### School Description

Laguna Hills High School is a public high school located in Laguna Hills, California which serves the Saddleback Valley Unified School District. The school has the smallest student enrollment of the district's four schools at approximately 1,600 students. The mascot for Laguna Hills is the Hawk, and the official colors are brown and gold. 220 credits are required to graduate from Laguna Hills High School. 94% of LHHS graduates are accepted at 2 or 4-year colleges.

The innovative programs at Laguna Hills High School include the Golden-Bell Award Winning Two-Way Language Immersion Program; Computer Science Pathway; Culinary Arts Program; a four-year Model United Nations program; an interdisciplinary senior humanities program; twenty-five year established International Baccalaureate (IB) program, and robust Careers in Technical Education pathway.

### Mission Statement

At Laguna Hills High School, our mission is to provide a rigorous and accessible curriculum in a small-school, "family" environment. Welcome to the Nest!

### Vision Statement

By fostering creativity, communication, collaboration, and critical thinking skills, we will prepare students for college and career, empowering them to build a better world through mutual respect and intercultural understanding.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

\*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)**

We choose textbooks and instructional materials that are aligned to state-adopted content standards consistent with state-adopted curriculum framework content and cycles. This report includes a list of some of the textbooks and instructional materials we use at our school. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This report shows whether each student in each core course had sufficient textbooks or instructional materials that are consistent with the content and cycles of the state-adopted curriculum frameworks for those subjects. This report also shows whether sufficient laboratory science equipment applicable to science laboratory courses is available to all students at our school.

### School Facility Conditions and Planned Improvements (Most Recent Year)

We completed the last phase of our new construction, which included a new auxiliary gym, weight room, wrestling room, science building, on-campus athletic stadium, adult education building, food service area, and an enlarged fine arts building. Under phase two, we modernized our performing arts in its entirety (arts, ceramics, choir, and drama), added a 2,800-square-foot multipurpose room, and all classrooms were equipped with LCD projectors and multimedia cabinets. Completion of Measure B-funded projects was concluded in October of 2008. This summer we completed the last major phase of our new construction, which included new tennis courts and new sod on the upper field.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

School Facility Good Repair Status (Most Recent Year)		
Year and month in which data were collected: October 2018		
System Inspected	Repair Status	Repair Needed and Action Taken or Planned
<b>Systems:</b> Gas Leaks, Mechanical/HVAC, Sewer	Good	
<b>Interior:</b> Interior Surfaces	Good	Stained ceiling tiles, to be replaced by plant foreman.
<b>Cleanliness:</b> Overall Cleanliness, Pest/ Vermin Infestation	Good	
<b>Electrical:</b> Electrical	Good	
<b>Restrooms/Fountains:</b> Restrooms, Sinks/ Fountains	Good	
<b>Safety:</b> Fire Safety, Hazardous Materials	Good	
<b>Structural:</b> Structural Damage, Roofs	Good	
<b>External:</b> Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	
<b>Overall Rating</b>	<b>Exemplary</b>	Our school meets most or all of the standards for good repair, established by the Office of Public School Construction. If we have any deficiencies, they are not significant. We scored between 99 and 100 percent on the 15 categories of our evaluation.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	82.0	73.0	64.0	65.0	48.0	50.0
Math	49.0	39.0	51.0	52.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
9	17.4	13.9	58.2

\* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Students with Disabilities	40	36	90.00	36.11
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2018-19)

Parents are actively involved in the Parent Teacher Student Association (PTSA), Grad Night committees, booster organizations, Advocates for Language Learners (ALL), English Language Advisory Committee (ELAC), School Site Council (SSC), and interview committees. We meet as a Community Focus Group at the beginning of each month and it is open to the public. Parents organize major fund-raisers to meet students' needs and consistently contribute through volunteer work, such as helping teachers and staff with volunteering in the classroom.

LHHS continues to utilize Aeries for our Student Information System. The system has an embedded grade book function for teachers that is accessed by parents via the Family Portal. The portal includes each student's current grades, individual assignments, attendance record, and personal information update features such as a weekly progress report E-mail.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

At minimum, an administrator is on campus daily from 6:45 a.m. to 4:30 p.m. with administrators often on campus supervising afternoon and evening athletic events and areas of student involvement. A campus supervisor is on campus 30 minutes before and after school and one additional campus supervisor is on duty from 9:30 a.m. to 4:00 p.m..

