Principal's Message:

Carolyn A. Clark School is dedicated to collaboratively creating a safe and friendly learning environment for our diverse population of students, families, staff, and community members. Each student will develop 21st century competencies, also known as the 4 Cs (communication, collaboration, critical thinking, and creativity), through Common Core State Standards-based Instruction, relying heavily upon technology, project based learning, and deeper-learning experiences. Each student will have access to the curriculum and opportunities that will foster a lifelong love of learning, along with a platform that offers every student avenues to reach their full potential.

Mission Statement:

At Carolyn A. Clark School, we believe in inspiring and empowering a community of lifelong learners who are engaged in rigorous and relevant learning experiences while being challenged to reach our full potential.

Community & School Profile:

Evergreen School District, located in the City of San Jose, is comprised of fifteen elementary schools and three middle schools. Once a small farming city, San Jose became a magnet for suburban newcomers between the 1960s and the 1990s, and is now the third largest city in California. The city is located in Silicon Valley, at the southern end of the San Francisco Bay Area, and is home to more than a million residents.

Carolyn A. Clark Elementary School is located on the eastern side of the district's borders. The school is currently serving 577 students in grades Kinder through sixth on a traditional calendar schedule. The chart displays school enrollment broken down by ethnicity.

The school provides a family-oriented, nurturing, and safe place for students to learn, grow, and develop intellectually. Teachers, staff, and administrators continue to act on the principle that students come first.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Evergreen School District held a Public Hearing on October 18, 2018, and determined that each school within the district has sufficient and good quality textbooks and instructional materials pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the district must be aligned with the California State Content Standards, with final approval by the Board of Trustees. Textbooks and supplementary materials are typically adopted according to a cycle developed by the California Department of Education. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. The district does not have a formal textbook adoption for Health or for Visual and Performing Arts.

The California State Board of Education adopted science programs at its November 2018 public meeting. Evergreen will review materials in 2019 to determine next steps. The California State Board of Education adopted Social Science materials at its November 2017 public meeting aligned to the new California Framework. The California Social Science standards remain unchanged.

Pursuant to California Education Code (EC) Section 60210, a school district may utilize instructional materials not adopted by the SBE, so long as the materials are aligned to state standards and a majority of the participants of any review process conducted by the district are classroom teachers who are assigned to the subject area or grade level of the materials being reviewed.

School Facility Conditions and Planned Improvements (Most Recent Year)

Carolyn Clark Elementary School, originally constructed in 2004, is currently comprised of 38 permanent classrooms, a library, a cafeteria/multipurpose room, a staff lounge, and one playground. The district passed a facilities bond measure in 2006 that will allow for future modernization. As a result of this bond, three portable classrooms were added to the grounds in the summer of 2008. The chart displays the results of the most recent facilities inspection.

Cleaning Process:

Carolyn Clark Elementary School provides a safe and clean environment for students, staff, and volunteers. The district has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the school's custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair:

A scheduled maintenance program is administered by Carolyn Clark Elementary School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the district to ensure that school grounds and facilities remain in excellent repair.

A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

Deferred Maintenance Budget:

The State School Deferred Maintenance Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. In the Budget Act of July 2009, the State Legislature provided school districts with flexibility in using these funds to meet general fund needs. In an effort to mitigate the effects of declining state revenues, the Evergreen School District has taken advantage of this flexibility. The district will utilize bond funds and other appropriate sources to ensure its facilities are clean, safe, and in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: The 2016-17 and 2017-18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018-19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016-17 and 2017-18) and the CAA for Science will be field-tested in 2018-19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

