School Description

John J. Montgomery continues to move forward with the implementation of programs and best teaching and learning strategies to offer a well balanced 21st Century educational experience for all students. The ultimate goal is to prepare students to be college and career ready. Montgomery teachers take part in intense grade level collaborations and Professional Learning Communities weekly and receive ongoing professional development to support high levels of teaching and student learning. It is our goal that all students receive a personalized educational experience that fosters students educational, social, emotional and physical individual learning needs meanwhile offering educational opportunities where students communicate, collaborate, think critically and are creative.

Two-way communication is a powerful link in our home/school partnership. In addition to traditional means of staying connected with our diverse community, we rely on our technological resources for communication. Let us know how you wish to become a part of the Montgomery School community.

School Mission Statement:

We, the staff of John J. Montgomery School, are committed to the processes of fostering a personalized educational experience where students academic, social emotional and physical health individual learning needs are met meanwhile offering opportunities where they communicate, collaborate, think critically and create. We value the importance of every child succeeding and understand the importance of keeping all students on track towards mastery of the Common Core State Standards.

School Vision Statement:

John J. Montgomery Elementary School relies on the commitment of our entire school community to develop and build a shared vision towards a 21st Century Learner. We collaborate as teams to ensure we are maximizing teaching and learning. Our vision stays current because staff and parents have developed a bond through participation in Kindergarten Orientation, Parent Teachers Association (PTA), family academic events; Science Fair; enrichment and intervention program support, and the development of a school-wide comprehensive Title 1 plan. SSC, ELAC, DSLT, parent conferences, and written communications are conducted in the two dominant languages of our school community- English and Spanish to ensure the ongoing collaboration between school and families.

After the thorough analysis of student academic data, survey result responses, school-wide needs assessment, classroom observations, and review of the Common Core State Standards, John J. Montgomery Elementary School staff created a 3 year student-centered plan that advocates for and fosters a strong academic program and builds a partnership with families meanwhile embedding the necessary skills for students to be 21st Century Career and College ready:

Goal #1: All students will have equal access to a rigorous differentiated instruction with high expectations (21st Century Learner, Units of Study, Formative Assessments, Leveled Literacy Model, ELD, SEAL).

Goal #2: All students will demonstrate positive character qualities and social skill building and respect for self, cultural diversity and peers (Project Cornerstone ABC Program, Student Leadership, Whole Brain Teaching Strategies and PE) and provided with enrichment opportunities (Music Classes, Arts, Leveled Literacy Model).

Goal #3: Staff to provide instruction that is clear to students and is standards aligned to ensure all skills and qualities of a learner are met (21st Century Learner, Teacher Collaboration/PLCs, Units of Student, SEAL, Effective Feedback, High Expectations, Teacher Clarity, Formal and Informal Assessments).

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Evergreen School District held a Public Hearing on October 12, 2017, and determined that each school within the district has sufficient and good quality textbooks and instructional materials pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the district must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Trustees. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. The table displays information collected in September 2017 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. The district does not have a formal textbook adoption for Health or for Visual and Performing Arts.

School Facility Conditions and Planned Improvements (Most Recent Year)

Montgomery Elementary School, originally constructed in 1975, is currently comprised of 29 permanent classrooms, a Special Day Class pre-school portable, an adult English Language Development (ELD) portable, a computer lab, a library, a cafeteria/multipurpose room, a staff lounge, and two playgrounds. Over the past few years, a new two-story classroom building has been constructed, the front office was thoroughly renovated, and teaching walls were added to the primary building. Additionally, the district passed a facilities bond measure in 2006 that will allow for future modernization. The chart displays the results of the most recent facilities inspection.

Cleaning Process:

Montgomery Elementary School provides a safe and clean environment for students, staff, and volunteers. The district has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the school's custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair:

A scheduled maintenance program is administered by Montgomery Elementary School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Evergreen School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

Deferred Maintenance Budget:

The State School Deferred Maintenance Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. In the Budget Act of July 2009, the State Legislature provided school districts with flexibility in using these funds to meet general fund needs. In an effort to mitigate the effects of declining state revenues, the Evergreen School District has taken advantage of this flexibility. The district will utilize bond funds and other appropriate sources to ensure its facilities are clean, safe and in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents and the community can be actively involved in the school's educational programs through the following:

- Back-to-School Night
- Open House
- English Learner Advisory Committee (ELAC)
- Parent-Teacher Association (PTA)
- School Site Council (SSC)
- Title I Mini-Conferences & Title I Family Nights
- Volunteering in the classroom
- Project Cornerstone ABC Program
- SEAL Parent Involvement
- Parent University

The school receives support from numerous local businesses and community organizations. Support and donations from PG&E, Target, and Office Depot and other community donors have greatly added to the quality of instruction and overall school environment.

