School Description

Supported by the partnerships of school, home, and community, Linda Vista Elementary School promotes excellence and a commitment to learning within a safe and nurturing environment that empowers every child to succeed and reach his/her full potential. At Linda Vista, we strive to promote the growth of the whole child by building relationships, focusing on rigorous standards-based instruction, providing professional development for staff and encouraging parent involvement.

Linda Vista Elementary School is a certified AVID (Advancement Via Individual Determination) Elementary school. The AVID essentials of instruction, culture, leadership and systems are the path to student success and college readiness. Student success begins at Linda Vista.

Along with these skills, we emphasize character traits such as trustworthiness, respect, responsibility, fairness, caring, and citizenship through our school wide positive behavior system, ROPES (Respect Others Property Education Self), and student council, which fosters student leadership. We pride ourselves in preparing Linda Vista's students to succeed in tomorrow's world.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

We choose textbooks and instructional materials that are aligned to state-adopted content standards consistent with state-adopted curriculum framework content and cycles. This report includes a list of some of the textbooks and instructional materials we use at our school. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This report shows whether each student in each core course had sufficient textbooks or instructional materials that are consistent with the content and cycles of the state-adopted curriculum frameworks for those subjects.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Linda Vista campus dates from 1968 and has been well maintained over the years. The facilities consist of 23 permanent classrooms in three buildings and six portable classrooms. The district childcare center uses two additional portables. All playground equipment meets new state safety standards. We recently used bond funds to improve our facilities, grounds, and equipment, including a new multiuse building consisting of three classrooms.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Opportunities for Parental Involvement (School Year 2016-17)

Linda Vista has an active and supportive parent community. Parents volunteer extensive hours through Parent Teacher Association (PTA) activities and committees, classroom support, lunchtime activities, and afterschool activities. Parents who work during the school day help classroom teachers by doing classroom preparatory work during evenings or weekends. Parents participate in decision making as members of School Site Council (SSC), English Language Advisory Committee (ELAC), and the PTA. To find out how you can participate in school activities, please contact our office at (949) 830-0970.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of our students is integral to our culture and essential to promoting an optimal learning environment. Campus supervisors ensure that students behave safely and positively at recess. Our procedures include a strictly enforced visitor identification system, and detailed emergency procedures are outlined in our Safe Schools Plan, which we review and revise on an annual basis. Our plan is approved annually by our SSC. The safety plan is shared with staff, students, and the community through weekly call outs, staff meetings, and community meetings. Our emergency preparedness supplies and equipment are stored in a central location. We have two practice drills a year to reinforce the safety procedures in the event of a disaster.

Professional Development provided for Teachers

Staff development is designed to help teachers meet achievement goals. The SSC updates our Single Plan for Student Achievement annually and establishes goals for training and curriculum that support school, district, and state goals. Our focus is to improve the achievement of significant subgroups in language arts and math. Participating in Charlotte Knox techniques allowed our teachers to be more focused by creating SMART (strategic, measurable, attainable, results-bound, and timely) goals in writing. In addition, our CCSS training has provided a systematic approach to standards-based instruction.

Through our staff, grade-level, and leadership team meetings, Linda Vista teachers review student work, analyze test data, refine curriculum, plan instruction, and then review instructional strategies and student progress through their professional learning communities. These meetings focus on curriculum and instruction, including differentiation and backwards design, a technique in which the results are considered first and the steps to reach these results are designed from the end to the beginning of the lesson.

Types of Services Funded

Saddleback Valley USD has identified Goals and Actions/Services to support students to be college and career ready and to demonstrate the 21st century skills of critical thinking, communication, collaboration, and creativity.

Goal 1- Improve literacy in all content areas.

Goal 2- Improve student proficiency in all subject areas: English/Language Arts, mathematics, social sciences, science, visual and performing arts, health, physical education, world languages, and career technical education.

Goal 3- Improve access to, enrollment in and completion of a rigorous course of study.

Goal 4- Increase student engagement and parent involvement.

The District has implemented the following Actions and Services to support each Goal identified above:

- * Develop and implement school site literacy goals for all students and specific goals for students in significant subgroups.
- * Expand literacy intervention programs including prevention and early systematic intervention, appropriate materials, professional development and extended learning time options; provide focused support for students in grades 4-12 at the Intermediate Level of Proficiency at all school sites.
- * Provide appropriate, current instructional materials.
- * Provide staffing to support classrooms with Literacy Coaches/Academic Coach and ELD Coach.
- * Support continued implementation of strategies for Designated and Integrated ELD.

- * Expand intervention programs for at-risk students to prepare them for "a-g" courses.
- * Expand Advancement Via Individual Determination (AVID).
- * Increase the number of "a-g" approved courses and Advanced Placement/International Baccalaureate courses.
- * Expand Counseling Services.
- * Provide parent education regarding course pathways, graduation requirements, post-secondary opportunities, current academic standards; support parent participation and involvement in parent and advisory groups.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at
libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length
of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print
documents.
