School Description

John Dolland Elementary School has three areas of focus this year. We are working towards ensuring all students have a strong foundation in reading to support their reading comprehension skills across all grade levels. This is done by providing a consistent reading program that monitors and tracks student's development in fluency and comprehension. Timely and effective intervention is provided when needed. In addition, classroom instruction in the area of math incorporates number talks and math talks daily as strategies that support the development of strong conceptual understanding of mathematical concepts. The final area of focus is in the area of academic discourse to help improve our student's English skills.

We offer a variety of continuous programs at our school. We provide medical services, including vision testing, hearing testing, and immunizations, as well as dental assistance to families through Health on Wheels. We also have a Bilingual Liaison of Community Affairs who helps connect students with individual and group counseling at the school site and family counseling and parenting classes (in English and Spanish). We have partnerships with affiliate agencies to provide more extended counseling and intervention support when needed.

In addition to our programs, our staff and families were also involved with various activities throughout the year. We took part in a Dr. Seuss Day celebration and Red Ribbon Week. Our students regularly do science experiments, resulting in still higher science scores on the state test for fifth grade. Dolland students also participated in weekly school wide Second Steps character building program. All of our students in grades 3rd through 5th participate in our schoolwide math fact contest and annual spelling bee!

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	36.0	48.0	44.0	46.0	48.0	50.0
Math	26.0	39.0	30.0	32.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	21.5	8.9	5.1

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**School Year 2017-18 CAASPP Assessment Results - English Language Arts (ELA)

Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents are invited to participate in the School Site Council, which works with administration to help make decisions pertaining to our students' welfare and school improvement. They are also invited to participate in the Parent Teacher Association, the English Language Advisory Committee (ELAC), Title I Parent Meetings, and to serve as classroom volunteers, field trip chaperones, and mentors. Dolland also offers parent classes in English, civics, parenting; our teachers present workshops for parents to support their students' achievement during the year.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Supervision aides monitor the school grounds for 30 minutes before and after school as well as at all recesses and lunchtimes. Schoolwide rules are reviewed weekly. Students are reminded in the Husky Weekly show to be safe, respectful and responsible across all areas of the school and on the playground. At the beginning of the school year and again in January, assemblies were held for each grade level to establish the school-wide rules and rewards system. We have a closed campus that is fully fenced. Visitors must enter the school through the main office entry door and sign in and out at the office, where they receive an apple sticker marked "Visitor" to wear throughout their stay.

We revise our School Safety Plan annually, and we are collaborating with the school district to align our safety plan and make it uniform across the district. The plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. We make the plan available to all staff and keep copies in the office for parents. We share the plan with all staff during a school-wide staff meeting. We practice either a fire drill each month and participate in a district-wide disaster drill once a year.

Professional Development provided for Teachers

In 2017-18, our major focus area for staff development was to continue to develop our practice with The California State Common Core Standards. Teachers received extensive training on recommended common core strategies such as close reading in ELA and launch, explore, summarize in Math. This focus was selected based on the need to build clear understanding and build rationale for the statewide transition. This focus was to ensure that all teachers were well prepared for the coming year as they embarked into full common core implementation. These training consisted of bi-monthly professional development sessions on minimum days in addition to full day grade level team planning days. Individual teachers received mentoring and coaching by the Principal and district's common core coaches to support the implementation of new common core curriculum and strategies. These strategies were also modeled by the coaches and principal to support implementation. To support teacher practice and implementation of these strategies, in class coaching and grade level team planning was utilized. In addition, during professional development days, student data results from iReady and other common formative assessment results were analyzed to determine next steps in professional development opportunities.

Types of Services Funded

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