Contact Information:

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school at (408) 270-6718.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is of primary concern to the Montgomery Elementary staff. Students are supervised before school, during recess, and after school by teachers and administrators. Lunch supervision is provided by noon-duty aides and parent volunteers. All visitors to the campus must sign in at the main office and wear a visitor’s pass at all times during their stay on school grounds. There is also a designated area for student drop-off and pick-up at the front of the school. The School Site Safety Plan is reviewed yearly and updated by the Comprehensive School Safety Plan team and School Site Council. Any and all revisions to the plan are immediately communicated to classified and certificated staff. Key elements of the Safety Plan focus on the following:

- School rules & procedures
- Sexual harassment policy
- Notification to teachers
- Child abuse reporting procedures
- School-wide dress code
- Policies related to suspension/expulsion
- Disaster procedures/routine, emergency drills & Run Hide Defend
- Safe ingress & egress of pupils, parents, & school employees
- Whole Brain Teaching strategies and effective classroom management strategies

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school’s disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire, Earthquake, and Run-Hide-Defend drills are conducted on a rotating basis throughout the school year.

4th-6th grade students participate in the Project Cornerstone program where they develop leadership skills and help create a school environment that is positive and safe for all. 1st-4th grade students participate in the Project Cornerstone ABC Reading Program that promotes the learning of the essential developmental assets.

Student Council strives to improve the overall culture, safety, and school attendance.

Surveys (Youth Truth, Comprehensive School Safety Plan, & Developmental) are conducted to ensure there is voice and an opportunity for input in our safety and school-wide plans (Comprehensive School Safety Plan and School Improvement Plan).

Professional Development provided for Teachers

Staff members build teaching skills and concepts through participation in conferences, workshops, faculty meetings, professional development opportunities and teacher collaboration throughout the year. Targeted Professional Development and Grade level collaboration are strategies that most impact instruction and supports the training that teachers receive. Data is analyzed to help determine the school's needs. Evergreen School District provides many professional development opportunities for Montgomery staff such as training in Professional Learning Communities, Equity PLC Forum, Tech Tuesdays, The Learning Cafe, annual 21st Century Conference and a variety of trainings throughout the summer. Our district office in conjunction with school principals and instructional coaches are currently in the first phase of implementation of our Profile of a Learner to ensure teaching and student learning reflects the skills of a 21st Century learner. Montgomery Elementary also provides unique staff development opportunities for teachers and staff such as consultation from The Core Collaborative on teaching clarity strategies, Impact Teams to drive collaboration to a deeper level, unpacking of standards to create Success Criteria, Learning Intentions with the goal to have clear lessons for students, unpacking of the Profile of a Learner and how it fits into daily classroom activities.

Staff development at John J. Montgomery is directly aligned to the skills and concepts in the district's Profile of Learner. To ensure rigor is present in teaching and learning, and to better prepare students from grade to grade, we focus closely on Common Core State Standards. After closely reviewing the needs of our community and students, the school leadership has agreed to the following professional development:

- Opportunities to unpack the details of Profile of a Learner Outcomes and learn the teaching and learning shifts that are needed for 21st Century teaching and learning
- Design lessons and activities for the grade level unit guides
- Unpack standards to create Learning Targets and Success Criteria
- Build Common Formative Assessments
- Weekly teacher grade level collaboration and PLCs -3 Faculty Meeting times per month reserved for Grade Level Collaboration
- Site Thursdays reserved for PLCs and leadership team meetings and Professional Development

- Consultation provided by Core Collaborative for all grades
- Consultation provided by Sobrato Early Academic Language (SEAL) program for the primary grades
- Each grade level to be relieved by subs at least five 1/2 days to collaborate for ELD- Integrated and Designated
- One teacher inservice day at the beginning of the year and in September reserved for professional development and teacher collaboration

Types of Services Funded

In addition to general state funding, all schools within Evergreen School District received state and federal categorical funding for the following support programs:

- Economic Impact Aid
- School & Library Improvement Program
- Title I, Targeted Assistance (for these schools: Cadwallader, Dove Hill, Holly Oak, Katherine Smith, Montgomery, and O.B. Whaley)
- Title II, Staff Development
- Title III, Limited English Proficient

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
