### **School Description**

The staff, parents, and students of Pulliam Elementary, along with stakeholder support, will continue to work together to ensure ongoing student academic success. By partnering with one another as a team we increase our success rate of students reaching mastery of standards in their respective grade levels. We will also continue to instill an appreciation of the arts, help students achieve a healthy lifestyle, and gain a growing respect for their peers, as each student becomes a productive and contributing members of society.

Vision: Every Child, Every Day, Whatever It Takes!

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (209) 933-7265 or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more

### School Facility Conditions and Planned Improvements (Most Recent Year)

Our school is not in good repair, according to the criteria established by the Office of Public School Construction. Some of our deficiencies are critical, or may be widespread. Maintenance or minor repairs are required in several areas. We scored between 75 and 90 percent on the 15 categories of our evaluation.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

## **Opportunities for Parental Involvement**

Our school recognizes that parents and the community play an important role in the educational success of students. We see value in having our school be an integral part of the community. Research shows that students whose parents are participatory in their education are more likely to find academic and social success. Pulliam has worked diligently to form an alliance with local businesses, universities, and parents who work within Stockton. We encourage students to be an integral part of our school site. Many times they are the conduit of information between their homes and school. We have also partnered with the San Joaquin County District Attorney's Office, the University of the Pacific, the Stockton PD Chaplaincy Program, and the Rotary Club to assist our students in becoming more civic minded, aware of the world around them, technologically savvy and safe, academically connected, and supported through donations toward their academic needs. English Language Advisory Committee (ELAC) - Members of the Pulliam English Language Learners community are encouraged to meet at least once a month, or the minimum of four times per year. ELAC meeting discussions include necessary curricular and academic supports to strengthen every student's acquisition of English. Parent Link voicemail and the translation option is used as a connection to increase our outreach to parents. Pulliam parents attend a monthly parent coffee meeting to discuss activities to help raise money for assemblies, field trips, and student rewards and incentives. Our parent group teaches parents how to support our educational efforts at school. Parents are learning how to spend quality time with their children, assist with their schoolwork, and instill skills for lifelong learning. Parent meetings are held in our school library and/or in our media lab. We hold PTO/Parent Coffee Hour, SSC, SAC and ELAC meetings within these rooms. Our program specialist and administration opens the doors to parents to come in for coffee, express their concerns, get assistance in helping their children with homework, work side by side with their neighbors to prepare classroom materials, and receive information and services from community agencies. Student Academic Conferences are held prior to CST's to show students their current academic band, and how many points need to achieve Proficient or Advanced. Parent letters are also sent home by teachers to increase the school to home connection. School Site Council (SSC) - Parent nominations are held at the beginning of each year to build our school-home relationship. This group collaborates on the best way to budget our categorical funds. The school believes that the parents and guardians can support the learning environment of the school and their students by: Monitoring student attendance. Calls are made to clear absences and meet with parents when their child's attendance is falling below acceptable. Monitoring completion of student homework and reviewing these documents prior to their return to the classroom teacher. Monitoring and regulating the child's use of technology and encouraging students to read local and world newspapers and watch newscasts. With the implementation of Common Core State Standards we are moving into more project based learning, so discussing media and current events will assist in the focus of our student's attention to media and how to better express their understanding. Participating in the decision making process in school organizations and committees helps us work together as a team. Planning and participating in activities at home that support classroom learning enhances parent knowledge. Volunteering in the classroom shows children that their parents support their education and our school. Parents and community members who wish to become a part of the school community and participate should call the school's office at 933-7265.

## **State Priority: School Climate**

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

## **School Safety Plan**

Pulliam School prioritizes the safety of students and staff. Students attend a behavior assembly the first week of school to review school rules and the importance of appropriate interactions with peers. Pulliam Panda Parent Newsletters are sent home monthly with helpful hints and reminders to keep students safe and accountable for their behavior. Daily announcements are made by our PLUS team members with reminders to keep students on the right track. We work closely with district departments and Stockton agencies that provide safety tips for a city that is known for its high crime rate and gang activity, but a city with great hope and history. We have faith that the daily living skills we provide our students keep them smart, protected, and looking forward to a positive future. Parents are encouraged to get fingerprinted and TB tested to help out on campus. The more parents are involved, the more students see the importance of education and their success. We continue to increase our volunteer base every year. The greater the parent involvement, the more successful our students become. Visitors are required to check in, receive clearance from the front office, and then proceed to their on-site destination via Campus Security Assistant, or a member of the administration. Gates are closed each day after the bell rings. Our CSA frequently checks classrooms, gates and restrooms to ensure that our campus is free from unwanted visitors. When parents wish to speak with administration or teaching staff we recommend they call the office to make an appointment to schedule a time to give them our complete attention to listen to their concerns and questions. The school's custodial team effectively communicates with administration to maintain a safe and clean campus. The school facilities are in compliance with all federal and state health and safety regulations. Pulliam underwent a re-modernization which gave staff and students a clean, updated school in which to work and learn. In the event of an emergency, the principal notifies appropriate site and district personnel to partner in managing and resolving all emergencies, and safely secure or evacuate students. A site review with the district's Internal Evaluation Instrument occurs annually. Ongoing communication with custodial staff and review of staff requests gives a snapshot of what is needed, where we can improve, and keeps Pulliam one of the most aesthetically pleasing campuses in our district.

A comprehensive School Safety Plan helps to provide a secure, peaceful, and clean environment for the school community. The school's Emergency Readiness Management for Schools (ERCM) is updated each year. Tabletop discussions with staff are held throughout the year to ensure that staff members know their roles in an emergency. Emergency drills are conducted regularly. This plan was updated August of 2015. Pulliam staff endeavors to be as prepared as possible in the unlikely event that an emergency occurs. An updated bulletin board is kept in the staff lounge so staff members are exposed to safety tips and information needed to carry out emergency drills, evacuations, etc., so that we are prepared at any given moment to the best of our ability. We include students in the process by helping them become the best citizens they can be by following school rules and maintain a healthy respect for the adults. We are less likely to have injured students in an emergency because we have helped them become good listeners and positive reactors to emergency situation. They understand that preventative maintenance is the key to avoiding emergency situations in the first place.

**Professional Development provided for Teachers**

The primary staff development focus was on the Common Core State Standards (CCSS) Units of Study developed by SUSD teachers through the Rigorous Curriculum Design Process. The content was selected due to the full implementation of the CCSS in California in 2014-2015 and the related CAASP state assessment to be implemented in spring of 2015.

Professional development in the core standards and units of instruction was initially provided through full day off site professional development training sessions. Two full day sessions were provided in 2013-2014 and two are planned for 2014-2015. Additionally, onsite coaching is provided.

On-going teacher support is provided through site-based ELA and Math coaches, staff PLC collaboration meetings, data team meetings.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
