### School Description

Welcome to Gardenhill Elementary School, where we have made great progress toward enriching student learning through the joys of reading and the experiences of successful writing. In 2019–2020, our staff continued to work together to provide many opportunities for students to engage in meaningful conversations about both fiction and nonfiction texts. In support of reading, our PTA gave each student a book at the holidays and our School Site Council (SSC) provided the funds needed for writing materials for our classrooms to support student access to the Common Core Standards. Our students also learned new strategies for how to structure their writing in order to become successful authors. Another special event at Gardenhill is our “PE with the Principal” program. Teachers acknowledge students for demonstrating the monthly character trait and students engage in physical activities with their peers and the principal. We feel that our focus on reading and writing is opening up new worlds of discovery for our students and provides them with the skills needed to be successful in the real world. We value reading at school and at home. We challenge our students to read more at home with many of the reading computer programs our school has to offer such as “RAZ Kids”, “Moby Max”, and “i-Ready.” We continued to deeply focus on math in 2019-2020 school year, participating in the data cycle and diving into Cognitively Guided Instruction (CGI) practices. Our staff was involved with the Cotsen Foundation where teachers received special training in different curricular area, and were able to work with the entire staff to share best practices to support student learning. Students are challenged to communicate, collaborate, create, and think critically about all subject areas.

We are continuing to provide our classrooms with more reading materials, and we are using assessment measures in order to better address the specific needs of our students. This provides our teachers with what they need to work more successfully with small groups of students. All students, K-5, participate in a minimum of two Project Lead the Way Modules, that focuses on engineering practices and the scientific model.

One of the programs we are very proud of at Gardenhill is our intervention program. Teachers analyze class work and assessments in their Professional Learning Communities, in order to provide students extra practice and support whenever needed.

We were thrilled to be selected as a 21st Century School. This allows Gardenhill to use technology: Computers, chrome books, apple tv's, and iPads as a tool to help students analyze and comprehend the Common Core Standards and to help students develop projects that reflect their knowledge of the standards. Additionally, we added apple TV's and monitors in all classrooms to enhance the work that students are looking at, creating, and sharing with their peers.

Gardenhill's PTA continues to be a strong presence at our site, where they are continuously looking for ways to support student programs, needs and supports. Family Nights, Community Events, and Students Programs are enhanced and promoted throughout the year. Our community is consistently involved and we welcome parents support and involvement at any level.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

##### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 18-19	School 19-20	District 18-19	District 19-20	State 18-19	State 19-20
ELA	74	N/A	47	N/A	50	N/A
Math	65	N/A	35	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2020-21)

We have many ways for parents to participate in the life of our school, and we depend on our parents to keep our programs running smoothly. We consider our parents as partners and rely on their volunteerism and community involvement in areas such as fund-raising, tutoring, teaching classes, mentoring and much more. We do require a background check and a TB test. However, the process is simple! Just pick up a volunteer application from the office today. Parents can join our SSC, where they work with administration and staff to help make financial decisions. Parents of English Learners are vital to our ELAC and to our outreach efforts on behalf of new families. Room parents organize volunteers to help with special projects in the classroom and chaperone on field trips. We provide field trips, special assemblies, and award programs through PTA fund-raisers. We ask all parents to attend Back-to-School Night in the fall, Open House in the spring, and parent-teacher conferences in November. We always need new volunteers! For information about how you can get involved, call Wendy Biddle, our PTA president, or Bessie Ramirez, our school secretary, at (562) 210-2840 in order to be more connected with the Gardenhill Community, or check out our website at [www.gardenhill.org](http://www.gardenhill.org).

