School Description

Nuffer Elementary School has been serving children and families in the Norwalk community since 1952. With over 400 students, our vision is that “Nuffer Elementary has a school with an unrelenting focus on learning.” Our teachers and parents work together through our School Site Council (SSC), English Learners Advisory Committee (ELAC), and the Parent Teacher Association (PTA) to support our school’s vision, to implement and monitor programs, and to ensure that all students’ needs are met.

During the past four years, our school has increased its focus on learning significantly in an effort to get out of Program Improvement status. To keep students engaged and achieving at high levels, our teachers use a variety of instructional strategies and resources. Through a systematic approach to intervention, our teachers are able to respond and provide additional support to those students who are not meeting the standards or are struggling with grade level work. With over 140 students who are English Learners, every class provides 30-minutes of English Language Development (ELD) every day to help students easily access the core curriculum and master the California Common Core Standards. As a result of all of these efforts, we have made great gains in student achievement. Unique to Nuffer Elementary is our Joan Sander Memorial Unit, which is a building dedicated to the education and care of students with special needs. Our school is committed to helping all students with varying degrees of disabilities to reach their individual learning plan goals. We believe that all students can learn and show progress despite the various challenges they may face.

Regardless of which population of students we serve, Nuffer Elementary provides a safe and nurturing environment in which all students can learn and grow. We are committed to providing our students with a high-quality education; and we are confident that by the time our students leave our doors to promote to middle school, we will have prepared the whole child for success.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

We have many ways for parents to participate in the life of our school, and we depend on parents to keep our programs running smoothly. Parents can join our School Site Council (SSC), which works with the school to help monitor student progress and make program and financial decisions. Parents of English learners are encouraged to join our English Learners Advisory Committee (ELAC), which advises the principal and school about the instructional programs that help students with limited English improve their learning and achievement. The Parent Teacher Association (PTA) organizes school-wide fundraisers to sponsor assemblies, study trips, and special activities such as Red Ribbon Week and College Week. Parent volunteers are always welcome to help with special projects in the classrooms and chaperone field trips. We invite all parents to attend Back-to-School Night in the fall, Open House in the spring, and all parent-teacher conferences.

In order to assist parents in helping their children, Nuffer Elementary provides free parent workshops on topics such as parenting skills, family reading, nutrition, and much more. We believe that parents play an important role in their child's learning and school success. Parents can contact the Main Office for more information about how they can get involved.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

We have a closed campus that is fully fenced. Visitors must enter the school through the reception entrance and sign in at the office, where they receive a visitor's sticker to wear throughout their stay. The principal, supervision staff, and parent volunteers monitor the school grounds for 30 minutes before and after school as well as at all recess and lunch breaks. We revise our School Safety Plan annually; it was last revised in February 2016. The plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. We make the plan available in the office for parents. We share the plan with all staff during a school wide staff meeting. We practice emergency drills each month, which include fire, earthquake, and lockdown drills. The staff is trained on emergency preparedness in November and April. Teachers regularly review the rules for safe, responsible behavior in school and on the playground. We teach and enforce the principles of Character Counts. The staff also began collaborating on developing our Positive Behavior and Instruction Support Plan by aligning Character Counts expectations with our school-wide discipline. We also work closely with Norwalk Public Safety to ensure that students who demonstrate destructive behavior have the opportunity to work with a Safety Officer to redirect their behavior. Nuffer Elementary is a No Bully zone. Teachers are trained to address bullying appropriately, and the topic is continuously addressed with students through school assemblies.

Professional Development provided for Teachers

Almost two hours of Professional Development time is provided to teachers twice a month. During this time, teachers have worked with a consultant to focus on the Essential Elements of Effective Instruction (EEI) in order to implement schoolwide strategies that result in improved learning and achievement. The principal and the consultant visit classrooms regularly to provide feedback and reinforcement of skills. In addition to EEI training, teachers have also received training on instructional shifts that are needed to help students meet California Common Core State standards. With the support of Common Core Coaches, teachers learned new math and reading strategies such as Launch/Explore/Summarize and Close Reading. On a monthly basis, the principal and the English Language Development (ELD) Coach visits classrooms to provide feedback on ELD instruction. This additional ELD support contributed to the schools increase in reclassification rates. Based on iReady and CELDT data, the school will continue to emphasize professional development around Common Core instruction with more focus around reading intervention and writing development.

Types of Services Funded

Nuffer Elementary uses its funds to support and assist student learning. Given that Nuffer is a Program Improvement school, funds have been used to supplement professional development by hiring a consultant to train teachers on the Essential Elements of Effective Instruction. The intent of this training is to strengthen first good instruction in the classroom so that more students may be successful. For those students who are still struggling, instructional aides have been hired to provide research-based reading intervention to students for 40 minutes, four times a week. Additionally, a technology clerk has been hired to assist students with web-based intervention during both daily intervention blocks and weekly computer lab visits. Remaining funds are used to provide sub coverage for teachers who need additional time for professional development and for teachers who need to attend student success team meetings to ensure that students receive timely support.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
