### School Description

#### Principals Message

Welcome to Cleveland Elementary School, home of the C.U.B.S., Cleveland University Bound Scholars!

#### School Goals

- \*Raise All Student Achievement
- \*Ensure a Safe & Positive Environment
- \*Effective Use of Direct Interactive Instruction (DII)

#### Mission

Cleveland Elementary School staff and community provides a high level, standards-based education ensuring all student achieve their full academic potential and become responsible, respectful citizens and leaders in a global society.

#### Vision

Our vision is to ensure that all students are Career ready, University bound scholars, who Become life-long learners, Striving for success.

Cleveland Elementary School has a clear academic mission, focused on students' mastery of the common core state standards. Our staff is committed to implementing the core instructional programs with fidelity and utilizing effective research-based strategies to improve student achievement. We hold high expectations for students' academic success and believe that all students should be provided with high level, rigorous and challenging learning experiences. Our enrichment programs consist of Accelerated Reader (AR), Mathematics Engineering Science Achievement (MESA), Advancement via Individual Determination (AVID), Peer Leaders Uniting Students (PLUS), PBIS, Tiger Pride, Club LIVE and Music. Programs to assist academically at-risk students are provided through our strategic support time and curriculum, reading intervention program, Special Education Resource support, extended day tutoring, Migrant Education Services, Rosetta Stone and STEP UP after school program.

Cleveland Elementary School staff strives to build strong partnerships with our families and neighborhood organizations. We encourage all parents to become active partners in their child's education. Through a combined effort, we can prepare students to become lifelong learners and productive members of our community. We believe in our C.U.B.S., the Cleveland University Bound Scholars!

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more

### School Facility Conditions and Planned Improvements (Most Recent Year)

#### Age of buildings

Each school site has classrooms, a multipurpose room, a library and an administration building. The number of classrooms at each school site varies, depending on enrollment and available space. Several sites have portable class rooms to accommodate increased enrollment and to meet the guidelines for Class Size Reduction (CSR).

#### Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

#### Cleaning Process and Schedule

A scheduled maintenance program is administered by the district to ensure that all classrooms, restrooms, and facilities are well-maintained and in good repair. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Grade Level	2016-17 Percent of Students Meeting Fitness Standards

White	13	12	92.3	58.3
Socioeconomically Disadvantaged	112	111	99.1	31.5
English Learners	41	41	100.0	9.8

\* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### **C. Engagement**

#### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### **Opportunities for Parental Involvement (School Year 2017-18)**

Our school recognizes that parents and the community play an important role in the success and education of their students. Many schools have established partnerships with community businesses and organizations to increase parent participation. Each school offers several opportunities and programs to encourage parent involvement.

- Adult Education classes for GED and citizenship
- After School Programs
- Counseling
- English Language Advisory Committee (ELAC)
- English Language Learner instruction and support (ELD)
- English as a Second Language for adults (ESL)
- Family Health Centers and programs when and where available
- Parent/Student conferences when possible
- Parent/Teacher organizations (PTA/PTO/PTC)
- School Readiness Program (ages 0-5)
- School Site Council (SSC)

The school believes that the parents and guardians can support the learning environment of the school and their students by:

- Monitoring student attendance
- Monitoring completion of student homework
- Monitoring and regulating television viewing
- Participating in the decision making process in school organizations and committees
- Planning and participating in activities at home that support classroom learning
- Volunteering in the classroom

Parents and community members who wish to become a part of the school community and participate should call the school's office or join us for one of the following activities:

Cleveland School hosts monthly Parent Coffee Hours and Mobile Farmers Market on the fourth Monday of each month from 8:00-9:00 a.m. in the multi-purpose room.

Cleveland School also offers a Family Literacy ESL class for all families of the Cleveland School community on Tuesday and Thursday mornings from 8:00 a.m.-10:00 a.m. in room 33.

The Cleveland PTA meets monthly to organize fundraising activities for students and families. Please look for the monthly reminder for meeting dates and times.

The Central United Methodist Church offers a free monthly dinner with activities for all Cleveland School families.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan

Our school places a strong emphasis on ensuring the safety of all students and staff members. The school's custodial team ensures the school facilities are in compliance with all federal and state health and safety regulations. Each year a deep cleaning process occurs during a close of school, either during the summer or other extended breaks. In the event of a facility plant emergency, the principal notifies appropriate site and district personnel to resolve the emergency and safely secure or evacuate the students, based upon the site and district emergency preparedness plans. A site review with the district Internal Evaluation Instrument (IEI) occurs annually.

A comprehensive School Safety Plan, which was recently reviewed by the School Site Council, helps to provide a secure, peaceful and clean environment for the school community. The school's Disaster Preparedness Plan identifies procedures to follow during emergencies and natural disasters. Emergency drills are conducted on a regular basis.

Every effort is made to ensure students are monitored while on campus throughout the school day. Yard supervisors, teachers, site administrators and school staff provide supervision for students before and during school. The playground is safe for all students. All visitors must sign in at the office and receive proper authorization to be on campus, and must display their passes at all times.

### Professional Development provided for Teachers

The primary staff development focus was on the Common Core State Standards (CCSS) Units of Study developed by SUSD teachers through the Rigorous Curriculum Design Process. The content was selected due to the full implementation of the CCSS in California and the related CAASPP state assessment implemented in spring of 2015.

Professional development in the core standards and units of instruction was initially provided through full day off site professional development training sessions. In addition, the district is offering on-going grade level content training for new teachers and teachers who need further support with implementing Units of Study. A three part English Language Development training is required for teachers who teach ELD.

Cleveland School teachers are focused on learning to work as a professional learning community and send the leadership team to monthly area trainings. We also continue to offer Technology Training after school presented by our site technology members. Professional development for ST Math, Compass Learning, and Illuminate is also presented to teachers. Cleveland teachers were trained to work as Data Teams by the administrators and coaches. Cleveland and Wilson Schools collaborated by grade level teams to analyze data and plan instruction. On-going teacher support is provided through site-based ELA and Math coaches, staff PLC collaboration and data team meetings.

### Types of Services Funded

The following is a list of Federal and State funded programs that may be available to schools in the district:

- Title I Helping Disadvantaged Students Meet Standards
- Title I Homeless
- Title I Migrant Education
- Title II Improving Teacher Quality
- Title III Limited English Proficient Students
- Beginning Teacher Support and Assessment (BTSA)
- Extended Day Programs
- English Language Acquisition Program (ELAP)

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
