School Description

Principal's Message

We would like to welcome you to Stagg High School for the 2016-2017 School Year. We are an educational community school that promotes lifelong learning, college and career readiness, and 21st century skills for all stakeholders. All participants will create an enriched environment where students, parents, staff, and community members support one another in positive, challenging, academic, extracurricular, and social endeavors.

Our mission is to provide students with a structured, supportive, rigorous learning environment that will enable them to be successful in college and post-secondary careers. Our vision at Stagg High School strives to offer opportunities for our students that will promote a sense of PRIDE and engage them in challenging learning experiences. These experiences will guide them to become productive and involved members of our community. Stagg is committed to preparing students for college and/post-secondary careers by developing the skills necessary to meet the demands of the 21st century.

Stagg offers numerous academic, co-curricular, and extracurricular programs. We are proud not to only have one, but two nationally recognized award winning programs in Journalism and MESA (Mathematics, Engineering, and Science Achievement). We also offer all A-G coursework, AVID, and offer Honors, Pre-AP (ELA I), and Advanced Placement (AP) courses in English, Math, Science, Social Science, and Foreign Language.

We proudly opened the Stockton Public Safety Academy this past fall and currently serve 5th-8th grade students who are focused on rigor, academics, character and leadership development, fitness improvement, and realistic hands on preparation so that each cadet is college and career ready.

Furthermore, Stagg is actively engaged reviewing yearly individual graduation plans for all students. The purpose of both initiatives is to write a clear academic plan for students and to monitor their success. Counselors meet with students regularly in order to follow their academic progress and to put support systems in place if needed. The counselors also perform assessments for all of our sophomores for career interest inventory (Career Cruising). All leadership decisions will be student-centered, supporting increased student achievement.

Students will develop a mindfulness to always achieve their best academically and behaviorally. All staff will always support and celebrate those efforts by students. All new students with below level skills will be immersed in academically rich programs to quickly bring them to proficiency. Upon graduation, all students will have completed course requirements and possess skills necessary to continue their education at the college level.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). There you'll find the names of the textbooks used in our core classes, their dates of publication, the names of the firms that published them, and more

School Facility Conditions and Planned Improvements (Most Recent Year)

Stagg High School opened its doors in 1959. This included an administration wing, small & large gym, multiple restrooms, a cafeteria, and eight classroom wings containing fifty four classrooms. These buildings were remodeled extensively during the school years from 1999 thru 2002 and are in excellent shape that fully meets state standards.

In order to accommodate enrollment increases, beginning in 1970 thru 2000 some twenty portable classrooms were added to the campus. All but six of these are in poor shape and are due to be removed within the next two years. A library and performing arts wing were added in 1976 that includes three classrooms. A classroom wing (R Building with twenty two rooms) was opened in 1978 and this entire wing is in need of repair or replacement. The construction of a sports stadium complex is finished and has been available for use since the fall of 2010. This work included remodeling the baseball and softball fields as well. Additionally a parking lot for events that includes a circular driveway entrance for dropping off students was built in the north end of the campus and adjacent to the stadium athletic fields. Phase III of the athletic complex began in the fall of 2012 which includes a swimming pool, tennis courts and a multi-purpose field. Phase III was completed in the spring of 2014.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

A scheduled maintenance program is administered by the district to ensure that all classrooms, restrooms, and facilities are well-maintained and in good repair. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Grade Level	2016-17 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	16.7	6.7	3.3
7	36.4	22.7

White	64	56	87.5	33.9
Socioeconomically Disadvantaged	265	206	77.7	17.5
English Learners	62	39	62.9	

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents are a huge part of the Stagg High School family. There are many opportunities for parents to be involved and learn about Stagg High School. We recognize that parents and the community play an important role in the success and education of their students. Many schools have established partnerships with community businesses and organizations to increase parent participation. Each school offers several opportunities and programs to encourage parent involvement. Many of our parents are involved as members in our School Site Council (SSC), School Advisory Committee (SAC), and English Language Parent Involvement Committee (ELPIC). Our contact person is our SB65 person as well as our assistant principal in charge of Parent Outreach and Community Outreach.

- Counseling services when available
- English Language Parent Involvement Committee (ELPIC)
- English Language Learner instruction and support (ELD)
- English as a Second Language for adults (ESL)
- Family Health Centers and programs when and where available
- Parent Resource Center
- Parent/Student conferences when possible
- School Site Council (SSC)

We, as Stagg High School parents, will support our children's learning by:

- * Monitoring attendance
- * Communicating with teachers through ParentVue, emails, and phone calls.
- * Staying informed about my child's education by:
- * Knowing the yearly testing schedule

- * Keeping track with their assignments and deadlines
- * Attending school events and activities (Parent Coffee hour, ELAC and SSC meetings, Back to School night).
- * Helping my child to meet their responsibilities and encouraging appropriate behavior.

Parents and community members who wish to become a part of the school community and participate should call the school's office.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Our school places a strong emphasis on ensuring the safety of all students and staff members. The school's custodial team ensures the school facilities are in compliance with all federal and state health and safety regulations. Each year a deep cleaning process occurs during a close of school, either during the summer or other extended breaks. In the event of a facility plant emergency, the principal notifies appropriate site and district personnel to resolve the emergency and safely secure or evacuate the students, based upon the site and district emergency preparedness plans. A site review with the district Internal Evaluation Instrument (IEI) occurs annually.

A comprehensive School Safety Plan, which was recently reviewed in June of 2016 by the School Site Council, helps to provide a secure, peaceful and clean environment for the school community. The school's Disaster Preparedness Plan identifies procedures to follow during emergencies and natural disasters. Emergency drills are conducted on a regular basis.

Every effort is made to ensure students are monitored while on campus throughout the school day. Four site Administrators, teachers, seven campus security monitors (CSM's), and school staff provides supervision for students before, during, and after school. The school grounds are safe for all stakeholders. All gates are locked by 7:45 am until 1:45 pm with the exception of the main entrance in which a CSM is posted. All visitors must sign in at the office and receive proper authorization to be on campus, and must display their passes at all times. We also have video cameras positioned throughout the school, including the parking lots to assist in ensuring the safety of all students and staff at Stagg.

Professional Development provided for Teachers

The primary staff development focus was on the Professional Learning Communities (PLC's) by Solution Tree. The goal or desired outcome was to provide deeper and consistent implementation of PLC/Data Teams via continued coaching support and calibrate district and peer support.

This professional development was implemented via SUSD for monthly professional development days through Solution Tree for Stagg Region/Site Leadership Team

During 2015-2016, on-going teacher support/professional development was provided through site-based ELA, Math, and science leadership, monthly PLC collaboration meetings via Solution Tree, data (collaboration) team meetings, AVID Trainings, .

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
