School Description

Evergreen Elementary School is not just a neighborhood school; it is a community. Our vision states, "In collaboration with all vested members of our school community, we consistently work to achieve academic excellence for all students, celebrate and appreciate our students' diversity, promote a positive school climate, and maintain an emotionally, intellectually, socially, and physically safe school environment." Over the past sixty years, we grew from being the flagship school of the district to the largest of fifteen elementary schools of Evergreen School District. A school more than 60 years old often shows its age. However, Evergreen underwent a significant renovation in 2010 that added nine new classrooms, a state of the art multi-use room and upgraded landscape, giving the whole campus a more modern look and feel. Evergreen Elementary School will also build a new Science, Technology, Engineering, Art and Math (STEAM) classroom within a year.

We serve 777 students from transitional kindergarten to sixth grade. Just as the population of California has changed over the past sixty years, Evergreen School's population has also changed. The ethnicity of our school population includes 38% Asian Indian students, 19% Vietnamese and 17% Chinese. The balance of ethnicities represented on our campus comprise American Indian or Alaskan Native, Japanese, Korean, Laotian, Cambodian, Tahitian, Filipino, Hispanic, Black or African American and White.

A range of staff that includes certificated teaching staff, classified staff, School Psychologist, Speech Pathologist, Marriage and Family Therapist, Resource Specialist, English Language Assistant, Occupational Therapist, Instructional Coach, and Adaptive Physical Education Specialist, serve, educate, and support the children of Evergreen School. These staff members support the development of all aspects of student academics. Equally important to an academically successful student is one that is taught and nurtured emotionally, socially and physically. Having these many specialized resources on campus affords us the opportunity to educate the whole child.

Just as the California State Board of Education (SBE) made the decision of adopting the Common Core State Standards (CCSS) in 2010, Evergreen School transitioned to a new principal. What an overwhelming challenge, yet an amazing experience, for a new principal. The principal led the charge to bring change to a school where California's standards were hailed for their rigor, and set high expectations for all students who achieve those goals. Together, with the Instructional Coach, the teachers participated in professional development that increased capacity for helping students achieve proficiency with CCSS and 21st century skills.

Our experienced teaching staff shows a positive growth mindset in their approach to the Common Core State Standards. They examine and implement strategies necessary to teach the new standards and skills using collaboration, creativity, critical thinking and communication (the four C's). These skills prepare students to act as successful global citizens of the 21st century. Our teachers especially hold to the belief that students need a strong educational foundation. They strive to make sure each student holds the basic skills needed for success in their academic future. For those students that struggle to achieve grade level standards expectations or who experience difficulty fitting in socially, staff members create a safety net with a variety of interventions.

The natural roles between staff and parents play equally in educating the whole student. The parents and community members highly value teaching the whole child. While they engage at different levels, most families choose to support their child at home and assist them with homework, making sure the student receives proper nutrition and sleep, and gets to school on time. A weekly newsletter, school-wide emails, and reminders on the brand new state-of-the-art marquee in the front of the school inform parents of school events. Teachers communicate with parents through emails, telephone calls, in-person conferences and updates on progress through progress reports, and trimester report cards. Parents volunteer on field trips, in the classroom, and transport baggage to science camp for fifth grade students, and as Parent Teacher Association (PTA) Executive Board Members. Many parents also spend time on campus as full-time volunteers to support our staff.

Our staff and community work each day to uphold our values. We encourage, promote, and foster the inclusion of differences. Students use the four C's to demonstrate academic excellence. Parents and teachers help foster positivity. Staff and students embrace differences and errors for their ability to help us learn and grow. We model coping skills, and support problem solving with warmth and care.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Evergreen School District held a Public Hearing on October 9, 2014, and determined that each school within the district has sufficient and good quality textbooks and instructional materials pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the district must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Trustees. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. The table displays information collected in September 2014 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. The district does not have a formal textbook adoption for Health or for Visual and Performing Arts.

