School Description

Our mission is to empower students to reach their highest potential, inspire excellence, and engage members of the school community in an effort to enhance the students' academic excellence. In our Guiding Principles, we strive to achieve the following:

- Demonstrate our Tribes Agreements of Mutual Respect, Attentive Listening, Appreciation, and No Put-Downs.
- Use rigorous, challenging standards-based instructional programs and practices that ensure all students attain academic proficiency.
- Provide a safe and structured learning environment.
- Establish and maintain partnerships with businesses and social service agencies in order to fully meet the students' needs, e.g., academic, social, psychological, etc.
- Immerse students in a variety of learning experiences through all learning modalities.
- Build students' self-esteem to ensure they become self-reliant, confident, productive citizens.
- Ensure that parents work closely with the staff to ensure they are active participants in their child's education at school and at home.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (209) 933-7230.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

King Elementary School believes that parents and the community play an important role in the education of our students. The School Site Council (SSC), Parent Teacher Organization (PTO), and the English Learner Advisory Committee (ELAC) meet regularly throughout the school year to make decisions on behalf of the children at King School. The SSC reviews and advises on the school's budget and support personnel for the school. The ELAC provides an opportunity for parents of English Learners to meet together and learn more about the curriculum and programs provided at King Elementary School to assist English Learners in becoming more proficient in English. In addition, the ELAC is apprised of the school's language census and provides direction for its needs assessment.

The PTO organizes fund raisers and activities for students and teachers. Parents are encouraged to visit their child's classroom. Before visiting, parents must sign in at the office. Each teacher is required to select a room parent for the school year. This "room parent" assists the teacher with activities, student centers, and field trips. This parent serves as a liaison between the teacher and the parents of the classroom. A Coffee Hour is held in the King Family Center every Wednesday morning, where parents are encouraged to come and discuss various issues, such as children's health and safety. It is also an open forum with the principal to discuss any concerns or answer any questions for parents.

A variety of community resource agencies and our support staff provide workshops for our parents. The topics are selected by an annual parent interest survey. Additionally, classes are held daily in the King Family Center. Classes include computers, English as a Second Language (ESL), nutrition, health, exercise, financial planning, and basic parenting skills. King School parents are trainers for the "Parenting Partners" curriculum and they hold sessions every Monday morning. King Elementary School has a medical clinic on campus open 5 days a week Monday-Friday, 1-5 p.m. Anyone in the community parents, neighbors, and students have access to the clinic for minor health care needs. The St. Joseph's Care-Van no longer provides services at King Elementary.

In addition, WIC meets monthly with parents and community. These medical provisions have helped form an active bond between the school and the community. A parent calendar is sent home monthly with the King Family Center parent activities and a weekly parent bulletin goes home explaining school and classroom student activities.

Parents who wish to participate in King Elementary School's leadership teams, school committees, school activities, or become volunteers may contact Connie M. Fabian, Principal, or Bertha Gutierrez, parent liaison at (209) 933-7230.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Our school places a strong emphasis on ensuring the safety of all students and staff members. The school’s custodial team ensures the school facilities are in compliance with all federal and state health and safety regulations. Each year a deep cleaning process occurs during the close of school, either during the summer or other extended breaks. Additionally, the Head Custodian and the Principal inspect the grounds and report through a monthly safety inspection to the district’s Risk Management Department. In the event of a facility plant emergency, the principal notifies appropriate site and district personnel to resolve the emergency and safely secure or evacuate the students, based upon the site and district emergency preparedness plans. A site review with the district Internal Evaluation Instrument (IEI) occurs annually. A comprehensive School Safety Plan is revised annually in July prior to the opening of the new school year by the school’s administration. Training on the plan is provided to all staff at the “Beginning of the Year” staff meeting. Continuous training takes place at staff meetings monthly where staff discusses emergency drills and table top discussions on topics related to student and staff safety. Alongside a Positive Behavior Intervention and Support(PBIS) plan addendum the safety plan helps to provide a secure, peaceful and clean environment for the school community. The school’s Disaster Preparedness Plan identifies procedures to follow during emergencies and natural disasters. Emergency drills are conducted monthly.

Emergency Preparedness kits are maintained and available in each teaching area, offices, and library. Communication radios have been purchased for yard duty, each teaching academy, office, library, and administration offices. Every effort is made to ensure students are monitored while on campus throughout the school day. There are 6 yard supervisors, 1 campus safety assistant, teachers, site administrators and other school staff that provide supervision for students before, during, and after school. The playground is monitored by the staff to ensure that it is safe for all students. All visitors must sign in at the office and receive proper authorization to be on campus, and must display their passes at all times. The school gates are locked during the day after school begins and reopened during school dismissal. The school district installed a security fence limiting access to the campus and allowing entrance only by coming through the office in 20112-13.

Types of Services Funded at King Elementary

The following is a list of Federal and State funded programs that may be available to schools in the district:

- Title I Helping Disadvantaged Students Meet Standards
- Title I Homeless
- Title I Migrant Education
- Title II Improving Teacher Quality
- Title III Limited English Proficient Students
- Beginning Teacher Support and Assessment (BTSA)
- Extended Day Programs
- English Language Acquisition Program (ELAP)

Professional Development provided for Teachers at King Elementary

The primary staff development focus was on the Common Core State Standards (CCSS) Units of Study developed by SUSD teachers through the Rigorous Curriculum Design Process. The content was selected due to the full implementation of the CCSS in California in 2014-2015 and the related CAASP state assessment to be implemented in spring of 2015.

Professional development in the core standards and units of instruction was initially provided through full day off site professional development training sessions. Two full day sessions were provided in 2013-2014 and two are planned for 2014-2015. Additionally, onsite coaching is provided.

On-going teacher support is provided through site-based ELA and Math coaches, staff PLC collaboration meetings, data team meetings.
