School Description

Welcome to Foster Road Elementary School. Our school has made great progress towards enriching student learning and focusing on individual student needs.

Our school includes preschool, TK and Kindergarten through fifth grade students and is part of the Norwalk-La Mirada Unified School District. It is a community center school located in a middle to lower class residential community in La Mirada. Foster Road is a unique school setting, which includes State and LA Up preschools on its campus as well as special education preschool and special education classes for severe and non-severe handicapped students. Our preschool staff, parents, and students worked together to create a garden, and it is maintained each year to create a quiet beautiful space for reading and learning. The garden is a valuable component of the school plan and builds the connections of community partnerships working together to enhance students' learning.

Foster Road Elementary involves all stakeholders in providing the best educational program for our students in a safe, nurturing environment that respects others and is conducive to developing well-balanced, lifelong learners.

We have staff members who organize our Accelerated Reader program to help improve our students' reading. Teachers have Book Buddies, which pairs upper grades with primary grades for weekly reading time. Special education students are mainstreamed with our regular education students, which fosters a more caring school climate that benefits all of our students. Our Title I program uses the Fast ForWord program for all students in second through fifth grade who test at Basic or below proficiency levels to improve their reading skills. In math, we have the i-Ready Math computer program for students in first through fifth grades who score below proficiency to help build up the students' math skills. The i-Ready Program is for first through fifth grades in both reading and math. The students take a diagnostic test three times a year, which gives the students their reading and math skill levels.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	49.0	44.0	44.0	46.0	48.0	50.0
Math	47.0	48.0	30.0	32.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	24.0	18.0	20.0

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

We have many ways for parents to participate in their children's education at our school, and we depend on parents' help to keep our programs running smoothly. Parents can attend our SSC meetings and run for office as a team member with teachers. The Site Council works with administration to help make student achievement decisions. Parents of English Learners are vital to our ELAC parent meetings and to our outreach efforts on behalf of new families. We have monthly parent meetings and trainings to help our parents improve their students' achievement skills. Each grade level provides three parent trainings throughout the year with topics specific to their grade level. Room parents organize parent volunteers to help with special projects in the classroom and chaperone on field trips. Through PTA fund-raisers, field trips are provided; "O" breakfast for "outstanding behavior", assemblies, and other special events throughout the year. We ask all parents to attend Back-to-School Night in the fall, Open House in the spring, and parent-teacher conferences in December and March, and our monthly parent trainings are on various topics. We always need and welcome new volunteers! For more information about participating at our school, please contact our office, your child's teacher, PTA board, or talk with the principal, Mr. Salvador Villagomez

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Teachers regularly review the rules for safe, responsible behavior in school and on the playground with their students and parents. Playgrounds are supervised by noon supervision aides at morning recess, lunch, and noon recess. Students enter school through the front gate of school, and preschool students enter through the gate at the other at the end of primary playground. The preschool gate is locked after their school day starts. The front gate is electronic for parents and visitors to check in at the office. Visitors must enter the school through the main gate and sign in at the office, where they receive a badge to wear throughout their stay.

We revise our School Safety Plan annually. The plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. Each year we continue to add more emergency supplies to our campus. We share the plan with all staff during staff meetings and with parents at our SSC meetings.

We practice fire and earthquake drills monthly, and district disaster drills twice a year. We hold trainings for staff on emergency preparedness. We work closely with the City of La Mirada and attend their meetings on disaster preparedness.

Professional Development provided for Teachers

Our staff development program has focused on the Literacy Initiative for Language Arts with a strong focus on vocabulary and writing skills. Our English Learners in the area of Math have entered into year 2 for program improvement. Teachers will continue to use CGI strategies to increase their math skills. Teachers will continue trainings focusing on vocabulary development to help our all students on writing strategies. Our staff development has equipped our teachers in authentic assessments, DRA assessments, early literacy skills, varied instructional strategies, integrated thematic lesson designs, second language acquisition approaches, brain research, and common core standards. Staff development is planned to align with school-wide goals and objectives as well as the curricular area identified by the school. Foster Road is focusing on improving students' writing by implementing the Six Traits and Lucy Calkins writing units. Staff development is planned to enhance the teachers' skills and help improve student achievement. The school leadership team, the school site council, bilingual advisory committee, and the school staff determine the areas of focus based on current data on student achievement. This summer the teachers attended MIT classes, the leadership team attended training on the common core standards, teachers attended the Lucy Calkins writing training, and teachers received training with the new ELD curriculum adopted this year.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded

The English Language Learner population at Foster Road makes up approximately 30% of our student population. We entered into year 2 program improvement in the area of mathematics for English Language Learners, Students in need of primary language support are placed in Sheltered English Instruction classes. All English Language Learners receive a minimum of 30 minutes daily of English Language Development Instruction.

The Fast ForWord program, a neuroscience approach to reading intervention, is being implemented for the Title 1 students in grades second through fifth. Students rotate into the computer lab at a scheduled time each day for 30-40 minutes. Some Fast ForWord students come before school to receive help with academics. First through fifth grade take the i-Ready Reading and Math diagnostic three times a year, and with the student data the teacher receives he/she can plan individual instruction to help the student achieve.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