At Carolyn Clark Elementary School, parents are encouraged to be part of their child's educational experience. Some ways for parents to be involved at school may include, but not limited to, volunteering in the classroom, becoming an ABC Reader in the classroom, becoming an Art Attack Docent in the classroom, becoming an active member of the Carolyn Clark PTA, participating in the Fun-visor program supported by Project Cornerstone, and becoming involved in the school's Walk N Roll program. In addition to these opportunities, parents are encouraged to attend all PTA general meetings, along with PTA and school-wide events, Coffee with the Principal, and informational nights. Parents are also given the opportunity to serve on various committees, such as, but not limited to School Site Council, ELAC, DAC, PAC, and the Walk N Roll Committee here at Clark.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school at (408) 223-4560 and/or Arthi Ramachandran, PTA President at aaiyappan@gmail.com.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is our primary concern at Carolyn Clark Elementary School. Students are supervised before and after school, during recess, and lunch by teachers, support staff, administrators, noon-duty supervisors, and parent volunteers. All visitors to the campus must sign in at the main office and wear a visitor's sticker at all times during their stay on school grounds. There is also a designated area for student drop-off and pick-up at the front of the school. The bus loop at the top of the school is designated for district and charter buses, along with commercial vehicles for pickup and after school community programs (this area also has after school supervision.)

The School Site Safety Plan was reviewed and updated in November 2012 by the Emergency Response Team (ERT) and is updated by the School Site Council yearly, most recently in the spring of 2018. A safety meeting was held on October 10th, 2018 immediately following International Walk to School Day. The purpose of the meeting was to share any updates to the plan and to gather input (focusing on component 1 & 2) to update the Comprehensive School Safety Plan from students, staff and community members. Anna Ly, a representative from the Department of Transportations (D.O.T) was present for part of the meeting. Others invited to the forum were ETA President, Brian Wheatley, CSEA President, Pauline Benton, Fire Chief, current president of our PTA, and student body president. It will be reviewed again this winter with a revision submission date of February 15, 2019. Updates and revisions to the plan will be communicated to both classified and certificated staff. Key elements of the Safety Plan focus on the following:

People & Programs (Component 1)

Place - Facility (Component 2)

- School rules & procedures
- Sexual harassment policy
- Notification to teachers
- Child abuse reporting procedures
- School-wide dress code
- Policies related to suspension/expulsion
- Disaster procedures/routine & emergency drills
- Safe ingress & egress of pupils, parents, & school employees

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire drills are conducted monthly. Disaster, and lock-down drills are conducted on a rotating basis throughout the school year per the district's direction (fall & spring). A comprehensive school plan was developed with the input from the School Site Council, SJP, community members, and auxiliary staff during the 2012-2013 school year and continues to be revised yearly.

Professional Development provided for Teachers

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. Staff development occurred for the teachers on their second day back, as well as an in-service day on September 27, where the focus was on individual conferencing, team building, PBIS, technology and PBL. To support this day of professional development, we had our district TOSA & New Tech Coach working with the staff. Our district has given the site days to the principals to hold professional development specific to the work at each site. The focus continues to be on building a positive school culture, that entails a growth mindset and that of continuous improvement and respect among the staff (the New Tech model). Along with improving school climate and culture, improving our practice around project-based and deeper learning remains at the forefront. On-going outside support is available for professional development around PBL. We have a dedicated New Tech coach to support the specific needs of our school. Building capacity among our teachers continues to be a focus. We work closely with our New Tech coach to move their projects towards gold standard. In looking at the New Tech model and Hierarchy of Change, we are now focusing this year on Instruction and Assessment. Each grade-level at the site has a majority of the teachers trained in project-based learning. Site days and a majority of our staff meetings will be devoted to adult learning and inquiry through PLCs, and protocols that are reflective in nature. 2018-2019 PLCs are cross grade-level and are created around our Profile of a Learner (POL.) This year the PLC focus will be on assessing and measuring student growth around the descriptors/outcomes of the POL. The Principal will continue to set the conditions to foster this work through on-going release-time, as well as providing the resources needed to support the teachers. Our district also provides an optional series of professional development around equity.

Types of Services Funded

In addition to general state funding, all schools within Evergreen School District received state and federal categorical funding for the following support programs:

- LCAP funds or Supplemental Funds
- Title I, Targeted Assistance (for these schools: LeyVa, Dove Hill, Holly Oak, Katherine Smith, Montgomery, and O.B. Whaley)
- Title II, Staff Development
- Title III, Limited English Proficient

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