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan (School Year 2020-2021)

At Gardenhill Elementary School we teach safety from the start of the new school year. Students are introduced to our monthly character traits, have a monthly character assembly, and are given "Caught Being T.R.R.F.C Tickets" for following our school rules. Staff and parent volunteers monitor the school grounds for 15 minutes before and after school as well as at all recesses and at lunch time. Teachers regularly review the rules for safe, respectful, and responsible behavior in school and on the playground. We have a closed campus that is fully fenced. Visitors must enter the school through the front office and sign in, where they receive a visitor's badge to wear throughout their stay.

We revise our School Safety Plan annually. The plan includes procedures for emergencies, exit routes, and inventory of emergency supplies. We make the plan available on our school website and keep copies in the office for parents. We share the plan with all staff during a school-wide staff meeting, and review throughout the year for updates or needs that may arise, and it is approved using input from our advisory committees. We practice fire drills monthly; lockdown drills three times a year, and an earthquake drill during the Great Shakeout once a year. We have a storage bin that houses school-wide disaster supplies, and each classroom has a backpack that holds emergency supplies.

#### Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	0.0	0.1	3.7	3.8	3.5	3.5
Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

#### Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions			
Expulsions			

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

#### D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

#### Ratio of Pupils to Academic Counselor (School Year 2019-2020)

Title	Ratio
Academic Counselor*	0

\*One full time equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

#### Student Support Services Staff (School Year 2019-2020)

Title	Number of Full-Time Equivalent (FTE)
Counselor (Social/Behavioral or Career Development)	
Library Media Teacher (Librarian)	
Library Media Services Staff (Paraprofessional)

### Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	18	18	

Wednesday afternoons are a busy time at Gardenhill Elementary School, and it is on our Wednesday shortened days that Gardenhill staff meets in grade level teams, and as a staff, learning and becoming better instructional leaders. Wednesdays are also a vital time for team planning. The primary areas of focus for Wednesday staff developments focus around three areas: Common Core Standards, Common Core Assessments (formative and summative), and STEM Education. Gardenhill teachers have spent many hours unpacking the Common Core standards during staff meetings and substitute days to make sure they understand the level of complexity needed and the skills and knowledge needed for students to meet the new standards. Additionally, NLMUSD has adopted a new Common Core Mathematics textbook (Houghton Mifflin Math Expressions), Benchmark Advance ELA curriculum, Step Up to Writing units, Lucy Calkin's Writing Units, and foundational K - 2 phonics materials. To ensure Gardenhill students are meeting grade level essential standards, Gardenhill grade level teams also meet every other Thursday as a professional learning community during the school day to analyze data, discuss which students have met the essential standard, and plan for our daily intervention block. We continue this cycle by writing SMART goals for our formative and summative assessments. Additionally, Gardenhill teachers are diving into Science, Technology, Engineering & Math (STEM) education using the Project Lead the Way (PLTW) Launch curriculum. 11 teachers were trained in the past in San Diego as PLTW lead teachers. Building level training took place with all K - 5 teachers, and we continue to develop our knowledge on project-based learning during the year and in the Next Generation Science Standards. Grades K - 5 students will have a minimum of two STEM modules each year. As you can see, Gardenhill values staff development, and we believe in learning and growing as professionals.

### **Types of Services Funded**

Gardenhill implements daily interventions in the Master Schedule to assist and support students. To help analyze student reading levels, teachers in grades K - 2 are provided a substitute teacher two times during the year to perform Developmental Reading Assessments (DRAs) on each student. This information is useful during our intervention component of the day. Technology programs which support our students in Reading and Language Arts include "Moby Max," "i-Ready" and "Scholastic Reading Counts" for Grades 3 - 5 and "RAZ Kids," "i-Ready," and "Reading Eggs" for K - 2. 12 Sessions of after school tutoring is also offered for our struggling EL students, Low SES students, and Foster Children by our Intervention Teacher. Finally, Gardenhill has chosen to implement Project Lead the Way, a STEM program, that integrates Science, Technology, Engineering and Mathematics in grades K-5. We feel it is important to be pioneers with the Next Generation Science Standards and to provide all students the opportunities to be scientists and engineers.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
