School Description

Olivewood Elementary School is a community of responsible 21st century learners. We use our creativity, collaboration, critical thinking, and communication skills to grow into positive, productive citizens who will succeed in tomorrow's world. We have Mustang P.R.I.D.E. which stands for "Prepared Respectful Integrity Dependable Engaged".

Classroom teachers grades K-6 implement Common Core State Standards. All students, including grades TK and students in Special Education classes are taught to think about "Why?" an answer is correct and "How" they know it to be true. We support instruction with English Language Development (ELD) for second language learners at all grades, and Advancement Via Individual Determination (AVID) Elementary in grades 3-6. Olivewood also houses the innovative iEngage program, a one-to-one mobile technology program that transforms the way that teachers teach and students learn. Students use iPads in all grade levels, grades 3-6 have Chromebooks one-to-one, and grades TK-2 work in our Apple Lab, enhancing their ability to create, innovate, and, most importantly, retain the learning objectives. It is very exciting to be part of next generation teaching and learning.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

We choose textbooks and instructional materials that are aligned to state-adopted content standards consistent with state-adopted curriculum framework content and cycles. This report includes a list of some of the textbooks and instructional materials we use at our school. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This report shows whether each student in each core course had sufficient textbooks or instructional materials that are consistent with the content and cycles of the state-adopted curriculum frameworks for those subjects.

School Facility Conditions and Planned Improvements (Most Recent Year)

Olivewood dates from 1967 and was modernized during 2003–2004. This included fresh paint, new wall coverings, additional Internet access, new security and intercom systems, and improved electrical and plumbing systems. New playground equipment has been installed in the kindergarten, primary, and upper-grade playgrounds. The field has been upgraded with a new sprinkler system and new sod; shade structures were installed over the outdoor assembly area and the lunch area. A new building to house a library and two computer labs was opened in May 2008. The parking lot was expanded, and two portable buildings were replaced with newer models.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

Our school meets most or all of the standards for good repair, established by the Office of Public School Construction. If we have any deficiencies, they are not significant. We scored between 99 and 100 percent on the 15 categories of our evaluation.				

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Olivewood parents are actively involved and visible on campus daily. We also enjoy the support of various volunteers from the local community. Our Parent Teacher Association (PTA) raises funds for our art program, field trips, and sponsors family fun nights. Our School Site Council (SSC), which includes parents as members, meets three times a year. Our English Language Advisory Committee (ELAC) welcomes parents of English Learners to consult with administration on school programs, meeting four times a year. We have many parents volunteering in classrooms and serving on committees for such events as the Sixth Grade Science Camp fund-raisers and the Book Fair. To become involved, please contact our PTA President or the Principal through the Olivewood office at (949) 837-6682.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

We revise our Comprehensive Safe School Plan annually, and it is reviewed by the School Site Council. The plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. We share the plan with all staff during a schoolwide staff meeting and we practice fire drills monthly and hold two disaster drills annually.

Professional Development provided for Teachers

Title 1 funding allows time for teachers and administrators to look at test scores and review the most pressing issues of the previous year to choose specific topics for staff development. District-level staff development concentrates on districtwide goals. We devote school staff development days to improving written language and subject area skills. During the school year, all teachers meet in grade-level groups to review students' writing progress, analyze standardized test scores, plan instruction, and review teaching strategies.

Types of Services Funded

Saddleback Valley USD has identified Goals and Actions/Services to support students to be college and career ready and to demonstrate the 21st century skills of critical thinking, communication, collaboration, and creativity.

Goal 1- Improve literacy in all content areas.

Goal 2- Improve student proficiency in all subject areas: English/Language Arts, mathematics, social sciences, science, visual and performing arts, health, physical education, world languages, and career technical education.

Goal 3- Improve access to, enrollment in and completion of a rigorous course of study.

Goal 4- Increase student engagement and parent involvement.

The District has implemented the following Actions and Services to support each Goal identified above:

* Develop and implement school site literacy goals for all students and specific goals for students in significant subgroups.

* Expand literacy intervention programs including prevention and early systematic intervention, appropriate materials, professional development and extended learning time options; provide focused support for students in grades 4-12 at the Intermediate Level of Proficiency at all school sites.

* Provide appropriate, current instructional materials.

* Provide staffing to support classrooms with Literacy Coaches/Academic Coach and ELD Coach.

* Support continued implementation of strategies for Designated and Integrated ELD.

* Expand intervention programs for at-risk students to prepare them for "a-g" courses.

* Expand Advancement Via Individual Determination (AVID).

* Increase the number of "a-g" approved courses and Advanced Placement/International Baccalaureate courses.

* Expand Counseling Services.

* Provide parent education regarding course pathways, graduation requirements, post-secondary opportunities, current academic standards; support parent participation and involvement in parent and advisory groups.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
