### About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/). For additional information about this school, please contact the school administration at (831) 429-3898.

### A Message from the Principal

Alternative Family Education (AFE) is a homeschool for 165+ students in kindergarten through twelfth grade. This school is for families who prefer an individualized, home and community based approach to their children's education combined with the support of school district resources. AFE students meet regularly with consultant teachers, who help outline educational goals and objectives. They can also participate in weekly enrichment academic classes, school sports (volleyball, basketball, and softball), theater productions, and field trips, including an annual trip to the Shakespeare Festival in Oregon.

AFE is located on the vibrant Branciforte Small Schools Campus (BSSC). Other schools sharing the campus are Ark Independent Studies High School, Costanoa High School, and Monarch Community School.

### Major Achievements

Teachers created language arts and math rubrics to support students and parents in their learning/teaching process. Many students and parents attended the 12th annual trip to the Oregon Shakespeare Festival. A Glee Club with over 20 students formed and performed. Over 40 students participated in AFE's Annual Film Festival making and presenting films. Students participated in a school-wide poetry reading, art night, and art show. Students excelled in their areas of interest receiving several awards. Students participate in the Alternative Education Sports League which include Volleyball, Basketball, Soccer and Softball seasons throughout the academic year. We had champions in Volleyball, team AFE 1 representing Division 1, and AFE 3 Champions of Division 3. Our coed basketball team also earned the Champions title.

### Focus for Improvements

We improved the process for parents to organize, plan, and implement school-wide events. We held two Town Hall meetings to share information and provide a discussion forum for the AFE community.

Each year we are increasing our parent-led fundraising efforts. This year efforts included E-script, collection of Safeway receipts for school donation program, participation in Drive for Schools, and two other local fundraisers.

The staff is developing useful, "homeschool friendly" local assessments that demonstrate student growth over time. The use of language arts rubrics were implemented to show student academic growth over time.

## Leadership

Daniel Denton and Lysa Tabachnick are the new co-principals of the school. Both come with homeschooling experience and have collectively worked in education in all settings from Kinder to 12th grade and Adult Education.

Our School Site Council (SSC) and Parent Club each continue to play key roles in shaping our students' educational experience.

## Opportunities for Parental Involvement

The two parent groups were the School Site Council and the Parent Club. Many parents participated in field trips and shared their academic expertise through enrichment classes, tutorial groups, and playgroups for the younger children. The Parent Club participates in fund raising to support the enrichment classes and field trips.

## School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The four schools on the BSSC write a Safe School Plan together each year. The goals were as follows: 1) Increase opportunities for positive interactions among students and staff of the four schools on campus. 2) Outdoor play area will be clean and safe.

Average Class Size and Class Size Distribution												
Average Class Size				Number of Classrooms*								
				1-20			21-32			33+

Gr. 3			1			4						
Gr. 4			3			3						
Gr. 5			2			5						
Gr. 6	30		3	0		6	1			0		

\* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area, English, Math, Science and Social Science (SS), rather than grade level.

Expulsions Rate	0.38	.08	0.8

\* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

### School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

**Year and month in which data were collected:** 10/14/2013

AFE is housed in four refurbished buildings on the Branciforte Small School Campus. We received a high rating of 98.9%

### School Facility Good Repair Status (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The Overall Rating (bottom row)

### Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

Staff development is focused on developing useful, homeschool-friendly local assessments that demonstrate student growth over time. Rubric building for English Language Arts, Math and Learning Skills was also a professional development focus for AFE.

### Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: [www.cde.ca.gov/nclb/sr/tq/](http://www.cde.ca.gov/nclb/sr/tq/)

<b>All Schools</b>	80.6	19.4
<b>High-Poverty Schools</b>	73.8	26.2
<b>Low-Poverty Schools</b>	86.4	13.6

\* High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

\* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

### Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assists students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Our generous community supports a parcel tax that funds our library staff.

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2011-12)

<b>Percent Difference: School Site/ State</b>			-1.2	

\* **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

\* **Basic/Unrestricted expenditures** are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at [www.cde.ca.gov/ds/fd/ec/](http://www.cde.ca.gov/ds/fd/ec/). For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at [www.cde.ca.gov/ds/fd/cs/](http://www.cde.ca.gov/ds/fd/cs/). **Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)**

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school’s use of any supplemental curriculum or non-adopted textbooks or instructional materials.

**Year and month in which data were collected:** December 5, 2013

In all subject areas, our textbooks are the most recently approved by the State Board of Education and our Local Governing Agency.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at [star.cde.ca.gov](http://star.cde.ca.gov).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at [www.cde.ca.gov/ta/ac/ap/](http://www.cde.ca.gov/ta/ac/ap/).

### Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

### Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: [www.cde.ca.gov/ta/ac/ay/tidetermine.asp](http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp).

### Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

## Admission Requirements for California's Public Universities

### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information webpage at [www.universityofcalifornia.edu/admissions/](http://www.universityofcalifornia.edu/admissions/). (Outside source)

### California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU webpage at [www.calstate.edu/admission/admission.shtml](http://www.calstate.edu/admission/admission.shtml). (Outside source)

### Completion of High School Graduation Requirements

This table displays, by student group, the number of students who were a part of the school's most recent graduating class for which CDE has available data and meet all state and local graduation requirements for grade twelve completion, including having passed both the ELA and mathematics portions of the CAHSEE or received a local waiver or state exemption.

### California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB. For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at [cahsee.cde.ca.gov/](http://cahsee.cde.ca.gov/).

**Career Technical Education Programs**

This section provides information about Career Technical Education (CTE) programs including:

- Programs and classes offered that are specifically focused on career preparation and or preparation for work
- How these programs and classes are integrated with academic courses and how they support academic achievement
- How the school addresses the needs of all students in career preparation and/or preparation for work, including needs unique to defined special populations of students
- The measurable outcomes of these programs and classes, and how they are evaluated
- State the primary representative of the district’s CTE advisory committee and the industries represented on the committee

Some high schools offer courses intended to help students prepare for the world of work. These career technical education courses (CTE, formerly known as vocational education) are open to all students.
