School Description

Florence Nightingale Charter is a Stockton Unified dependent school. Our students participate in Project-Based Learning (PBL), an innovative approach to learning that builds mastery in the core content areas of Reading and Language Arts, Mathematics, Science, Social Studies, and Technology. Through Project-Based Learning, our students build life skills of critical thinking, problem solving, communication, collaboration, and creativity.

Mission- Nightingale Charter ensures Outstanding Wise Leaders and Scholars.

Vision- Nightingale Charter will achieve national recognition for continued growth in student achievement and leadership through project-based learning and 21st Century skills.

Myra Machuca, PRINCIPAL

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (209) 933-7260.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more

School Facility Conditions and Planned Improvements (Most Recent Year)

Each school site has classrooms, a multipurpose room, a library and an administration building. The number of classrooms at each school site varies, depending on enrollment and available space. Several sites have portable class rooms to accommodate increased enrollment.

In 2011, Nightingale opened two new wings that include 8 classrooms and a science lab. Playground and parking lot areas were refurbished as well.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

A scheduled maintenance program is administered by the district to ensure that all classrooms, restrooms, and facilities are well-maintained and in good repair. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Research indicates that students whose parents are actively involved in their education are more successful in school. To help students reach their full potential, parent involvement is not only necessary, but highly encouraged at Nightingale School. Parents of Nightingale students have made a commitment to volunteer at least 10 hours during the school year. The contact person for parent involvement at Nightingale School is the principal, Ms. Machuca and our parent liaison, Nicole Jimenez. Parent opportunities at Nightingale include:

- School Site Council
- English Learners Advisory Committee – (4x/ Year) (TBA)
- Parent Academy- (monthly parent training and workshops)
- Parent Coffee Meetings- (1x/ Month)
- Principal Parent Coffee- (1x/ Month)
- Academic Parent Teacher Teams- APTT (3 Academic Group Meetings/ 1 Individual Meeting)
- Volunteer- Need TB and Fingerprint Clearance (Science Olympiad, School Garden, Academic Prep)
- Fundraising- (Student Council, Science Camp, 8th grade activities, field trips and school wide activities)
- Academic Awards Ceremonies- (Quarterly)
- Community Fair- (1x/ Year)

Nightingale Charter believes that parents and guardians can support the learning environment of the school and their children by:

- Monitoring student attendance
- Monitoring completion of homework
- Volunteering in the classroom
- Planning and participating in activities at home that support classroom learning- (APTT- Academic Parent Teacher Teams)

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Our schools place a strong emphasis on ensuring the safety of all students and staff members. The school's custodial team ensures the school facilities are in compliance with all federal and state health and safety regulations. Each year a deep cleaning process occurs during a close of school, either during the summer or other extended breaks. In the event of a facility plant emergency, the principal notifies appropriate site and district personnel to resolve the emergency and safely secure or evacuate the students, based upon the site and district emergency preparedness plans. A site review with the district Internal Evaluation Instrument (IEI) occurs annually.

A comprehensive School Safety Plan, which was recently reviewed by the School Site Council, helps to provide a secure, peaceful and clean environment for the school community. The school's Disaster Preparedness Plan identifies procedures to follow during emergencies and natural disasters. Emergency drills are conducted on a regular basis.

Every effort is made to ensure students are monitored while on campus throughout the school day. Yard supervisors, teachers, site administrators and school staff provide supervision for students before, after and during school. The playground is safe for all students. All visitors must sign in at the office, receive proper authorization to be on campus, and display their passes at all times.

See attached Nightingale Charter Schoolwide Safety Plan

Professional Development provided for Teachers at Nightingale Charter

Teachers take some time each year to improve their teaching skills and to extend their knowledge of the subjects they teach.

Teachers have had professional development in the following areas:

No Bully Solution Coach (6 hours) presented at an off-site workshop

No Bully Foundations (3.5 hours) presented during after school workshop

Project-Based Learning (20 hours) through school pull-out sessions and after school meetings. Support is provided by our external support provider from Teacher's College of San Joaquin.

Professional Learning Communities Leadership (26 hours) offered during off-site workshops.

Professional Learning Communities Grade Level (24 hours) provided at off-site workshops. Support is provided during collaboration meetings.

Common Core State Standards (32 hours) provided at off-site workshops. Support is provided through in-class coaching.

PBIS (24 hours) provided at off-site workshops.
