School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

Teachers	School 2017-18	School 2018-19	School 2019-20	District 2019-20
With Full Credential	15	16	15	57
Without Full Credential	5	3	3	3
Teaching Outside Subject Area of Competence (with full credential)	6	5	3	7

Teacher Misassignments and Vacant Teacher Positions

Indicator	2017-18	2018-19	2019-20
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	1	1

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: October 2019

The main fact about textbooks that the Williams legislation calls for described whether schools have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what the California content standards calls for. This information is far more meaningful when viewed along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more.

School Facility Conditions and Planned Improvements (Most Recent Year)

Our school is maintained in good repair, according to the criteria established by the Office of Public School Construction. Our deficiencies are minor ones resulting from common wear and tear and/or in the process of being mitigated. We scored between 89 to 100 percent on the 15 categories of our evaluation. With an overall average school rating of 8 categories at 97% (90-98.99%) and school rating of Good.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: December 24, 2019

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	
Interior: Interior Surfaces	Good	Stained ceiling tile in the office. Routine maintenance in Winter 2020 should address this issue.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	Room 16 needs to organize classroom. Principal and maintenance supervisor to address improvements in the Winter 2020 review.

System Inspected	Rating	Repair Needed and Action Taken or Planned
Electrical: Electrical	Fair	Clock not working in the nurse/kitchen area. Lights are out in Room 21 (computer lab). Broken clock in Room 13. Routine maintenance in Winter 2020 should address this issue.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good	Room 20 (computer lab) has some fountains with low pressure. Routine maintenance in Winter 2020 should address this issue.
Safety: Fire Safety, Hazardous Materials	Good	
Structural: Structural Damage, Roofs	Good	
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	
Overall Rating	Good	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	42	46	43	45	50	50
Mathematics (grades 3-8 and 11)	21	24	25	27	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2018-19)

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Family: The Bill E. Young, Jr. Middle School uses site and various community resources to assist students and their family. The School Site Council/ English Learner Advisory Committee receives reports on overall student assessment results in all academic areas and communicates the results to the entire school community. The SSC/ELAC also advises on the improvement of school programs. The principal and categorical counselor maintains a proactive relationship with families to promote student achievement and regular school attendance. Their efforts include home visitations and personal communications. The family is kept informed about school activities, calendar of events, and academic progress on a regular basis via school-to-home communications throughout the year through the school website, Facebook, monthly calendar, Newsletter, Parent Notices & Reminders, and emails. School also provided several parent workshops on Internet Safety, use of parent portal, and curriculum resources.

School: BYMS students are provided an agenda planner at the beginning of the school year to provide them with school procedures and assist them in their academic endeavors. The Site Plan for Student Achievement serves as a guide for site staff to coordinate state and federal programs that support student achievement.

District: BYMS collaborates and coordinates support services for student achievement with district staff on an ongoing basis. District Centralized Services staff provides technical assistance for state accountability, as well as staff professional development to support a standards-based core curriculum. The district board and administration will ensure that BYMS participates in all state standards-based assessments.

Community: BYMS works closely with community agencies to provide information to address the diverse needs of all students. Community organizations are able to promote their community events on campus. Little League, 4-H, and PAL are among the many programs that utilize BYMS resources.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

It is Bill E. Young Middle School's goal to provide a safe, learning environment in which all students have access to a rigorous, grade-level curriculum and support for student growth and success.

We adhere to the three core beliefs that form the underpinnings of providing a safe school:

1. Everyone deserves to be respected, no matter their ethnic background, their age, their gender, their abilities.
2. Students, staff, parents, and community members have a stake in the school's success and a role to play in keeping it safe.
3. The school plays many roles and functions, it is a place to learn, a multi-service center that provides student and community services well beyond the traditional school day and beyond the scope of academic learning, a place where staff takes pride in their work and knows that they make a difference.

