### **School Description**

The Vision: Tyler Skills School is committed to the belief that all students can succeed. The Tyler staff fosters the academic growth and social development of students through our teamwork, organization, creativity, reflection, and adaptability.

The Mission: The staff at Tyler Skills School work collaboratively to meet the needs of all students. We believe in a culture of respect, productivity, and personal responsibility incorporating 21st century learning skills in our instruction. We are dedicated to developing students who will make positive contributions to our society.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

\* High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more

### School Facility Conditions and Planned Improvements (Most Recent Year)

Tyler Skills school site has over 20 classrooms, a multipurpose room, a library, a computer lab and an administration building.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

A scheduled maintenance program is administered by the district to ensure that all classrooms, restrooms, and facilities are well-maintained and in good repair. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Hispanic or Latino	69	69	100.0	27.5
White	18	16	88.9	56.3
Socioeconomically Disadvantaged	89	85	95.5	28.2

\* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

	<b>7</b>	45	45	100.0	25.0
	<b>8</b>	46	45	97.8	28.9

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## **C. Engagement**

### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### **Opportunities for Parental Involvement (School Year 2016-17)**

Tyler Skills Elementary School recognizes that parents and the community play an important role in the success and education of their students. We have established partnerships with community businesses and organizations to increase parent participation and offer several opportunities and programs to encourage parent involvement.

Parent/Teacher Conferences

English Language Parent Involvement Committee (ELPIC)

Tyler Skills Parent-Teacher Organization

School Site Council (SSC)

Tyler Skills Elementary School believes that the parents and guardians can support the learning environment of the school and their students by:

Monitoring student attendance

Monitoring completion of student homework

Monitoring and regulating television viewing

Participating in the decision making process in school organizations and committees

Planning and participating in activities at home that support classroom learning

Volunteering in the classroom

Parents and community members who wish to become a part of the school community and participate should call the school's office at (209) 933-7295.

### **State Priority: School Climate**

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### **School Safety Plan**

Tyler Skills Elementary School places a strong emphasis on ensuring the safety of all students and staff members. The school's custodial team ensures the school facilities are in compliance with all federal and state health and safety regulations. Each year a deep cleaning process occurs during the summer & winter breaks.

In the event of a facility plant emergency, the principal notifies appropriate site and district personnel to resolve the emergency and safely secure or evacuate the students, based upon the site and district emergency preparedness plans.

A comprehensive School Safety Plan helps to provide a secure, peaceful, and clean environment for the school community. The school's Readiness and Emergency Management for Schools plan identifies procedures to follow during emergencies and natural disasters. Emergency drills are conducted on a regular basis.

Every effort is made to ensure students are monitored while on campus throughout the school day. Yard supervisors, Campus Safety Assistant, teachers, site administrators and school staff provide supervision for students before and during school. The playground is safe for all students. All visitors must sign in at the office and receive proper authorization to be on campus and must display their assigned one-day badge at all times. The Comprehensive School Safety Plan was adopted by the SSC in December of 2015 and was reviewed with Faculty and Staff on August 8th 2016.

### Professional Development provided for Teachers

The staff development focus was on the Common Core State Standards (CCSS) Units of Study developed by SUSD teachers through the Rigorous Curriculum Design Process. The content was selected due to the full implementation of the CAASPP state assessment.

Professional development in the core standards and units of instruction was provided through two hours of site professional development training sessions a month. Additionally, onsite coaching is provided.

On-going teacher support is provided through a site-based coach, staff PLC collaboration meetings, & data team meetings.
