School Description

At Huerta Elementary, we are guided by our mission statement "to prepare all students to be college and career ready through rigorous education. We strive to create problem solvers who are independent thinkers and productive members of society." Our vision is to provide a high level of instruction by maintaining consistency to the standards in a positive, safe and respectful learning environment.

Huerta School strives to assure the healthy development of every child so that each has the knowledge, skills and resiliency to reach their full potential and be successful in a rapidly changing world. We provide students with full access to the standard-based core curriculum, effective instructional strategies and intervention programs to meet the needs of our diverse student population. The focus of our school continues to be Direct Instruction, Student Engagement, and RtI. Teachers have been trained in Close Reading and Six-Trait Writing Process and use these practices to enhance student lessons.

We have been successful in creating a safe school environment for our students. We have a strong student support team that believes wholeheartedly in prevention. School wide we promote SOARing. This includes being Safe, Organized, Attentive, and Respectful in all actions and decisions we make. We look forward to working with the parents in our community to to create new opportunities and new accomplishments for our students each year.

Valerie Standridge, Principal

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (209) 933-7220 or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Huerta Elementary recognizes the important role that parents play in the success and education of their child. We encourage parents to volunteer in any way they can. Huerta offers several opportunities to encourage parents' involvement in the school.

After School Programs

Counseling services when available

English Language Advisory Committee (ELAC)

English as a Second Language for adults (ESL)

Family Health Centers and programs when and where available

GATE

Parent Resource Center

Parent/Student conferences

Parent Teacher Organization (PTA)

School Site Council (SSC)

The school believes that the parents and guardians can support the learning environment of the school and their students by:

Monitoring student attendance

Monitoring completion of student homework

Monitoring and regulating television viewing

Participating in the decision making process in school organizations and committees

Planning and participating in activities at home that support classroom learning

Volunteering in the classroom

Parents and community members who wish to become a part of the school community and participate should call the school's office.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

Our school places a strong emphasis on ensuring the safety of all students and staff members. The school's custodial team ensures the school facilities are in compliance with all federal and state health and safety regulations. Each year a deep cleaning process occurs during the close of school, either during the summer or other extended breaks. In the event of a facility plant emergency, the principal notifies appropriate site and district personnel to resolve the emergency and safely secure or evacuate the students, based upon the site and district emergency preparedness plans (REMS). A comprehensive School Safety Plan helps to provide a secure, peaceful and clean environment for the school community. The Readiness and Emergency Management Plan is revised before the beginning of each school year and reviewed with all staff members. The last revision was completed in July 2013. Emergency drills are conducted on a regular basis and reviewed for efficiency and effectiveness. The school's plan identifies procedures to follow during emergencies and natural disasters. The plan is reviewed at the beginning of each school year with staff and students. Monthly drills are planned and executed to prepare for emergencies. Every effort is made to ensure students are monitored while on campus throughout the school day. Yard supervisors, teachers, site administrators and school staff provide supervision for students before and during school. The playground is safe for all students. Dolores Huerta School secures all gates at the start of school for the safety of the students. The campus is a closed campus during the school day. Students are walked to the main gates by their teachers at the end of the school day. All visitors must sign in at the office and receive proper authorization to be on campus, as well as display their passes at all times.

Professional Development provided for Teachers

The primary staff development focus was on the Common Core State Standards (CCSS) Units of Study developed by SUSD teachers through the Rigorous Curriculum Design Process. The content was selected due to the full implementation of the CCSS in California in 2014-2015 and the related CAASP state assessment to be implemented in spring of 2015.

Professional development in the core standards and units of instruction was initially provided through full day off site professional development training sessions. Two full day sessions were provided in 2013-2014 and two are planned for 2014-2015. Additionally, onsite coaching is provided.

On-going teacher support is provided through site-based ELA and Math coaches, staff PLC collaboration meetings, data team meetings.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
