Principal's Message

Barnett Elementary School opened in September 1992. Nestled among the oaks in the center of a residential neighborhood, the site was designed to complement the natural surroundings and provide a beautiful setting for learning. Just over 500 students attend Barnett and range in grade from transitional kindergarten to sixth. The students represent varying demographic groups including significant populations of White, Hispanic, Socioeconomically Disadvantaged students, and smaller subgroups of Students with Disabilities and English learners.

With a wide variety of backgrounds and learning needs, teaching and learning have never been more challenging or exciting than today in our classrooms. At Barnett, we are focused on implementing the most effective, research-based best practices to inspire independent learners and critical thinkers. A commitment to the district-wide instructional goal guides our work:

“All students construct learning through relevant and rigorous tasks that demonstrate standards based speaking, reading, writing, creating and problem solving.”

Barnett Bobcats are on the learning path to become self-regulated learners who know and understand what they are learning, why they are learning it, and how they know when they've learned it well. The new state standards include knowledge and skills needed for students to graduate college and be career-ready. More emphasis is placed on teaching and learning higher level skills and we regularly check progress to ensure our students are moving towards their learning goals. Students are learning the meaning of our school mission, “Learning is my responsibility, whatever it takes,” by discussing and practicing the qualities of a good learner. Learning is hard work and we understand that when we are challenged to think, we learn and grow. We employ several strategies where research shows increased student achievement when students can articulate the learning intentions, use success criteria to determine how well they are learning, and determine their place in the learning continuum to define next steps. In addition, teachers work with students to set personal goals for their learning and are providing specific instruction and learning activities on a daily basis.

Teacher collaboration is a critical strategy in planning for rigorous work and creating systems to support all students in their learning. With positive feedback from district administration, Barnett PTA, and our School Site Council, Barnett continues in its vision of regular teacher collaboration in support of student learning through a weekly Compact Day. Instructional minutes are strategically divided throughout the week extending the school day four days a week and dismissing students earlier on the Compact Day.

Parents provide critical support for student learning at Barnett. We are fortunate to have so many parents volunteering to support students in the classroom, but also coordinating many fun activities and programs for our students and their families. The school boasts a PTA enrollment of over 200 members and sponsors events and activities that include art instruction and docents for all classes, an after school running club, parent/child dances and events, holiday family events, art and science nights, school plays, and educational assemblies. Their fundraising events earn funds to support those activities and provide the school with resources like technology, instructional supplies, and playground equipment to enhance our learning environment. School Site Council parent representatives provide input and monitor our site plan for student achievement. Additionally, some of our parents attend community meetings to represent the interests of our children in community planning that may impact our school.

Parents and teachers work together in support of learning at Barnett. When we each take responsibility in our partnership, our children benefit with a clear, consistent message and support system for their learning. We commit to strong collaboration as that binds us together as a learning community. At Barnett, "Learning is MY responsibility, whatever it takes!"

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Each school within the Ramona Unified School District is carefully maintained to ensure that campuses are safe and clean. With the completion of multiple recent building projects at various campuses, the District has continued to provide outstanding campus environments for our students which provide for high-quality educational programs. In addition to the District's maintenance department which performs everyday maintenance on over 165 buildings, the District also utilizes its deferred maintenance budget which allows for additional funding to maintain various items, including flooring, roofs, walls, windows, and other major systems within the buildings.

School Facility Good Repair Status (Most Recent Year) Year and month in which data were collected: November 2018		
System Inspected	Repair Status	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	
Interior: Interior Surfaces	Poor	Flooring and ceiling tiles need to be addressed.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	
Electrical: Electrical	Good	
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Fair	Faucets were loose, urinals did not flush and sinks were not working properly in all restrooms.
Safety: Fire Safety, Hazardous Materials	Good	
Structural: Structural Damage, Roofs	Fair	Roofs repairs are needed throughout the campus.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Poor	Playgrounds need softfall and the fence around kinder playground needs repair.
Overall Rating	Fair	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	60.0	58.0	52.0	51.0	48.0	50.0
Math	43.0	43.0	38.0	37.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	31.1	36.5	

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Students with Disabilities	38	34	89.47	14.71

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents have many opportunities to be involved at their children's school site (for example, special events, fundraising events, parent organizations, and in classrooms) and at the district level (for example, district councils/committees, and special events). We encourage parents to support their children at home by making school a priority, sharing clear expectations about school, and creating a positive homework and learning environment.

Barnett Elementary School offers many opportunities for parent involvement, which is one of the school's strongest assets. On any one school day, 25 or more parents are on campus providing support to the school. The Parent Teacher Association (PTA) is open to all parents, legal guardians, and relatives of a child attending Barnett, as well as all faculty and staff. The objective of the PTA is to support academic achievement for Barnett students through enrichment programs that enhance academics and citizenship. PTA's success helps to support many school wide programs, including Art, Red Ribbon Week Events, computer lab and PE equipment, classroom materials, all of which provide opportunities for parent involvement. Other opportunities encompass volunteering in the classrooms, media center, and the computer lab. School Site Council (SSC), composed of elected parents and staff, meets regularly overseeing the Single Site Academic Plan and expenditure of grant and categorical monies. Barnett is committed to strong collaboration with parents, as that binds us together as a learning community.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Barnett Elementary School places a strong emphasis on the safety of students and staff. The emergency plans are frequently reviewed by teachers, staff, and parents to ensure that they reflect the latest research and best safety practices. The last comprehensive review of the plan was in Spring 2018. This committee works to identify potential safety hazards and create a workable Disaster Plan. Annual training on procedures and drills for intruders, fire, bus evacuation, and earthquakes are held at a variety of times and circumstances to help ensure that everyone on campus knows what to do under any circumstance. Fire drills are conducted on a monthly basis and each classroom has backpacks and buckets containing items necessary in the event of an emergency. All who visit our campus are required to check in at the office and wear a visitor badge for easy identification. All staff wear school ID badges as well. Principal, secretaries, health clerk, lead custodian and campus safety officers all carry walkie-talkies for immediate communication.

Professional Development provided for Teachers

Ramona Unified School District is dedicated to providing ongoing and sustainable professional development to its administrators, teachers, and paraprofessionals. In order to effectively implement the new state standards and enhance instructional delivery across the district, our educators participate in professional development at the site, district, and county level. The primary focus of this year's professional development is in the following areas:

- ELA/ELD State Standards
- Mathematics State Standards
- Next Generation Science Standards
- Instructional Focus Leadership/Improvement Science
- Social-Emotional Learning
- Technology Integration

Types of Services Funded

We believe all students can learn, and we recognize that all students learn and retain information in different ways. For students with differing learning styles or disabilities, RUSD has a wide variety of intervention programs. The District provides regular education, categorical programs and additional educational opportunities designed to help all students meet or exceed grade-level standards and to prevent students from falling behind. Federal categorical and additional educational opportunities are funded through the Elementary and Secondary Education Act, which was reauthorized in 2015 as the Every Student Succeeds Act. These programs include, Title I (English Language Arts and Mathematics support); Title II (Improving Teacher Quality); Title III (support for English Language Acquisition). State funding provides supplemental dollars so the District can provide additional service to unduplicated count students, including foster youth, English language learners, homeless youth, and students of low income families. RUSD offers a wide variety of alternative education programs and settings, including the Ramona Community campus which houses the Ramona Community Montessori School (TK-6) and Mt. Valley Academy (TK-12 School/Home Study); Future Bound (7-12 off campus Independent Study); and Montecito Continuation High School (9-12).

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
