### **School Description**

Hamilton School's mission is to provide a positive, safe learning environment with meaningful experiences to create inquisitive, accountable and productive citizens.

Hamilton teachers regularly collaborate, analyze data, and train to ensure instruction at high levels of academic rigor. Along with the district's core programs, Hamilton offers the Esther Fong Health Education and Leadership Magnet (HEAL) program. The program offers instruction focused on health education with an emphasis in leadership and citizenship. Continuing the focus on health, "Get Fit Hamilton" teaches and promotes a healthy lifestyle for all students to make healthy eating and fitness choices as a natural way of life. Additional supports are provided to students in strategic intervention opportunities and after school tutoring. Every day, we strive to ensure that all students are making progress towards their academic goals.

Hamilton school is committed to collaborating with families and the community. Parental involvement is encouraged and valued. Communication is a vital component to the success of our students. Information can be found on our website, bulletins, notices, parent link and marquee. We look forward to working with you to create new opportunities and new accomplishments for our students this year.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (209) 933-7395 or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more

### School Facility Conditions and Planned Improvements (Most Recent Year)

Hamilton Elementary School has 46 classrooms, a multipurpose room with a stage, a library, 1 computer lab, 2 fully functional athletic gymnasiums and an administration center. Hamilton was built in 1960.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

A scheduled maintenance program is administered by the district to ensure that all classrooms, restrooms, and facilities are well-maintained and in good repair. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

**C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

**Opportunities for Parental Involvement**

Hamilton Elementary recognizes that parents and the community play an important role in the success and education of their students. Hamilton has established partnerships with community businesses and organizations to increase parent participation. Each school offers several opportunities and programs to encourage parent involvement. Hamilton Elementary offers:

- After School Programs
- Counseling services when available
- English Language Advisory Committee (ELAC)
- English Language Learner instruction and support (ELD)
- Parent Resource Center
- Parent Coffee Hour/Guest Speakers from the community
- Parent/Student conferences
- School Site Council (SSC)

Hamilton Elementary believes that the parents and guardians can support the learning environment of the school and their students by:

- Monitoring student attendance
- Monitoring completion of student homework
- Participating in the decision making process in school organizations and committees
- Planning and participating in activities at home that support classroom learning
- Volunteering in the classroom
- Participating in Literacy and Math Nights/Events

Parents and community members who wish to become a part of the school community and participate should call the school's office at 209-933-7395 ext. 1626. Parents are also encouraged to take part in SAC, ELAC, and SSC as these different committees help the school make decisions that are related in the everyday functions of running the school.

**State Priority: School Climate**

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

**School Safety Plan**

Our school places a strong emphasis on ensuring the safety of all students and staff members. The school's custodial team ensures the school facilities are in compliance with all federal and state health and safety regulations. Each year a deep cleaning process occurs during the close of school, either during the summer or other extended breaks. Additionally, the Head Custodian and the Principal inspect the grounds and report through a monthly safety inspection to the district's Risk Management Department. In the event of a facility plant emergency, the principal notifies appropriate site and district personnel to resolve the emergency and safely secure or evacuate the students, based upon the site and district emergency preparedness plans. A site review with the district Internal Evaluation Instrument (IEI) occurs annually.

A comprehensive School Safety Plan is revised annually in July prior to the opening of the new school year by the school's administration. Training on the plan is provided to all staff at the "Beginning of the Year" staff meeting. Continuous training takes place at staff meetings monthly where staff discusses emergency drills and table top discussions on topics related to student and staff safety. With a discipline plan addendum the safety plan helps to provide a secure, peaceful and clean environment for the school community. The school's Disaster Preparedness Plan identifies procedures to follow during emergencies and natural disasters. Emergency drills are conducted monthly.

Emergency Preparedness kits are maintained and available in each teaching area, offices, and library. Communication radios are supplied for the campus safety assistant, Community Liaison, yard duty, office, library, and administration offices.

Every effort is made to ensure students are monitored while on campus throughout the school day. There are 5 yard supervisors, 2 campus safety assistant, teachers, site administrators and other school staff that provide supervision for students before, during, and after school. The playground is monitored by the staff to ensure that it is safe for all students. All visitors must sign in at the office and receive proper authorization to be on campus, and must display their Visitor passes at all times.

Hamilton Elementary solicited the parents support in becoming a closed campus during instructional time. The school gates, including the staff parking lots, are locked during the day after school begins and reopened before school dismissal. The Main Entrance gates in front of the Main Office are opened all day and all visitors should enter through those gates before checking into the Main Office.

### Types of Services Funded

The following is a list of Federal and State funded programs that may be available to schools in the district:

- Title I Helping Disadvantaged Students Meet Standards
- Title I Homeless
- Title I Migrant Education
- Title II Improving Teacher Quality
- Title III Limited English Proficient Students
- Beginning Teacher Support and Assessment (B TSA)
- Extended Day Programs
- English Language Acquisition Program (ELAP)

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Professional Development provided for Teachers

Professional Development provided to staff in the 2015-2016 school year will continue to include Content Training of CCSS/Units of Study, English Language Development (ELD), Professional Learning Communities collaboration, data team meetings, ongoing site-based teacher support by instructional coaches and program specialist.

The primary staff development focus was on the Common Core State Standards (CCSS) Units of Study developed by SUSD teachers through the Rigorous Curriculum Design Process. The content was selected due to the full implementation of the CCSS in California in 2014-2015 and the related CAASP state assessment to be implemented in spring of 2015.

Professional development in the core standards and units of instruction was initially provided through full day off site professional development training sessions. Two full day sessions were provided in 2013-2014 and two are planned for 2014-2015. Additionally, onsite coaching is provided.
