Principal's Message

Monroe enjoys a rich history of academic and cultural excellence that is the result of a collegial partnership between the school staff, parents and community partnerships who provide a diversity of experiences for the students.

Monroe's administration, parents, teachers and support staff work as a partnership to promote a mutual respect between home and school, to respect and appreciate the diverse groups and cultures. Monroe School communication is vital between parents and school, we implement outreach strategies to provide information, educate and support parents. Monroe continues to build a strong collaboration and partnerships with parents and families of the students we teach. Our school is a K-8 school with full-day kindergarten and Head Start Preschool classes. Monroe strives to become a high-performing school, our goal is to provide an academically rigorous learning environment with mastery of the Common Core grade level standards in reading, writing, and mathematics which forms the foundation of the instructional program for all of our students. Monroe continues to strive for the one to one ratio with our touch screen computers. We continue to maximize our instructional minutes through targeted instruction and implementation of research-based instructional strategies. Monroe Teachers continue to grow professionally as they attend on-going Professional Learning Community trainings, work in Teacher collaborative Action Team (CAT) to discuss effective teaching practices, A-Z training in math and reading, district staff development and receive in class support from the Assistant Principal and Principal. Teachers use Common Formative assessments, benchmark tests and the Bader Assessment which are given to students throughout the year to monitor their academic progress. Teacher CAT (Collaborative Action Teams) meeting and RTI (Response To Intervention) Team use data to academically group students and drive instruction to meet the needs of our Monroe students. The Administrator, staff and Monroe's MTSS (Multi-tiered Systems of Student Support) Team provide a safe and orderly campus where your student may focus his/her energy on learning. All students have the opportunity to meet their maximum potential with the guidance and support of Monroe School's fully trained teachers and support staff. Monroe School is currently certified in both AVID Elementary and Secondary. We prescribe to the AVID mission statement that says to support student learning and close the achievement gap by preparing all students for college and career readiness to be successful in a global society.

Monroe looks forward to working with you to create new opportunities and new accomplishments for our students this year.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

The main fact about textbooks that the Williams legislation calls for described whether schools have books in core classes for all students. The law also asks districts to reveal whether those books are what the California content standards calls for. This information is far more meaningful when along with the more detailed description of textbooks contained in our School Accountability Report Card (SARC). Here you'll find the names of the textbooks used in our core classes and their dates of publication.

School Facility Conditions and Planned Improvements (Most Recent Year)

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

A scheduled maintenance program is administered by the district to ensure that all classrooms, restrooms, and facilities are well-maintained and in good repair. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The custodians will check all common areas for cleanliness and vandalism.

The common areas will be cleaned daily by the school custodians, and maintained by students through site expectations.

Noon duty supervisors will assist in the preparation and cleaning of the cafeteria.

The Campus Safety Assistant (CSA) will assist in the maintenance of behavior and number of infractions in the hallways, restrooms, and playground.

Staff assigned for yard and after school duty will assist in enforcing rules and procedures on the playground and in common areas.

Students and staff will take responsibility for maintaining safe, clean, and litter/graffiti-free common areas.

Daily communication between the Principal and Head Custodian to ensure the site physical plant is maintained appropriately. Any deficiency noted on the site inspection will be put into a work order, with attention to the

Risk Management Department.

Monroe has an annual visit from the San Joaquin County Office of Education to conduct Williams Act visit monitoring curriculum and the physical environment for compliance purpose.

The campus will be secured daily, with one main entrance which is monitored by office staff.

Check-in procedures for all visitors will be in place, complete with sign in logs, visitor badges, and Megan's

Law clearance for volunteers.

Stockton Unified takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, we utilize the facility survey instrument developed by the State of California OPSC. The full report is available upon request.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	18.0	18.0	26.0	28.0	48.0	50.0
Math	18.0	16.0	20.0	21.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents receive notification on student progress through weekly reports from classroom Dojo website, trimester progress reports and trimester standardized report cards. Standards and research-based instruction information is provided to parents during Back-to-School-Night, AVID Night, Math Scholars, ELAC meetings, Parent Coffee Connection meetings, and Parent Conferences or Workshops. Students are included during meetings by presenting class projects, skits, songs for parents to demonstrate the on-going learning in the classroom and increase parent participation during parent meetings. Themed-event nights: As Fall Festival, PTA Ice Cream Social, Literacy Night and community sponsored events are also used as incentive to get parents more involved at Monroe. Monroe's Renaissance Awards Assemblies are held after a trimester to celebrate student achievement. Announcements and important information are communicated via School Messenger, an automated phone dialer system, weekly communicator with notices and a Principal's Monthly Newsletter. Home contact and home visits are made by the counselor, teachers, administrators, office staff, community assistant and Resource Teacher.