BYMS implements a strong and active Character Education Program and promotes student involvement and achievement, through school sponsored programs, recognition, enrichment and supplemental programs. The After School Program helps to provide a safe and learning environment for students after school hours. Implementation of WEB, (Where Everyone Belongs), trained student leaders to help mentor and transition 5th graders, to help reduce student conflicts, and improve student attendance. BYMS began schoolwide implementation of the Second Step Middle School SEL (Social Emotional Learning) classroom/grade-based program as part of our school's efforts to create a safer, more respectful learning environment that promotes school success for all. The program is designed to increase students' school success and decrease problem behaviors by promoting social-emotional competence and self-regulation. It teaches skills that strengthens students' ability to learn, have empathy, manage emotions, and solve problems. The program targets key risk and protective factors linked to a range of problem behaviors. The program is underpinned by the latest research in adolescent brain development and social psychology and has been refined through multiple pilot programs in classrooms throughout the country. Instead of scripted lectures, the program is dynamic, with relevant discussion-based content that offers practical skills and concepts for situations both in and out of the classroom. Lessons will include videos of real kids touching on issues applicable to their daily lives. School purchased a new security camera system to provide greater monitoring of campus and school cafeteria. Fire and disaster drills are held regularly and as prescribed by law with emphasis of locking down and reunification of students with parents. School has well established procedures and supports that ensure schools safety which include Staff Campus Supervision schedule for before and after school, campus designated loading and unloading zones, assembly protocols and procedures, cafeteria protocols and procedures, voice over internet protocol phone system, security alarm in all classrooms and campus buildings, all phones access to outside lines, requiring guests to sign in and out of office, maintenance staff available on site until 6 p.m. and staff training in CPR, Child Abuse Mandated Reporting, and SIMS/NIMS federal disaster response. In addition, our school has developed a collaborative working relationship with local agencies (Calipatria Police Department, Calipatria Fire Department, IC Sheriff Department, IC District Attorney Office, IC Behavioral Health, ICOE, Calipatria Fire Department) to ensure a safe and orderly school and neighborhood.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			30

In coordination with the District, the staff at the Bill E. Young, Jr. Middle School site has several opportunities for staff development. A weekly staff planning day each Wednesday is designed for school site staff training, district articulation opportunities, and grade level planning. Bill E. Young, Jr. Middle School staff have prioritized this time to sustain training on Character Education, Site Discipline, EL goals, calibration of instruction to grade-level standards, and developing standards-based assessments. The school site principal serves as a site liaison to coordinate district wide and when necessary site-based staff development opportunities. An annual district wide professional development survey is conducted to assist the district in planning and prioritizing professional development training. In addition, progress monitoring of student achievement lends itself to the utilization of data to drive changes in instructional practices to improve student achievement. Staff is trained to support new and current current curriculum, especially in math and English Language Arts/ELD. ELA and Math staff utilize the adopted curriculum's assessment tools and site quarterly benchmarks in all subject areas. In addition, ongoing training to support state testing, common core standards and technology use in instruction and learning. Opportunities to train staff to utilize technology in the classroom are supported to provide additional learning experiences for students and when necessary, provide differentiated instructional services. Training in 2018-19 is focused on math. Mathematics Professional Development Plan is ongoing and is being coordinated by ICOE. The training consisting of 3 full days and 8 half days will include: three major shifts in California framework, incorporation of 8 key practices, scope and sequence, CAASPP assessment targets, engagement and interactive number talk, pedagogical strategies to build conceptual understanding and thinking, building rigor, real world applications, analysis of SB blueprints, use of interim assessments, lesson modifications, formative assessments, and embedding 21st Century Learning Skills.

Bill E. Young, Jr. Middle School staff has prioritized grade level planning as an integral component to the district's Wednesday planning block. Staff is also encouraged to attend conferences and workshops to support the overall curriculum practices at the site. Time is allotted for teachers to share knowledge from conferences and training with other teachers at the weekly planning meetings. Master schedule is designed to facilitate common prep period for all grade 5 and 6 staff.
