#### **School Description**

#### **School Description:**

Esperanza Education Center serves the entire Saddleback Valley Unified School District (SVUSD) and provides a diverse educational program for students with developmental disabilities, ages 12-22. Teachers and staff are dedicated to the quality of individualized instruction intended by the Individuals with Disabilities Education Act (IDEA), which guarantees a free and appropriate public education. Our center's focus is on functional academics, independent living, vocational, community and recreation/leisure skills.

#### **Vision Statement:**

Intentional Lesson Design, Student Engagement & Innovative Strategies focused on the 5 Domains: Functional Academics, Independent Living, Vocational, Community and Recreation/Leisure.

#### **Mission Statement:**

Esperanza Education Center is a dynamic campus that houses secondary and post-secondary programs. We are committed to the success of all students. We create a safe and supportive learning environment. We partner with the community to provide students with educational and work experience opportunities. We collaborate with students, parents, and community to meet our students' individual needs and prepare them for the future.

Esperanza Education Center is a viable option for school placement within the range of special education programs offered by SVUSD.

#### **About the SARC**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### A. Conditions of Learning

#### **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

#### School Facility Conditions and Planned Improvements (Most Recent Year)

Esperanza Special Education School boasts a clean and orderly campus. Although the building is nearly 37 years old, it is well maintained. A complete remodel of the main building was finished in January, 2007 using Measure B School Improvement and Facilities Repair Bond funds. Grounds staff take pride in keeping the campus neat. In 2008, the reconstruction of the outside of the main building was completed.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

#### **B. Pupil Outcomes**

#### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students						
Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)						
Subject	Sch	ool	District		State	
	15-16	16-17	15-16	16-17	15-16	16-17
ELA			65 64		48	48
Math			50	51	36	37

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in Science for All Students						
Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)						
Subject	Sch	ool	District		State	
	14-15	15-16	14-15	15-16	14-15	15-16
Science				77		56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

#### C. Engagement

#### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2017-18)

Esperanza has an active Parent Teacher Association (PTA) and School Site Council (SSC). The group provides financial support for student activities throughout the year. In addition to organizing PTA activities, parents often volunteer their time to supervise various school events. The principal sends out 1-2 School Messenger phone calls and/or emails each month in order to inform parents about the school's activities and ways to participate. Monthly newsletters and bi-monthly "Coffee with the Principal" are also provided to parents in an effort to inform parents about the activities at the school and ways to participate as well as seek feedback on parent concerns. To find out how to volunteer at our school, please contact our school office, at (949) 830-5470. Parents are also invited to connect with the school via twitter @esperanzaeagles.

#### **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### **School Safety Plan**

Our campus is small and easily monitored. We continue to have periodic safety drills to be prepared for any type of emergency. This is guided and monitored closely by our school's emergency safety plan. Staff was informed of emergency procedures on Staff Orientation Day, August 25, 2017 and throughout the year at Staff Meetings, Collaboration Days and Professional Development Days. Parents are informed of the School Safety Plan in a letter sent home at the beginning of the school year, which discusses how to pick up their student's from school on a regular school day and how to pick up their students from school in the case of an emergency. A low fence surrounds the school, and staff members are on duty wherever students are present. Most students use the school bus, and staff members escort students to and from their buses daily. Esperanza is a closed campus and all visitors must sign in upon entering the campus through the front office.

#### D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

#### **Professional Development provided for Teachers**

The focus of staff development at Esperanza varies depending on current needs assessments conducted by the district. Staff members collaborate and consult with each other to work through difficult situations, plan for upcoming events, and discuss student issues during Late Start/Collaboration Days. Past staff development has centered on Autism Spectrum Disorders, Developmental Disabilities and Behavior Intervention Strategies for the 2015-2016 and 2016-2017 school year. Upcoming staff development is being developed based on student and staff needs in the area of behavior supports, engagement of students in the classroom as facilitated by Instructional Assistants. Facilitation of IEPs and thoroughness in the completion of IEP forms are an area of focus are also a focus for upcoming staff development. Staff Meetings for the 2017-2018 school year are "flipped" and are also being used for staff development in the area of sharing engagement strategies or innovation.

#### **Types of Services Funded**

Saddleback Valley USD has identified Goals and Actions/Services to support students to be college and career ready and to demonstrate the 21st century skills of critical thinking, communication, collaboration, and creativity.

- Goal 1- Improve literacy in all content areas.
- Goal 2- Improve student proficiency in all subject areas: English/Language Arts, mathematics, social sciences, science, visual and performing arts, health, physical education, world languages, and career technical education.
- Goal 3- Improve access to, enrollment in and completion of a rigorous course of study.
- Goal 4- Increase student engagement and parent involvement.

The District has implemented the following Actions and Services to support each Goal identified above:

- \* Develop and implement school site literacy goals for all students and specific goals for students in significant subgroups.
- \* Expand literacy intervention programs including prevention and early systematic intervention, appropriate materials, professional development and extended learning time options; provide focused support for students in grades 4-12 at the Intermediate Level of Proficiency at all school sites.
- \* Provide appropriate, current instructional materials.
- \* Provide staffing to support classrooms with Literacy Coaches/Academic Coach and ELD Coach.
- \* Support continued implementation of strategies for Designated and Integrated ELD.
- \* Expand intervention programs for at-risk students to prepare them for "a-g" courses.
- \* Expand Advancement Via Individual Determination (AVID).
- \* Increase the number of "a-g" approved courses and Advanced Placement/International Baccalaureate courses.
- \* Expand Counseling Services.
- \* Provide parent education regarding course pathways, graduation requirements, post-secondary opportunities, current academic standards; support parent participation and involvement in parent and advisory groups.

#### **Career Technical Education Programs**

As part of the overall vocational program, students focus on pre-vocational skills and training such as appropriate dress, grooming, language, and timeliness, all of which will assist students in post-school opportunities. Vocational opportunities throughout the curriculum are embedded in such activities as our recycling program, general office tasks, and developing computer skills. We also have a vocational training workshop where students are able to experience and practice various skills and tasks appropriate to their needs and future employment. Students at Esperanza are encouraged to try a variety of tasks in order to widen their experiences and gain as many skills as possible.

Students at Esperanza Education Center complete their high school career with a Certificate of Completion at age 22. If students choose to attend college classes, this is accomplished through the Special Services department at local community colleges.

Our high school offers courses intended to help students prepare for the world of work. You can find information about CTE courses and advisors in the Data Almanac at the end of this School Accountability Report Card. Information about career technical education policy is available on the CDE Web site.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