Monroe offer grade level workshop classes and ESL classes for parents. Monroe encourages and supports district parent training which empowers parents with the skills to create a home environment with structure and discipline that promotes learning. Monroe library provides parents with skills, resources, and books for building Family Literacy.

Title I Parent Education is facilitated by the community assistant, counselor and administration. Through the Parent Coffee Connection, which is held once a month educates parents in academic, behavior, and social development. Parent Coffee Connection is provided to parents in both English and Spanish. Community agencies and other family resources provide information and training. The Parent Involvement Policy is located in the Analysis of Current Instruction section of the School Plan for Student Achievement. A parent/student/teacher three-way compact is sent home at the beginning of each year for parents and students to sign and return. Parents and community members who wish to become a part of the school community and participate should call the school's office or register online Be-A-Mentor program (school volunteer).

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Monroe updated its REMS Safety Plan August 2017 to adjust to the reduction in support staff. Monroe places a strong emphasis on ensuring the safety of all students and staff members. The school's custodial team ensures the school facilities are in compliance with all federal and state health and safety regulations. Each year, a deep cleaning process occurs during a close of school, either during the summer or other extended breaks. In the event of a facility plant emergency, the principal notifies appropriate site and district personnel to resolve the emergency and safely secure or evacuate the students, based upon the site and district emergency preparedness plans. A site review with the district Internal Evaluation Instrument (IEI) occurs annually.

A comprehensive School Safety Plan, which was reviewed on 5/13/17 by the School Site Council, helps to provide a secure, peaceful and clean environment for the school community. The school's Disaster Preparedness Plan identifies procedures to follow during emergencies and natural disasters. Emergency drills are conducted on a regular basis.

Every effort is made to ensure students are monitored while on campus throughout the school day. Yard supervisors, teachers, site administrators and school staff provide supervision for students before and during school. The playground is safe for all students. All visitors must sign in at the office and receive proper authorization to be on campus, and must display their passes at all times.

Professional Development provided for Teachers

The primary staff development focus was on the Common Core State Standards (CCSS) Units of Study developed by SUSD teachers through the Rigorous Curriculum Design Process. The content was selected due to the full implementation of the CCSS in California in 2014-15 and through 2015-16, 2016-17 and 2017-18 the related CAASP state assessment to be implemented yearly in the spring of 2015, 2016, 2017 & 2018.

In building our Professional Learning Community, A total of 5 staff members have been trained in PLC June of 2015 at PLC conference in Vegas, with 9 staff attending PLC training at district with Dewey and 6 additional training at the PLC conference in Vegas in June of 2016 and 5 additional staff attending PLC district training with Joe Cudemi in 2017. In summer of 2018, 4 additional staff members attended the PLC in Santa Clara, CA.

To support Monroe teachers 6 staff members were sent to RTI training in 2016 to support teachers in the classroom with Tier 1 & 2 students and provide student intervention from the RTI teacher & Resource for Tier 3 students. The position for the intervention teacher was eliminated at district level but Monroe continues to monitor all students through the RTI Team process for the 18-19 school year. .

Professional development in the core standards and units of instruction was initially provided through 2 full days off site professional development training sessions to support Common Formative Assessments with ALS in 16-17. Two full day sessions were provided in 15-16 on PLC. A 2 hour session on RTI (Response to intervention) in 16-17 to support teachers with Tier 1,2 & 3 students.

Continued 2 day PLC training in 2017 in August, along with 5 additional AVID teacher training at AVID summer institute training in Sacramento in June of 2015, 2016, 2017 and 2018.

On-going teacher support is provided through site-based, staff PLC collaboration meetings, CAT(Collaborative Action Team) grade & vertical data team meetings and academic meetings 3 times a year, along with learning walks to reflect on teacher practices 3 times a year.

Monroe teachers will continue developing it's Professional Learning Community (PLC) to fully implement Common Core Units of Study, AVID (Advancement Via Individual Determination). Implementation of MTSS with PBIS (Positive Behavior Intervention and Support) and RTI (Response To Intervention) Team monitoring student growth with MAP, CFA, summative assessments and UOS Pre / Posttest. Teachers are supported by Assistant Principal and Principal and provided lesson studies with A2Z coaches for the 2018-19 school year.

The following is a list of Federal and State funded programs that may be available to schools in the district:

- Title I Helping Disadvantaged Students Meet Standards
- Title I Homeless
- Title I Migrant Education
- Title II Improving Teacher Quality
- Title III Limited English Proficient Students
- Teacher Induction Program
- Extended Day Programs
- English Language Acquisition Program (ELAP)

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
