### School Description

Montevideo Elementary is a diverse community of learners committed to becoming leaders of the 21st century. We pride ourselves on being a highly inclusive community that embraces our differences. At Montevideo, we have a specialized academic instruction (SAI) program for autism that is integrated within our school. The children at Montevideo are very accepting of all children of various abilities and needs. The school has integrated either chrome books or I-pads into every classroom. We are currently developing a new STEAM lab for students to become more proficient with the NGSS science standards.

Our staff is focused on providing an engaging environment with innovative lessons that challenge all students to reach their full potential. From the time you walk onto the Montevideo campus, it is easy to feel the sense of community between parents, PTA, staff, and students. Parental involvement is the norm and adds to the warm collaborate atmosphere at the school.

Our scholars at Montevideo strive to ROCK every day being Responsible, Optimistic, Courageous, and Kind.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

\* "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

We choose textbooks and instructional materials that are aligned to state-adopted content standards consistent with state-adopted curriculum framework content and cycles. This report includes a list of some of the textbooks and instructional materials we use at our school. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This report shows whether each student in each core course had sufficient textbooks or instructional materials that are consistent with the content and cycles of the state-adopted curriculum frameworks for those subjects.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Montevideo dates from 1973. The school has permanent and portable structures plus a multipurpose room, a library/media center, a food-service area, administrative offices, and extensive athletic fields. We use two portables for childcare before and after school. Seven portable buildings house supporting programs and are used by our Special Day Classes for extra therapies and play. All class-size averages are within state and district guidelines. Montevideo underwent a partial remodel during the summer of 2007. The full remodel was completed in 2008 and was funded by state and local bond money.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

**School Facility Good Repair Status (Most Recent Year)**

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	15-16	16-17	15-16	16-17	15-16	16-17
ELA	55	51	65	64	48	48
Math	48	49	50	51	36	37

\* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

2015-16 CAASPP Results by Student Group Science (grades 5, 8, and 10)				
Group	Number of Students		Percent of Students	
	Enrolled	with Valid Scores	w/ Valid Scores	Proficient or Advanced
All Students	56	56	100.0	87.5
Male	37	37	100.0	89.2
Female	19	19	100.0	84.2
Hispanic or Latino	14	14	100.0	85.7
White	28	28	100.0	89.3
Students with Disabilities	11	11	100.0	100.0

\* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	14-15	15-16	14-15	15-16	14-15	15-16
Science	89	88	79	77	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Grade Level	2016-17 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	11.9	20.9	44.8

\* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**School Year 2016-17 CAASPP Assessment Results - English Language Arts (ELA)  
Disaggregated by Student Groups, Grades Three through Eight and Eleven**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	243	241	99.18	51.45
Male	136	134	98.53	47.01
Female	107	107	100	57.01
Asian	17	17	100	47.06
Hispanic or Latino	67	67	100	38.81
White	124	122	98.39	57.38
Two or More Races	28	28	100	60.71
Socioeconomically Disadvantaged	60	60	100	40
English Learners	43	43	100	30.23
Students with Disabilities	37	36	97.3	11.11

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**School Year 2016-17 CAASPP Assessment Results - Mathematics  
Disaggregated by Student Groups, Grades Three through Eight and Eleven**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	243	240	98.77	49.17
Male	136	133	97.79	49.62
Female	107	107	100	48.6

Socioeconomically Disadvantaged	60	59	98.33	30.51
English Learners	43	43	100	25.58
Students with Disabilities	37	36	97.3	5.56
Foster Youth	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2017-18)

Parents on our School Site Council (SSC) help approve our school's annual plan and budget expenditures. Our PTA, which always welcomes new members, is active in providing educational and family-oriented activities for all students and their families. We also have an active volunteer program with participants who have been sharing their expertise with us for many years. Our staff welcomes parents into the classroom as volunteers. Parents are able to attend Coffee with the Principal at least four times a year. This is a casual atmosphere that allows for questions and answers to flow. Please contact your child's teacher or the Montevideo PTA president at (949) 586-8050 to find out how you can be involved in your child's school experience.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

Our administration actively promotes a safe environment for all students and staff. We require visitors to sign in at the front office and wear identifying badges. All of our staff wear photo identification for added safety. Teaching staff and campus supervisors monitor playground, campus, and building safety. We train staff annually on our school Safety Plan and hold monthly safety drills. Almost all of the staff of Montevideo have been trained on all water, gas, and electric shut off procedures in case of a disaster. Our vision and our core values encourage respect, responsibility, kindness, and school pride. We also participate in the City of Mission Viejo Community of Character program. Students attend a school-rules assembly in the fall, and each family has access to a Student Handbook outlining school, district, and state policies. Our student news program M-Kids reinforces and reminds students to do the right thing within our two main school rules of Be Nice and Work Hard.

The school's comprehensive safety plan is reviewed each year by the safety committee with the input of our Safety Resource Officer. The school has implemented practices that the school site remains locked during the school day. The community is informed about safety procedures through the school website, handbook, and newsletters. The staff is taken through a yearly review of safety procedures and offered health training such as EPI-PEN usage each year.

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

\* Number of classes indicates how many classes fall into each size category (a range of total students per class).

### Professional Development provided for Teachers

We collaborate within grade levels and across grade levels in efforts to improve student achievement and instructional practices at our school. The district offers a variety of trainings and resources for teachers to grow professionally and exchange ideas with peers at other sites. Summer seminars are available, and teachers are often released during the school day to attend trainings.

Data Team meetings are regularly held to help inform instruction and ultimately staff development. Instructional Rounds have been introduced and is a process of looking at our classroom practices and how we can improve student achievement through collaboration and agreements on instructional strategies.

### Types of Services Funded

Saddleback Valley USD has identified Goals and Actions/Services to support students to be college and career ready and to demonstrate the 21st century skills of critical thinking, communication, collaboration, and creativity.

Goal 1- Improve literacy in all content areas.

Goal 2- Improve student proficiency in all subject areas: English/Language Arts, mathematics, social sciences, science, visual and performing arts, health, physical education, world languages, and career technical education.

Goal 3- Improve access to, enrollment in and completion of a rigorous course of study.

Goal 4- Increase student engagement and parent involvement.

The District has implemented the following Actions and Services to support each Goal identified above:

- \* Develop and implement school site literacy goals for all students and specific goals for students in significant subgroups.
- \* Expand literacy intervention programs including prevention and early systematic intervention, appropriate materials, professional development and extended learning time options; provide focused support for students in grades 4-12 at the Intermediate Level of Proficiency at all school sites.
- \* Provide appropriate, current instructional materials.
- \* Provide staffing to support classrooms with Literacy Coaches/Academic Coach and ELD Coach.
- \* Support continued implementation of strategies for Designated and Integrated ELD.
- \* Expand intervention programs for at-risk students to prepare them for "a-g" courses.
- \* Expand Advancement Via Individual Determination (AVID).
- \* Increase the number of "a-g" approved courses and Advanced Placement/International Baccalaureate courses.
- \* Expand Counseling Services.
- \* Provide parent education regarding course pathways, graduation requirements, post-secondary opportunities, current academic standards; support parent participation and involvement in parent and advisory groups.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
