Principals Message

Welcome to Hanson Elementary!

The Hanson Elementary School staff promise each of our families to provide the highest quality of Standards Based instruction to all students and to hold students, parents, and each other to the highest standards of performance. We shall accept no limits on the learning potential of any child. Teachers create serious classroom learning environments focused on grade level standards and provide families with feedback on each child's progress through online grades, progress reports, and conferences.

Staff collaborates regularly with colleagues to seek and implement more effective strategies for helping each child to achieve his or her academic potential. We continually review our instruction in the classroom using assessment data and quick checks for understanding and to modify instruction when needed to ensure student understanding of the lessons.

The Hanson staff identifies and meets the individual learning needs of each child both in the classroom as well as during an additional instruction time called Response to Intervention. During this focused instructional time every student receives additional Reading and Language Arts instruction specifically targeted to meet his or her needs. Students will continue with instruction, be given a new learning goal, or move groups depending upon their successes. Hanson teachers work closely with the Imagine Learning and DreamBox programs which provides computerized lessons and tutorials for each child based upon his/her individual MAP score. The teachers use assessments within the program based upon current standards based instruction. If a student experiences problems with a new concept he/she will be assigned additional lessons within Imagine Learning or DreamBox to help him/her better understand what the teacher is teaching.

Hanson staff promise each of our families to do whatever it takes to ensure that your children achieve or exceed grade level academic expectations.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Each school within the Ramona Unified School District is carefully maintained to ensure that campuses are safe and clean. With the completion of multiple recent building projects at various campuses, the District has continued to provide outstanding campus environments for our students which provide for high-quality educational programs. In addition to the District's maintenance department which performs everyday maintenance on over 165 buildings, the District also utilizes its deferred maintenance budget which allows for additional funding to maintain various items, including flooring, roofs, walls, windows, and other major systems within the buildings.

External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Fair	Some of the playground equipment is broken and needs replaced.
Overall Rating	Fair	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Hanson Elementary has an active Parent Teacher Association (PTA) with growing numbers of newly involved parents. We have over 100 regular parent and community volunteers working in the classrooms or helping with special events. Our School Site Council (SSC) includes parents whose children receive support services from a variety of categorical programs. We also have an English Learner Advisory Committee (ELAC), which is enjoying greater parent participation and involvement. We welcome parents to share their special interests and skills in club activities for our students, and we invite parents to contact our volunteer coordinator throughout the school year.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The purpose of our School Safety Plan is to have procedures in place to ensure the safety and well-being of our students in the face of natural disasters and other threats to campus security. Student safety is our first priority. We have worked with and received training from law enforcement, fire protection, and Safe Schools trainers over the past few years to ensure a viable, comprehensive and practiced School Safety Plan.

The School Safety Plan is reviewed yearly receiving input from parents and staff on the School Site Council. Hanson has an emergency evacuation plan that addresses all emergency situations. The emergency plan is shared with parents throughout the school year at English Language Learner Parent meetings, Parent Teacher Organization meetings, and School Site Council meetings.

Professional Development provided for Teachers

Ramona Unified School District is dedicated to providing ongoing and sustainable professional development to its administrators, teachers, and paraprofessionals. In order to effectively implement the new state standards and enhance instructional delivery across the district, our educators participate in professional development at the site, district, and county level. The primary focus of this year's professional development is in the following areas:

- ELA/ELD State Standards
- Mathematics State Standards
- Next Generation Science Standards
- Instructional Focus Leadership/Improvement Science
- Social-Emotional Learning
- Technology Integration

Types of Services Funded

We believe all students can learn, and we recognize that all students learn and retain information in different ways. For students with differing learning styles or disabilities, RUSD has a wide variety of intervention programs. The District provides regular education, categorical programs and additional educational opportunities designed to help all students meet or exceed grade-level standards and to prevent students from falling behind. Federal categorical and additional educational opportunities are funded through the Elementary and Secondary Education Act, which was reauthorized in 2015 as the Every Students Succeeds Act. These programs include, Title I (English Language Arts and Mathematics support); Title II (Improving Teacher Quality); Title III (support for English Language Acquisition). State funding provides supplemental dollars so the District can provide additional service to unduplicated count students, including foster youth, English language learners, homeless youth, and students of low income families. RUSD offers a wide variety of alternative education programs and settings, including the Ramona Community campus which houses the Ramona Community Montessori School (TK-6) and Mt. Valley Academy (TK-12 School/Home Study); Future Bound (7-12 off campus Independent Study); and Montecito Continuation High School (9-12).

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