School Facility Conditions and Planned Improvements (Most Recent Year)

Evergreen Elementary School was originally constructed in 1955. School facilities are currently comprised of 19 permanent classrooms, 13 portable classrooms, psychologist/speech office, day care room, computer lab, library, cafeteria/multipurpose room, kitchen, staff lounge, conference room, stage, and two playgrounds.

The district passed a facilities bond measure in 2006 that will allow for future modernization. As a result of this bond, Evergreen Elementary School has recently completed major construction. Nine new classrooms have been added, the new parking lot has been completed, and the new multi-purpose room serves hot lunches to our students on a daily basis as well as provides additional space for extra curricular activities. In 2013 the multi-use/library conversion was completed resulting in an enhanced library and computer lab for student and staff use. The chart displays the results of the most recent facilities inspection.

Cleaning Process:

Evergreen Elementary School provides a safe and clean environment for students, staff, and volunteers. The district has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the school's custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair:

A scheduled maintenance program is administered by Evergreen Elementary School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the district to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

Deferred Maintenance Budget:

The State School Deferred Maintenance Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. In the Budget Act of July 2009, the State Legislature provided school districts with flexibility in using these funds to meet general fund needs. In an effort to mitigate the effects of declining state revenues, the Evergreen School District has taken advantage of this flexibility. The district will utilize bond funds and other appropriate sources to ensure its facilities are clean, safe and in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

The staff values the importance of families and community in the academic, social, and emotional success of our students. Parents participate in the Parent Teacher Association (PTA), the School Site Council (SSC) and the English Learners Advisory Committee (ELAC). Parent volunteers frequently visit classrooms, facilitate small groups, help with clerical tasks, assist in the computer lab, or chaperoning field trips. Parents meet on campus to plan and prepare community activities and fundraisers.

Our parent-led ABC Reader program improves the climate on our campus. Parent leaders train other volunteers monthly on program curriculum. Volunteers plan and deliver lessons in each classroom once a month. Because of this program, students, staff, and community share common vocabulary about bullying and school climate.

One of our core values is embracing differences on our campus. International Day is an annual event that PTA hosts. This event encourages family involvement, and gives students a positive cultural identity. The PTA recruits volunteers to create a booth that displays information about different countries. Many booths include a taste of native food and a craft project. Each student gets a stamp in a passport book. Once filled, they receive a small prize. An entertaining World Showcase Talent Show concludes the event. The show includes cultural dances, music and song. Families leave International Day with a sense of pride and value as an important member of the Evergreen School family.

PTA plays a vital role supporting students and staff. They host a welcome back to school breakfast, and a direct donation drive that supports the staff's work during the school year. The funds support teacher budgets, technology on campus, assemblies, field trips and several other initiatives. The PTA assists with supporting the purchase of library resources. They also encourage community building through activities such as bi-monthly movie nights and end of the year school carnival.

Without the Evergreen parent and community support, the staff would not be as successful in supporting the students' academic, social, and emotional needs.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is a primary concern at Evergreen Elementary School. Students are supervised before school, during recess, and after school by teachers and principal. Lunch supervision is provided by noon-duties. All visitors to the campus must sign in at the office and wear a visitor's pass at all times during their stay on school grounds. There is also a designated area for student drop-off and pick-up at the front of the school.

The Comprehensive School Site Safety Plan was last reviewed and updated in the first part of 2017. All revisions to the plan are immediately communicated to classified and certificated staff.

Key elements of the Safety Plan focuses on the following:

- School rules and procedures
- Sexual harassment policy
- Child abuse reporting procedures
- School-wide dress code
- Policies related to suspensions and expulsions
- Disaster procedures/routines and emergency drills
- Safe ingress and egress of pupils, parents and school employees

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and safe earthquake standards. The school's disaster preparedness plan includes steps for ensuring students and staff safety during a disaster. Fire, disaster, and lock down are conducted on a rotating basis throughout the school year.

Professional Development provided for Teachers

Staff members build teaching skills and concepts through participation in conferences, staff meetings, on campus staff development opportunities, off site workshops throughout the year. The focus of our on site staff development this year is continue to build our grade level PLC's, and preparing for our STEAM lab using STEMscopes.

- Title II, Staff Development
- Title III, Limited English Proficient

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
