School Description

Welcome to Moffitt Elementary School, where we are proud to create a climate and curriculum that ensures academic rigor and consistency in all grade levels from kindergarten to fifth grade. Our students receive a well-rounded education and we value creating a culture that is inviting to all. Our school is very involved and supportive of our District Literacy Initiative to improve learning for all students and the implementation of the new Common Core State Standards. In 2016-2017 our primary focus is the implementation of the California Common Core State Standards and the transition to the technology based CAASPP Assessments. In addition, our teachers implement reading strategies and techniques such as read aloud, shared reading, guided reading and independent reading with conferring in order to help students understand and make meaning of text. This learning crossed over into other areas of the curriculum such as math, writing, and history/social science to support student achievement.

Our mission is to improve student achievement through effective teaching practices, which we are constantly improving through staff development. We utilize district-trained literacy coaches who work collaboratively with the principal to ensure that all teachers are receiving training to implement effective teaching practices. We are proud that our students are demonstrating academic growth and are developing a deeper love of reading. We are also pleased to support our English Language Learners through the inclusion of ELD in our daily schedules. Our staff has also received additional training and professional development in the area and ELD and ALD provided through release time on site during the year.

The academic success and well being of students is at the core of our teaching. We are committed to developing our students into literate, problem-solving decision makers. We monitor and re-evaluate all programs yearly by reviewing and analyzing multiple sources of data. It is our goal and intent to ensure that all students are receiving a high-quality and equitable education in a positive and productive environment.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

2015-16 CAASPP Results by Student Group Science (grades 5, 8, and 10)				
Group	Number of Students		Percent of Students	
	Enrolled	with Valid Scores	w/ Valid Scores	Proficient or Advanced
All Students	79	78	98.7	24.4
Male	48	47	97.9	25.5
Female	31	31	100.0	22.6
Hispanic or Latino	70	69	98.6	23.2
Socioeconomically Disadvantaged	73	72	98.6	22.2
English Learners	28	27	96.4	11.1
Students with Disabilities	17	16	94.1	31.3

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Moffitt Elementary values our parents. We encourage active participation by all and ask our parents to support the success of our students by holding high expectations, participating in the educational process and participating in school wide events and activities. Our parents have the opportunity to participate in the decision-making process through the following school-wide committees: the School Site Council, ELAC, Student Success/CAPSS Team, PTA, and also as parent volunteers in the classroom. Committees focus on issues and strategies to align the School Plan with the California Common Core State Standards and to make recommendations or assess school and student needs. The Student Success /CAPSS Team meets monthly to discuss interventions and strategies for at-risk students and to assist teachers and parents with the student prior to formal assessment. Moffitt offered several parent education classes during the 2016-2017 school year. The principal also offered two trainings during the year, focused on Common Core Standards and SBAC Assessment. Parents are encouraged to attend Back-to-School Night, Family Nights, Open House, Playworks Olympics, parent-teacher conferences, and to serve as chaperones on study trips. For information about getting involved at our school, please call (562) 864-3071.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Providing a safe environment is a top priority for our staff. We maintain a secure campus. During the 2014-2015 school year, Moffitt's campus had a monitored security gate installed at the main entrance of the school. Once classes have started of each day, all gates are locked. Parents and visitors must use the gate entry system to gain access to the campus. Once on campus, all visitors are asked to report to the school's office to sign in and are given an identifying visitor's badge. Adult supervision is provided in the classrooms and outside areas before and after school, during recess and lunch, and during passing time between classes. Each year we review and revise our School Safety Plan, which meets state requirements as described in the California Education Code. The safety plan includes disaster procedures and procedures for safe entry and exit of students. The School Safe Plan is reviewed, revised and approved by our School Site Council. In addition, we share the plan with all staff during a school-wide staff meeting and make the plan available for review in the school's main office. We practice fire, earthquake and lock-down drills on a regular basis and hold training for staff on an as-needed basis. Teachers regularly review the rules for safe, responsible behavior in school and on the playground with students. In addition, the district office supports the school by reviewing and disseminating safety requirements and information, coordinating safety-related services, and providing training and assistance.

Types of Services Funded

During the 2016-2017 school year, Moffitt's professional development focused on the new common core state standards and new strategies to support the successful implementation of the California State Standards. Professional development focused on the Close Reading strategy for language arts and Launch-Explore-Summarize (LES) for math. Professional development was provided on site as well as at the district office. Common Core Coaches provided support to teachers during release time and after school planning sessions. Professional development was conducted two times per month during after school professional development workshops. Teachers were supported during implementation by Common Core Coaches in language art and math. In addition, Moffitt teachers were supported by a group of site common core lead teachers. Lead teachers participated in summer training and several release days during the year prior to and during our site implementation.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
