School Description

Cordillera Elementary School is committed to providing a nurturing and safe environment in which children develop a lifelong love of learning. We provide abundant and diverse opportunities for students to develop intellectually, emotionally, physically and socially. We have a strong commitment to meeting the needs of each student and to collaborating with parents and the community to build a strong team of support for students and their families.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (949) 830-3400 or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

We choose textbooks and instructional materials that are aligned to state-adopted content standards consistent with state-adopted curriculum framework content and cycles. This report includes a list of some of the textbooks and instructional materials we use at our school. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This report shows whether each student in each core course had sufficient textbooks or instructional materials that are consistent with the content and cycles of the state-adopted curriculum frameworks for those subjects.

School Facility Conditions and Planned Improvements (Most Recent Year)

We modernized the Cordillera campus ten years ago. Changes included establishing a wonderful library and removing three portable classrooms. Our campus is neat and well managed. Through Measure B we added a new building, which includes new classrooms and rest rooms. This addition enabled us to move the computer lab into a classroom and free up our multipurpose room for full-time use. We also took down temporary walls between two of the classrooms and enlarged them to create three large rooms and a storage area.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

The parents at Cordillera Elementary School are very active participants in their children's education. They volunteer regularly in the classrooms, library and office. Parents are members of our PTO, School Site Council (SSC), English Language Advisory Committee, Friends of the Library, and Garden Committee just to mention a few. The SSC makes decisions on academic goals and budget expenditures along with the staff and principal. The PTO promotes family nights, puts on a winter carnival, and finances student arts programs such as Meet the Masters and Class Act. The PTO works together to raise funds to purchase Chromebooks and iPads for our students and teachers to utilize across the curriculum.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

Each fall, the School Site Council and staff review, update and approve our Site Safety Plan. It covers school safety, including entrances and exits; campus rules; policies on suspension and expulsion, sexual harassment, and the reporting of child abuse; responses to student disciplinary and safety concerns; and crime and disaster procedures. We practice monthly disaster drills, maintain extensive emergency supplies, and keep the school equipped with food and water to shelter students for up to 72 hours following a disaster. All visitors to our campus are asked to sign in and wear a visitor badge while on campus.

Professional Development provided for Teachers

Staff development is provided on site at professional learning community meetings as well as staff meetings. The administrator and Leadership Team work together to demonstrate best practices and to work together to help teachers implement strategies and instruction practices throughout the school. A team of teachers, along with the site administrator, attend leadership seminars aimed at increasing student achievement through data analysis. We also offer continuous staff training in technology, curriculum alignment, and instructional strategies through monthly grade-level and staff training sessions.

Types of Services Funded

Saddleback Valley USD has identified Goals and Actions/Services to support students to be college and career ready and to demonstrate the 21st century skills of critical thinking, communication, collaboration, and creativity.

Goal 1- Improve literacy in all content areas.

Goal 2- Improve student proficiency in all subject areas: English/Language Arts, mathematics, social sciences, science, visual and performing arts, health, physical education, world languages, and career technical education.

Goal 3- Improve access to, enrollment in and completion of a rigorous course of study.

Goal 4- Increase student engagement and parent involvement.

The District has implemented the following Actions and Services to support each Goal identified above:

- * Develop and implement school site literacy goals for all students and specific goals for students in significant subgroups.
- * Expand literacy intervention programs including prevention and early systematic intervention, appropriate materials, professional development and extended learning time options; provide focused support for students in grades 4-12 at the Intermediate Level of Proficiency at all school sites.
