School Description

A Message from the Principal: Monarch, "a small school with a big heart", is an alternative school of choice. We provide a developmental approach, where each child is seen as an individual with various strengths and needs. Our curriculum uses science and social studies themes from the Common Core Standards to teach both basic skills and critical thinking to our students in mixed-age groups. At Monarch students learn to use their hearts and minds well.

The foundation of our program is a robust social-emotional curriculum, based on the Positive Discipline philosophy. Our goal is to create a healthy environment of mutual respect and dignity for both children and adults, as well as to foster good communication and problem-solving skills. This foundation gives the academic curriculum a place to root and grow.

Monarch is located on the Branciforte Small Schools Campus (BSSC) and has four multiage classrooms. Children are grouped according to their academic and social needs, not according to their age alone. The school benefits from the support of the nonprofit Monarch Community Board, a group of parents that supports parent participation, parent education, and fund-raising within our school community. Parent participation is critical to the running of the school and the spirit of the community.

Major Achievements

This year, students successfully "graduated" from Monarch to Branciforte and Mission Hill Middle Schools, Alternative Family Education (AFE) Home school, Georgiana Bruce Kirby Preparatory School and Pacific Collegiate Charter School.

For the ninth year, graduating students demonstrated their mastery of our exit criteria to a panel of adults and peer students. Graduating students present evidence showing their academic growth in all subject areas including Math and English Language Arts, as well as leadership development, while at Monarch School. In 2010 the Monarch staff presented their work on the exit criteria program at the Fall Forum, the national conference for the Coalition of Essential Schools.

Focus for Improvements

Monarch staff is focusing on improving instruction and assessment of writing by participating in professional development in 2014-2015. The teachers are learning the new Writers Workshop curriculum aligned with the CCS.

Staff is in the process of building capacity to serve a significant English Learner population within the district. All teachers are CLAD certified. Staff are studying research based strategies and collaborating with the district to design curriculum that meets these students' needs and is in alignment with our developmental philosophy. The goal in 14-15 was to begin to integrate the new ELD standards into our thematic curriculum and through out the school day.

Monarch uses a portfolio system that contains students' assessment results and samples of their work to document student progress and achievement.

Finally staff continues to develop their equity lens through working with Enid Lee and investigating equity questions in the their individual class rooms. This work asks teachers to make changes to their systems that support full inclusion of all students.

Monarch will continue the Exit Criteria project, where graduating students must demonstrate that they are ready to move on to middle school by presenting work from their portfolios to a panel of teachers, parents, visiting educators and administrators, and student peers.

Leadership

Lysa Tabachnick is the principal of Branciforte Small Schools Campus including Monarch. She comes to the site with 6 years of prior administration experience and 16 years as a classroom teacher in both alternative and comprehensive education. Lysa holds a Standard Elementary Teaching Credential and a clear credential in school administration as well as a supplemental authorization in art. She is a former teacher at Monarch and is bilingual.

Parents, students, and all staff take part in decision making at Monarch Community School. The staff and the Monarch Parent Board work together to shape our students' educational experience.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (831) 429-3898 or the district office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

The parent-run Monarch Community Board is a nonprofit organization that oversees parent participation, parent education, fundraising, and community development. Monarch is a parent-participation school and has a parent-participation agreement. Parent participation is expected in the classrooms, and in school-wide jobs that help run the school. Parents are also expected to help with fundraising, and attend parent meetings. We depend on and highly value our families' support and involvement.

To become more involved, please call or visit the school office - (831) 429-3898

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

The four schools on the BSSC write a Safe School Plan together each year. The goals were as follows: 1) To increase opportunities for students, parents and/or teachers to attend workshops, presentations or sessions that will help create an informed mental health aware community. 2) BSSC Culture and Climate will maintain an 80% positive response from students and parents as measured by our schools' student and parent surveys, in the area of school safety.

Types of Services Funded

LCFF and Title 1 funds supported two part time Learning assistants for the second half of the school year. These funds also helped support professional development targeted at the school's site plan goals.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Professional Development provided for Teachers

Teachers devote two afternoons per month to improve their skills as a Professional Learning Community (PLC) and to study student data through the process of a cycle of inquiry. Teachers have a clear process in place for identifying areas for improvement and utilizing professional development resources to support their curriculum planning. Teachers participate in professional development offered by the district and county office of Education as it pertains to the school-wide goals for the year. We are part of the Coalition of Essential Schools and attend Fall Forum when possible. In 14-15 teachers received professional development with Enid Lee focusing on equity issues in the classroom and inclusion.
