School Description

Lake Forest Elementary (LFE) is a comprehensive elementary school located in Lake Forest, California. As the fourth largest elementary school in the Saddleback Valley Unified School District, we provide services for approximately 900 students in kindergarten through sixth grade. Lake Forest Elementary is a high achieving school focused on preparing our students to be college and career ready. Since opening in 1992, we continue to integrate technology throughout the curriculum. LFE has 13 mobile Chromebooks carts outfitted with more than 35 devices on each cart. Students in kindergarten and first grade also have regular access to the iPads in the classroom. Every classroom has a SMART Board with a document camera and a smart audio sound amplification system, further enhancing our classroom educational environment.

Our goal is to ensure that all students master grade level Common Core State Standards. To help in achieving this goal, a private grant from the WHH Foundation sponsors our Lake Forest Success for All (SFA) intervention program. This program offers small group instruction in English Language Development, English Language Arts and Mathematics to eligible students. Through the implementation of a rigorous curriculum, integrated technology, and targeted intervention, all LFE Dolphins have the opportunity to "ride the wave" of success.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (949) 830-9945 or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

We choose textbooks and instructional materials that are aligned to state-adopted content standards consistent with state-adopted curriculum framework content and cycles. This report includes a list of some of the textbooks and instructional materials we use at our school. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This report shows whether each student in each core course had sufficient textbooks or instructional materials that are consistent with the content and cycles of the state-adopted curriculum frameworks for those subjects.

School Facility Conditions and Planned Improvements (Most Recent Year)

Built in 1992, Lake Forest Elementary School has permanent and portable structures configured with traditional classrooms, a multipurpose room, library, state-of-the-art computer lab, food service area, administrative offices, and athletic fields.

Thanks to district deferred maintenance funds and local Measure B funds, we made improvements in 2005–2006, including installing new carpeting, additional playground equipment, and building upgrades. Our telephone and fire alarm systems were upgraded in 2014. Site and district personnel keep the school clean and well maintained. An alarm system provides building security. In September 2009, Measure B projects provided interactive SMART Boards and audio systems in every classroom.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parents are active partners at Lake Forest Elementary. Parents have the opportunity to participate in the Parent Teacher Organization (PTO), the English Language Advisory Committee (ELAC), and the School Site Council (SSC). Our generous PTO funds our Meet the Masters Visual Arts program, a variety of assemblies and field trips, school personnel and special student programs. Our School Site Council (SSC) is the primary governing body for the Single Plan for Student Achievement (SPSA) and oversees categorical expenditures. Parents also volunteer in classrooms, the library, attend field trips, and prepare instructional materials for students. They are an integral part of our distinguished team, helping us provide an enriched learning environment for our children. For further information on parent involvement, please contact our school office at (949) 830-9945.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

District and school maintenance staff inspect the school equipment and campus regularly. Staff members supervise students before and after school, and playground assistants monitor students during lunch and recesses. Students are aware of and follow playground safety rules. We update the Comprehensive Safe School Plan (CSSP) annually and assign each staff member specific duties in case of an emergency. We share our updated plan with faculty annually. Access to our campus is limited, and side gates are secured between 8:30 a.m. and 2:15 p.m. each day. All visitors are required to check in with our administrative office before visiting our campus to receive a visitor sticker. Staff members wear lanyards with staff identification cards for easy identification.

Professional Development provided for Teachers

The District collaborates with our school to determine and prioritize staff development needs throughout the year. The School Site Council (SSC) approves expenditures that support staff development related to school goals in our Single Plan for Student Achievement (SPSA). In 2013-2014, we focused our school's staff development on Common Core State Standards (CCSS), Academic Vocabulary, and Kagan Cooperative Groups. Teachers attended conferences off site, and worked together on site to develop ideas and effective teaching strategies in grade level Data Team meetings. These areas of focus were chosen based on the current implementation of CCSS and the need for students to develop skills for effectively working together in pairs and small groups. Teachers are supported in the classroom through in-class coaching by our Literacy Coach, teacher-principal meetings, and Data Teams.

Types of Services Funded

Saddleback Valley USD has identified Goals and Actions/Services to support students to be college and career ready and to demonstrate the 21st century skills of critical thinking, communication, collaboration, and creativity.

Goal 1- Improve literacy in all content areas.

Goal 2- Improve student proficiency in all subject areas: English/Language Arts, mathematics, social sciences, science, visual and performing arts, health, physical education, world languages, and career technical education.

Goal 3- Improve access to, enrollment in and completion of a rigorous course of study.

Goal 4- Increase student engagement and parent involvement.

The District has implemented the following Actions and Services to support each Goal identified above:

- * Develop and implement school site literacy goals for all students and specific goals for students in significant subgroups.
- * Expand literacy intervention programs including prevention and early systematic intervention, appropriate materials, professional development and extended learning time options; provide focused support for students in grades 4-12 at the Intermediate Level of Proficiency at all school sites.
- * Provide appropriate, current instructional materials.
- * Provide staffing to support classrooms with Literacy Coaches/Academic Coach and ELD Coach.
- * Support continued implementation of strategies for Designated and Integrated ELD.
- * Expand intervention programs for at-risk students to prepare them for "a-g" courses.
- * Expand Advancement Via Individual Determination (AVID).
- * Increase the number of "a-g" approved courses and Advanced Placement/International Baccalaureate courses.
- * Expand Counseling Services.
- * Provide parent education regarding course pathways, graduation requirements, post-secondary opportunities, current academic standards; support parent participation and involvement in parent and advisory groups.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
