Principal's Message

Stockton Early College Academy (SECA) is an early college model high school, which are typically small, highly diverse learning communities (grades 9-12), and are physically located on, or near, a college campus. At SECA, students are engaged in a highly rigorous academic curriculum that involves both college preparatory (Honors) and Advanced Placement (AP) core high school classes (English, Social Science, Math, and Science), as well as fully transferable (non-remediation) college courses taken from San Joaquin Delta Community College, which both supplement and expand the core offerings and fulfill elective requirements.

The result is that SECA students have the opportunity to earn both a high school diploma and up to two years of fully transferable credit – at no cost to the students or their parents – towards a Bachelor's Degree at a four-year university. In this process, many of the students are also awarded AA or AS degrees from Delta College.

SECA is specifically designed to help young people progress toward the education and experience that they will need to succeed both in life and family-supporting careers. It is also uniquely positioned to reach out to students who are of an ethnicity that is typically underserved in higher education, who come from socio-economically challenged families, and/ or who will be the first in their immediate family to attend, and graduate from, a four-year university.

Joshua Thom, PRINCIPAL

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (209) 933-7370 or the district office.

2014-15 Student Enrollment by Grade Level	
Grade Level	Number of Students
Grade 9	122
Grade 10	94
Grade 11	58
Grade 12	101
Total Enrollment	375

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials			
Stockton Unified Early College Academy	13-14	14-15	15-16
With Full Credential	12	12	12
Without Full Credential	0	1	0
Teaching Outside Subject Area of Competence	0	1	0
Stockton Unified School District	13-14	14-15	15-16

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more

Textbooks and Instructional Materials

School Facility Conditions and Planned Improvements (Most Recent Year)

SECA is currently located in its new campus for the 2012-2013 school year. Over the course of the year the current campus will undergo a complete modernization. By the end of the 2013-2014 school year the gym, cafeteria, classrooms, and perimeter fencing will have been updated to meet modern requirements and provide a safe and secure school.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

School Facility Good Repair Status (Most Recent Year)				
Year and month in which data were collected: 7/31/2015				
System Inspected	Repair Status			Repair Needed and Action Taken or Planned

Overall Rating	Exemplary	Good	Fair	Poor
		X		

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2014-15 CAASPP Results for All Students			
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)		
	School	District	State
ELA	98	23	44
Math	88	17	33

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

SECA offers an extensive network of communication tools designed to connect parents and children to both the school community and to each other. The staff of the school communicates whenever necessary with both parents and students. This communication may be verbal (both in person and by phone); written (in the form of emails, mailers, or letters); or in meetings (special assemblies, and fund raisers).

Teachers initiate regular communication with parents regarding a student's progress, as well as listen and respond to parents' needs and concerns about the operation of the school.

Parents are encouraged to be proactive, to contact teachers, specialists, and/or the principal to solve problems, give feedback, and pass on ideas and insights to the school community. The principal maintains an "open door" policy for all staff, students, parents, and community members.

Direct parental involvement is fundamental to the success of SECA. Parents and students are encouraged to express their individual and collective voices, and to provide feedback to the Principal and to the staff. Parents and students may also be asked to give critiques and/or testimonials about the program.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

SECA is a very safe campus with a college-like physical and social environment. SECA's safety plan is reviewed and revised on an annual basis, and both faculty and students are fully aware of the procedures to follow in an emergency situation. There were no incidents of violence or disruption on the campus during 2013-2014, with no suspensions or expulsions.

Suspensions and Expulsions			
School	2012-13	2013-14	2014-15
Suspensions Rate	0.00	0.00	0.00

Types of Services Funded

The following is a list of Federal and State funded programs that may be available to schools in the district:

- Title I Helping Disadvantaged Students Meet Standards
- Title I Homeless
- Title I Migrant Education
- Title II Improving Teacher Quality
- Title III Limited English Proficient Students
- Beginning Teacher Support and Assessment (B TSA)
- Extended Day Programs
- English Language Acquisition Program (ELAP)

Professional Development provided for Teachers

The primary staff development focus was on the Common Core State Standards (CCSS) Units of Study developed by SUSD teachers through the Rigorous Curriculum Design Process. The content was selected due to the full implementation of the CCSS in California in 2014-2015 and the related CAASP state assessment to be implemented in spring of 2015.

Professional development in the core standards and units of instruction was initially provided through full day off site professional development training sessions. Two full day sessions were provided in 2013-2014 and two are planned for 2014-2015. Additionally, onsite coaching is provided.

On-going teacher support is provided through site-based ELA and Math coaches, staff PLC collaboration meetings, data team meetings.

Career Technical Education Programs

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
