### **School Description**

Welcome to Morrison Elementary School. We are a California Distinguished School and a California Title I High Achieving School. Morrison has also been awarded the prestigious Golden Bell Award for closing the achievement gap with English-Language Learners using English Language Development (ELD) and Academic Language Development (ALD). Our mission is to provide a caring, positive, and safe learning environment where each child is encouraged to make safe, responsible, and respectful choices, and to develop the academic skills necessary to reach their maximum learning potential.

Students receive a rigorous academic program enriched by participation in the arts, especially music. Morrison has significant technology resources, which also support student learning. To achieve our vision for students, we support our staff members in the implementation of the Common Core State Standards to prepare students for college, career, and life. The standards clearly demonstrate what students are expected to learn at each grade level, so that every parent and teacher can understand and support their learning.

Parents are always welcome on the campus to participate in their child's education by reviewing homework and progress notes, volunteering in the classroom, attending school events and taking advantage of all the classes available to parents to further enhance the support given at home. Parents can help their children make the most of their education by sending them to school on time every day, by making sure that they are completing school and homework assignments, and by attending parent conferences. We believe that parents are our partners in providing a rigorous, quality education for our students. By working together, we can make a bright future for the children in our care.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	58.0	63.0	44.0	46.0	48.0	50.0
Math	47.0	54.0	30.0	32.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	27.5	20.6	6.9

\* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**School Year 2017-18 CAASPP Assessment Results - English Language Arts (ELA)  
Disaggregated by Student Groups, Grades Three through Eight and Eleven**

<b>Student Group</b>	<b>Total Enrollment</b>	<b>Number Tested</b>	<b>Percent Tested</b>	<b>Percent Met or Exceeded</b>

<b>Students Receiving Migrant Education Services</b>	--	--	--	--
<b>Foster Youth</b>	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

### **C. Engagement**

#### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### **Opportunities for Parental Involvement (School Year 2018-19)**

Parent educational classes are provided by PROedu. PROedu's mission is to inform parents and strengthen their skills as parents and leaders so they can play an important role in their children's lives.

The general curriculum content consists of three stages:

- Responsible Parenthood. Promotes parent's responsibility and commitment to create healthy family relationships.
- School Success. Informs parents and raises awareness about their involvement in their children's education.
- Responsible Leadership. Motivates/guides parents' leadership-advocacy in their family/community.

Parents are also provided training in the use of Internet programs such as i-Ready and Raz-Kids.

We provide opportunities for parents to have input through School Site Council, PTA and ELAC.

Morrison PTA, along with site staff, coordinates and integrates parent involvement activities such as Back-to-School Night, Open House/Family Picnic Day, College Week, Red Ribbon Week, Picture Day, and our 5th Grade Promotion Ceremony.

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**School Safety Plan**

In order to increase school safety, we have a campus that is fully fenced. Visitors and volunteers sign-in and wear badges during their visit. Many parents wait with their students outside the classrooms in the morning and pick them up at the classroom door after school. If parents notice anything problematic, they report it immediately to the office. Supervision aides monitor the school grounds for 30 minutes before and after school, at all recesses, at lunchtime, and during bus boarding and departing.

Teachers, staff and administration, regularly review with students the school-wide expectations for appropriate behavior. The three behavioral expectations are around safety, respect, and responsibility in school, class, and on the playground. Students will continue to be encouraged to display appropriate behavior through positive rewards such as verbal praise, citizenship awards, Dojo points, and participation in special grade level activities. We encourage students to improve their behavior, and to be great role models today and in the future. Discipline referrals are given when school-wide expectations for behavior are not followed.

We revise our School Safety Plan annually. The plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. Each teacher has a copy of the plan in the classroom along with an emergency bag. We practice emergency drills on a regular basis. The school safety committee inspects the school three times a year. After each drill and site inspection, the safety committee discusses what was noticed, and the Safety Plan is revised accordingly.

### Professional Development provided for Teachers

Writing is an area of focus at the district and school site level. The district selected communication skills through speaking and writing as an instructional practice priority. At Morrison, our previous student data reflected a need in writing. Therefore, our teachers will receive ongoing staff development from our consultant Jennifer Richter around the three genres of writing: narrative, informational and opinion/argumentative writing. Teachers are meeting bi-monthly within their grade level teams to implement the Professional Learning Community (PLC) Protocol in order to create SMART goals, rubrics, analyze student work and determine next steps for instruction.

Additionally, our Common Core leads will be trained by the District, around the instructional practice priorities: designing learning experiences that develop students' communication skills through speaking and writing, fostering meaningful and purposeful collaboration among students, and planning for rigor and relevance through effective lesson design. Through staff development, the Common Core site team will plan and share out the information provided by the District.

### Types of Services Funded

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
