About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2011-12 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at (831) 429-3807.

School Description

A Message from the Principal

DeLaveaga Elementary School is located on the east side of Santa Cruz near DeLaveaga City Park. The highly skilled and collaborative teaching staff has many years of professional experience. We emphasize a strong, enriched educational program based on the California Content Standards, supplemented by the arts and science, which enables all children to reach their academic, social, and emotional potential.

DeLaveaga houses the district's K-5 Spanish dual-immersion program. We teach kindergarten and first grade students 90 percent in Spanish and 10 percent in English, increasing yearly the amount of instruction in English. By fifth grade, classes are taught 50 percent in each language. The goal of the program is for all students to be bilingual and biliterate in English and Spanish.

DeLaveaga has implemented a school wide research-based program, Positive Behavior Intervention and Supports (PBIS) which has enhanced our positive school climate.

Major Achievements

DeLaveaga students consistently score well on state-level testing. Student scores in English Language Arts and Mathematics are at or above the state average.

DeLaveaga's active Parent Teacher Club (PTC) raises more than \$70,000 annually to support classroom learning. The PTC also funds credentialed music teachers to provide weekly instruction for kindergarten through third grade. All students receive weekly art instruction funded by a district parcel tax. Students in fourth and fifth grade receive music instruction weekly through the district's program.

A Certificate of Biliteracy, which recognizes language proficiency in both Spanish and English, was awarded to 5th graders this year.

Focus for Improvement

Classroom teachers evaluate students' literacy and mathematics skills regularly. This information helps identify which students require additional services during the school day or afterschool assistance. English Learners received extra support in acquiring English oral and written skills.

Students in grades two through five also take the California standardized tests. Our Academic Performance Index (API) is based in part on these test results and provides a statewide measure of school progress. DeLaveaga students consistently perform well on state standardized tests and local measures of student achievement.

Our current focus on math will continue to develop students' critical thinking skills and prepare all students for algebra.

Leadership

This is Ruth Smith's fourth year as our principal. Prior to that she was an assistant principal, supervisor of teacher education at the University of California, Santa Cruz, and an English Learner coordinator. She was a classroom teacher for over 20 years and earned National Board Certification.

In grade-level teams, teachers determine instructional focus and professional development needs in alignment with district goals and student test results. The School Site Council (SSC), Parent Teacher Club, and our English Language Advisory Committee (ELAC) play key roles in shaping our students' educational experience. A faculty instructional leadership team works collaboratively with the principal to identify and address school issues, and plan professional development.

Opportunities for Parental Involvement

We enjoy a high rate of parent volunteerism in classrooms and on field trips. Our School Site Council, which includes parents, approves the school's annual plan and budget. Parents also participate on the English Language Advisory Committee, which supports our English Learners, the Two-Way Immersion parent advisory committee, and the Parent Teacher Club.

School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Accident rates on campus are very low. The staff works together to ensure that the site is safe, clean, and orderly. All visitors are expected to check in with the office and wear a name tag. With input from everyone involved in our school community, we revise our Safe School Plan annually. The School Site Council approved our current Safe School Plan, which includes emergency procedures, in May 2012.

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

School Facility Conditions and Planned Improvements (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: 11/14/2012

We have added nine portable classrooms to the campus since 2004 to accommodate an increase in student population. The custodial staff maintains our buildings well, while district-level personnel handle larger projects. In recent years, we have upgraded the school's rest rooms, heating system, and interior walls, and installed new walkways. New windows and doors were installed in the summer of 2006. New roofing was completed in the summer of 2009. An additional kindergarten play structure was installed in the fall of 2009. In 2010–2011 selected portables were moved, and a courtyard with shade trees, tables, and a drinking fountain were added to improve supervision and enhance the aesthetics of the school site.

School Facility Good Repair Status (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The Overall Rating (bottom row)

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

Teachers participate in ongoing district-coordinated staff development activities to improve student performance. This year teachers and administration identified writing as an area of need based on student test scores.

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: www.cde.ca.gov/nclb/sr/tq/

Types of Services Funded (Fiscal Year 2011-12)

This section provides specific information about the types of programs and services available at the school that support and assists students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Our school uses specialized funding to provide extra instruction for students with specific needs. We currently use state and federal funds to provide additional reading support for students. Revenue from the local parcel tax funds teachers for our art and music programs. Our generous parent community also provides funding for learning assistants and music teachers.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2012-13)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: November 8, 2011

In all subject areas, our textbooks are the most recently approved by the State Board of Education and our Local Governing Agency.

Textbooks and Instructional Materials	
Core Curriculum Area	Textbooks and Instructional Materials/Year of Adoption
Reading/Language Arts The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%	Reading: A Legacy of Literacy - Houghton Mifflin Adopted 2001
Mathematics The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%	EnVision - Pearson Adopted 2008 Investigations - Pearson Adopted 2008
Science The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%	FOSS - Delta Education Adopted 2007
History-Social Science The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%	History & Social Science - Pearson Adopted 2006

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

California Physical Fitness Test Results

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the Percent of Students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at www.cde.ca.gov/ta/tg/pf/.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Federal Intervention Program (School Year 2012-13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.
