### **School Description**

At Spanos Elementary we are guided by our mission statement of "All students learn at the highest levels and are inspired to become life-long learners." At Spanos School we,

- Collaborate around common data to implement best practices.
- Facilitate purposeful learning which leads to high achievement.
- Foster strong community connections which creates a welcoming, respectful, and safe learning environment.

Mastery of Common Core grade level standards in reading, writing, and mathematics forms the foundation of the instructional programs. Science, social studies, physical education and visual and performing arts rounds out our curriculum.

We are proud to offer our students the opportunity to visit the computer lab weekly, and students in grades 4th - 8th grade have classroom sets of laptops. We continue to grow our collection of library books each year, to ensure that our students have access to multiple genres and endless choice of titles to enjoy.

We also continue to build strong collaboration and partnerships with our parents and families of the students we teach. Your involvement and participation is needed and valued. Communication is a vital component to the success of our students. School wide communication folders go home each Wednesday and weekly information can be found in this communicator, our website and on the marquee in the front of our school. For more information, pictures, and celebratory news, please continue to view our Alex G. Spanos Elementary School web site at [www. http://ases-susd-ca.schoolloop.com/](http://ases-susd-ca.schoolloop.com/) as it is updated regularly. We look forward to working with you to create new opportunities and new accomplishments for our students this year.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (209) 933-7335 or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more

### School Facility Conditions and Planned Improvements (Most Recent Year)

Our buildings are four years old and they are in excellent condition. A scheduled maintenance program is administered by the district to ensure that all classrooms, restrooms, and facilities are well-maintained and in good repair. The principal works directly with the custodial staff to develop regular cleaning schedules to ensure a clean, safe and orderly school.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement

Parent support and involvement continue to be important aspects of the success at Spanos Elementary. We welcome parents as true partners in their child's learning experience and we provide many opportunities for training and involvement through the following programs:

School Site Council & District Advisory Council

After School Programs

English Learner Advisory Committee (ELAC)

Parent-Teacher Association (PTA)

Parent Coffee Hour workshops

Student Assistance Program (SAP) and Student Study Team (SST)

Parent Nights: Family functions with academic and extra-curricular emphasis

Partnership with Chaplain Bob and the Center

We believe that parents and guardians can support the learning environment of the school and their students by:

Monitoring attendance

Monitoring completion of homework

Monitoring and regulating television viewing

Volunteering in the classroom

Attending school functions

Encouraging your child to do their best work

Providing a quiet place for your child to their homework

Communicating regularly with your child's teacher

To learn more about becoming a part of the school community and participating, please call the school's office.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

### School Safety Plan

Our school places a strong emphasis on ensuring the safety of all students and staff members. The school's custodial team ensures the school facilities are in compliance with all federal and state health and safety regulations. Each year a deep cleaning process occurs during a close of school, either during the summer or other extended breaks. In the event of a facility plant emergency, the principal notifies appropriate site and district personnel to resolve the emergency and safely secure or evacuate the students, based upon the site and district emergency preparedness plans. A site review with district Internal Evaluation Instrument (IEI) occurs annually.

A comprehensive School Safety Plan, which is reviewed yearly by the staff and the School Site Council, helps to provide a secure, peaceful and clean environment for the school community. The School Safety Plan was last reviewed in January 2013. The school's Disaster Preparedness Plan identifies procedures to follow during emergencies and natural disasters. Emergency drills are conducted on a regular basis.

Every effort is made to ensure students are monitored while on campus throughout the day. Yard supervisors, teachers, site administrators and school staff provide supervision for students before and during school. The playground is safe for all students. All visitors must sign in at the office and receive proper authorization to be on campus, and must display their passes at all times.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Professional Development provided for Teachers

The primary staff development focus was on the Common Core State Standards (CCSS) Units of Study developed by SUSD teachers through the Rigorous Curriculum Design Process. The content was selected due to the full implementation of the CCSS in California in 2014-2015 and the related CAASP state assessment to be implemented in spring of 2015.

Professional development in the core standards and units of instruction was initially provided through full day off site professional development training sessions. Two full day sessions were provided in 2013-2014 and two more full day trainings were provided in 2014-2015.. During the 14-15 school year, our teachers received full-day training in CAFE strategies; Comprehension, Accuracy, Fluency and Extending vocabulary. Additionally, onsite coaching was provided 3 days per week to support the training. A team of teachers also attended a 3-day Professional Learning Center conference and will provide training to the entire staff during the 15-16 school year.

On-going teacher support is provided through site-based instructional coaching, staff PLC collaboration meetings, and data team meetings.
