VICTORY SCHOOL'S MISSION

OUR MISSION IS TO EMPOWER STUDENTS TO REACH THEIR HIGHEST POTENTIAL, INSPIRE ACADEMIC AND BEHAVIORAL EXCELLENCE, AND ENCOURAGE MEMBERS OF THE SCHOOL COMMUNITY TO PARTICIPATE IN OUR ENDEAVOR. EVERY STUDENT, EVERY DAY, WHATEVER IT TAKES!

VICTORY SCHOOL'S VISION

VICTORY SCHOOL'S VISION IS TO PROVIDE A SAFE, CARING, DISCIPLINED AND STIMULATING ENVIRONMENT WHERE CHILDREN WILL ACHIEVE THEIR FULLEST POTENTIAL, SO THEY CAN MAKE THEIR BEST CONTRIBUTION TO OUR WORLD. WE VALUE OUR SCHOOL COMMUNITY AND RECOGNIZE THE ROLE IT PLAYS IN REALIZING OUR VISION

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more

School Facility Conditions and Planned Improvements (Most Recent Year)

Our school is in good repair, according to the criteria established by the Office of Public School Construction. Our deficiencies are minor ones resulting from common wear and tear, and there are few of them. We scored between 90 and 99 percent on the 15 categories of our evaluation.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Our school recognizes that parents and the community play an important role in the success and education of their students. Many schools have established partnerships with community businesses and organizations to increase parent participation. Each school offers several opportunities and programs to encourage parent involvement.

Adult Education classes for GED and citizenship

After School Programs

Counseling services when available

English Language Learner instruction and support (ELD)

English as a Second Language for adults (ESL) - various school sites

Family Health Centers and programs when and where available

Parent Resource Center

Parent/Student conferences twice a year

Parent Nights - monthly

Parent/Teacher organizations (PTO)

School Readiness Program (ages 0-5)

School Site Council (SSC)

The school believes that the parents and guardians can support the learning environment of the school and their students by:

Monitoring student attendance

Monitoring completion of student homework

Monitoring and regulating television viewing

Participating in the decision making process in school organizations and committees

Planning and participating in activities at home that support classroom learning

Volunteering in the classroom

Parents and community members who wish to become a part of the school community and participate should call the school's office.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Our school places a strong emphasis on ensuring the safety of all students and staff members. The school’s custodial team ensures the school facilities are in compliance with all federal and state health and safety regulations. Each year a deep cleaning process occurs during a close of school, either during the summer or other extended breaks. In the event of a facility plant emergency, the principal notifies appropriate site and district personnel to resolve the emergency and safely secure or evacuate the students, based upon the site and district emergency preparedness plans. A comprehensive School Safety Plan, called REMS (Readiness and Emergency Management for Schools), is updated annually and reviewed by staff and School Site Council. The most recent update of the REMS plan took place in September 2016. It helps to provide a secure, peaceful and clean environment for the school community. The plan identifies procedures to follow during emergencies and natural disasters. Emergency drills are conducted on a regular basis with staff and students. The site’s Emergency Response Team meets monthly to review drills and prepare for any potential disasters. We communicate with parents through the district’s automated phone message system to inform them of any important safety announcements. Every effort is made to ensure students are monitored while on campus throughout the school day. A full time Campus Safety Assistant, yard supervisors, teachers, site administrators and school staff provide supervision for students before, during and after school. The playground is well supervised during recess time by classified and certificated staff. All visitors must sign in at the office and receive proper authorization to be on campus, and must display their passes at all times.

Professional Development provided for Teachers

Our primary focus for staff development continues to be on implementation of Common Core State Standards (CCSS) and the Units of Study developed by SUSD teachers through the Rigorous Curriculum Design Process. On-going teacher support is provided through site-based instructional coach, program specialist and weekly collaboration meetings.

Professional Learning Community (PLC) training was held monthly at the district for the site leadership team. The site leadership team also attended a three day conference during the summer of 2016 on effective implementation of PLC's. Select staff members also received ongoing PBIS (Positive Behavior Intervention Support) training. Training takes place at the district's Professional Development Center (PDC), San Joaquin County Office of Education and at Victory School.

All staff members received annual training on Imagine Learning (IL), our computer based reading intervention program. IL provides on site support through ongoing professional development on reading, interpreting and utilizing student progress report data as well as ongoing in class support throughout the school year.

Teachers also received annual training sessions on ST Math, our math intervention program for K-6 students. ST Math also provides in class support throughout the school year upon request.

A district representative from the research department provided a one hour training on site for our computer based student assessment tracking system, Illuminate. Teachers use the reports from Illuminate to identify intervention needs for students.

Annual training on the CELDT, CAASPP and REMS also took place during regularly scheduled staff meetings throughout the school year.

Types of Services Funded

The following is a list of Federal and State funded programs that may be available to schools in the district:

- Title I Helping Disadvantaged Students Meet Standards
- Title I Homeless
- Title I Migrant Education
- Title II Improving Teacher Quality
- Title III Limited English Proficient Students
- Beginning Teacher Support and Assessment (BTSA)
- Extended Day Programs
- English Language Acquisition Program (ELAP)

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
