachers. This team consists of administration, a representative from the math, language arts, science and social science departments. As well as a career technical education teacher and a technology expert. The purpose of this team is to prepare our staff for the implementation of the new common core standards and to make sure we are prepared to administer the SBAC during the assigned testing window. Based on recommendations from our 2012 WASC visit, LMHS has developed three common instructional strategies: Focused note taking (Cornell Notes), summarization strategies (GIST) and Close Reading. These strategies have helped our students become more organized and better prepared for post secondary education. La Mirada High School's graduation rate is 97% and we attribute this to the hard work of our students and teachers. The majority of our students pass the CAHSEE on the first attempt (88% ELA and 89% Math). The LA 10 teachers work together during late start faculty meetings to design CAHSEE Prep lessons. These lessons are based on released CAHSEE questions and writing prompts. For the approximately 12% of students who do not pass on the initial attempt CAHSEE intervention programs have been designed by our language arts and math teachers. La Mirada High School is excited to be involved in the Linked Learning program that prepares students for both college and the workforce. We are in the initial research and planning stages of this program and look forward to fully implementing linked learning throughout our campus. Finally, Advanced Placement professional development is ongoing. LMHS offers 20 AP courses and requires that teachers of these courses be trained on a regular basis. The results of these trainings are evident in our AP results. The majority of our AP classes have shown steady growth over the past 3 years.

The methods of these professional developments occur in one of three ways: Late Start meetings - LMHS schedules two late start meetings a month. The majority of staff development takes place during late start meetings. After School professional development - teachers are often paid to attend after school trainings to discuss effective instructional strategies, especially in the area of common core implementation and CAHSEE intervention. Conference Attendance - the most often used professional development for advanced placement and linked is conference attendance.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
