Vision

Team Kennedy will be recognized for cultivating positive members of society that are college and career ready.

Mission Statement

The mission of the Kennedy Community is to cultivate life-long learners, responsible and caring citizens, and critical thinkers. We believe in the development of the whole child and celebrating growth. We are committed to the inclusion of project based learning, 21st century skills, and social awareness.

School Goals

- Ensure the safety of all members of the Kennedy Community
- Provide quality, rigorous instruction for all students
- Increase parent/community involvement to support student learning

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). Here you'll find the names of the textbooks used in our core classes and their dates of publication.

School Facility Conditions and Planned Improvements (Most Recent Year)

Stockton Unified takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, we utilize the facility survey instrument developed by the State of California OPSC. The full report is available upon request.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	20.0	20.0	26.0	28.0	48.0	50.0
Math	20.0	19.0	20.0	21.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	19.6	23.5	2.0
7	24.6	15.9	17.4

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Our school recognizes that parents and the community play an important role in the success and education of their students. Kennedy has established partnerships with community businesses and organizations to increase parent participation. The school offers several opportunities and programs to encourage parent involvement. After School Programs: The Step-Up Program is in full swing from the first day of school to the last day of school. Students are tutored with the assistance of the program supervisors. They are fed healthy snacks and participate in exercise daily. Students enjoy activities that relate to school as well as opportunities to sing, dance, create, and play cooperatively. Working together the SSC and ELPIC parent committees of Kennedy School advise the principal about the instructional programs, resources, and ways to offer the absolute best for their children. The School Site Council reviews and develops the School Plan for Student Achievement as well as oversees the school budget. Kennedy teachers stay in close contact with parents on a regular basis to keep them apprised of their child's progress. When necessary, however, the Principal, Counselor, Program Specialist, and teachers, hold CARE Team meetings to provide student interventions and Student Success Team conferences for all students who are at risk for retention and/or need additional behavioral or educational support. Students who are identified as having difficulties in the classroom, irregular attendance, behavior and academic struggles may also meet with this team alongside their classroom teachers to identify strategies and solutions that will diminish obstacles to student success. In addition, parents are welcome to volunteer in the classroom, help with student supervision, and participate in family and student events. Monthly Parent Coffee Hours are the first Friday of each month and the Child Abuse Prevention Council (CAPC) also has parenting classes every two weeks on Tuesday mornings for interested parents. Kennedy School also hosts the SUSD Parent Academies parents that are seeking effective ways to help their child be successful in class.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Our school places a strong emphasis on ensuring the safety of all students and staff members. The school's custodial team ensures the school facilities are in compliance with all federal and state health and safety regulations. Each year a deep cleaning process occurs during the close of school, either during the summer or other extended breaks. In the event of a facility plant emergency, the principal notifies appropriate site and district personnel to resolve the emergency and safely secure or evacuate the students, based upon the site and district emergency preparedness plans. This year parents will also be given the opportunity to review the REMS plan at our monthly Parent Coffee Hour in January. A site review with the district Internal Evaluation Instrument (IEI) occurs annually. A comprehensive Readiness and Emergency Management for Schools document helps to provide a safe environment for the school community. The school's REMS plan identifies procedures to follow during emergencies and natural disasters. Emergency drills are conducted on a monthly basis. This plan was updated in December 2015 and reviewed by the faculty at the August 2016 and January 2017 staff meeting. Kennedy staff members are also being trained on Share 911 at their staff meeting in October 2016 to ensure effective communication in the event of an emergency. The principal is certified in the national REMS guidelines and procedures. Every effort is made to ensure students are monitored while on campus throughout the school day. Yard supervisors, teachers, site administrators, the Campus Security Assistant and school staff provide supervision for students before, during, and after school. The playground is safe for all students. All visitors must sign in at the office, receive proper authorization to be on campus, and must display their Visitor Badge or Volunteer Identification at all times. There is a crossing guard in front of the school and on the corner of El Dorado and Ponce de Leon so that students can walk safely to and from home. Parents are not allowed to drop off students in the staff parking lot due to safety concerns. Outside gates are to remain locked during school hours thus requiring visitors to enter and sign-in through the front office.

In an effort to improve safety, John F. Kennedy School is partnering with the City of Stockton and the SAFE Moves program to improve safety for students on the way to and from school. Parents, teachers, and students learn about the real and perceived dangers in the community and then are given an opportunity to problem solve with the City of Stockton to increase the safety of students. Finally, Kennedy School is one of 2 elementary schools in SUSD that was selected to participate in Project Prevent, a grant from the U.S. Department of Education. Project Prevent is school wide and focuses on reducing the cycle of violence and address trauma in the lives of students. The effectiveness of the grant will be measured by the Healthy Kids Survey, discipline data, and the number of students receiving mental health services.

Professional Development provided for Teachers

The primary staff development focus was on the Common Core State Standards (CCSS) Units of Study developed by SUSD teachers through the Rigorous Curriculum Design Process. The content was selected due to the full implementation of the CCSS in California in 2014-2015 and the related CAASPP state assessment to be implemented in spring of 2016. Teachers also attended a one day follow-up training in 2015-2016. Additionally, onsite coaching is provided.

On-going teacher support is provided through site-based ELA and Math coaches, staff meetings, PLC collaboration meetings, and data team meetings.

In addition, a team of teachers across grade levels wrote and received a grant to integrate Writing and Science so that students would have more experience reading and writing about non-fiction texts in order to better align instruction with the CAASPP and MAP Science assessments. The team of teachers coached, provided PD and modeled lessons using the writing strategies and providing hands on experiences in the Science Room in 2015-2016. The team of teachers also took STEM classes at the San Joaquin County Office of Education to develop content knowledge and help assist their peers with the new Next Generation Science Standards. Teachers are supported by the Kennedy Science Writing Team, the coach, and the administrator.

John F. Kennedy School is one of 3 pilot schools that is focusing on Executive Functions. Lead teachers present strategies and lessons to develop EF skills at staff meetings. The teachers do pre and post BRIEFS or Behavior Rating Inventory of Executive Function on a group of students to see if the lessons are effective in addition to using MAP and SBAC results. The teachers are supported by a school psychologist, lead EF teachers, and the administrator.

In 2015-2016 the 7/8th grade teachers and AVID Coordinator and school counselor went to professional development provided by AVID and attended the Summer AVID Institute. In 2016-2017 the 7/8th grade teachers, AVID Coordinator and administrator are continuing to receive staff development through the district and AVID. Teachers also collaborate onsite about how to best utilize the WICOR strategies and implement the components on the AVID program. Teachers receive support from the onsite AVID coordinator, coach, and administrator.

In the summer of 2016 members of the Leadership Team attended the Solution Tree At Work PLC Conference and provided PD to the rest of the staff in Aug. and Sept. of 2016. Members of the Science Writing Team went to PBL Word to learn about project based learning. About 9 teachers went to a 3 day summer institute for Project Lead the Way to begin implementation of the program in 2016-2017.

Types of Services Funded

The following is a list of Federal and State funded programs that may be available to schools in the district:

- Title I Helping Disadvantaged Students Meet Standards
- Title I Homeless
- Title I Migrant Education
- Title II Improving Teacher Quality
- Title III Limited English Proficient Students
- Teacher Induction Program
- Extended Day Programs
- English Language Acquisition Program (ELAP)

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