We consistently work with the Orange County Sheriff's Department on a number of safety issues relating to everyday school operations. Safety, for everyone, is our number-one priority. We have a closed campus and require all visitors to check in with the administration office.

Our staff, along with law enforcement, revise the School Safety Plan. We update the plan at the beginning of the school year and include the following: evacuation plans, details of staff responsibilities during a crisis/emergency as well as attendance procedures to ensure every student is accounted for, facilities information, and emergency supplies for each classroom and campus use. We also conduct multiple drills throughout the year to ensure student and staff readiness for any and all emergencies.

Suspensions and Expulsions			
School	2015-16	2016-17	2017-18
Suspensions Rate	1.9	1.9	1.4
Expulsions Rate	0.1	0.2	0.1
District	2015-16	2016-17	2017-18

Social Science	26.0	28.0	26.0	12	8	15	28	32	23	16	14	18

\* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

### Professional Development provided for Teachers

The major area of focus for staff development is on student and teacher accountability through the data team process. Laguna Hills High School teachers have release days to participate in Instructional Rounds, district staff development days, and CCSS/NGSS trainings. Teachers further enhanced their instructional leadership by participating in professional learning communities. This process informs instructional decisions with an emphasis on the effective use of materials for core curriculum areas and a review of student progress using student engagement.

Teachers engage in training around the three district priorities: student engagement, innovation and intentional lesson design.

### Types of Services Funded

Saddleback Valley USD has identified Goals and Actions/Services to support students to be college and career ready and to demonstrate the 21st century skills of critical thinking, communication, collaboration, and creativity.

Goal 1- Improve literacy in all content areas.

Goal 2- Improve student proficiency in all subject areas: English/Language Arts, mathematics, social sciences, science, visual and performing arts, health, physical education, world languages, and career technical education.

Goal 3- Improve access to, enrollment in and completion of a rigorous course of study.

Goal 4- Increase student engagement and parent involvement.

The District has implemented the following Actions and Services to support each Goal identified above:

- Develop and implement school site literacy goals for all students and specific goals for students in significant subgroups.
- Expand literacy intervention programs including prevention and early systematic intervention, appropriate materials, professional development and extended learning time options; provide focused support for students in grades 4-12 at the Intermediate Level of Proficiency at all school sites.
- Provide appropriate, current instructional materials.
- Provide staffing to support classrooms with Literacy Coaches/Academic Coach and ELD Coach.
- Support continued implementation of strategies for Designated and Integrated ELD.
- Expand intervention programs for at-risk students to prepare them for "a-g" courses.
- Expand Advancement Via Individual Determination (AVID).
- Increase the number of "a-g" approved courses and Advanced Placement/International Baccalaureate courses.
- Expand Counseling Services.
- Provide parent education regarding course pathways, graduation requirements, post-secondary opportunities, current academic standards; support parent participation and involvement in parent and advisory groups.

### Career Technical Education Programs

At Laguna Hills High School, students 9-12 can choose to take classes in 5 Career Technical Education (CTE) Industry Sectors including classes in- digital media arts, broadcast news, sports medicine, culinary arts, computer science, and automotive technology. CTE classes are open to all students and intended to provide students with the academic and technical skills, knowledge and training necessary to succeed in college, career and beyond. Classes are available during the bell as well as after-school if a student wants to expand their schedule or wants to take on an internship. Internships are offered in animal healthcare, business, childcare, medicine, hotel/tourism, and automotive technology. Internships prepare students for the world of work by introducing them to workplace experiences, and bringing what they learn in the classroom to real life. Students can earn credits towards graduation by taking one course in a career pathway, or find out they enjoy the pathway, and move through the sequence of courses, all while earning credits towards graduation. Students wanting guidance on what courses are available can seek out their ROP Career Specialist in the Career Center. The ROP Career Specialist will be able to help a student find volunteer work, an internship, and give more information on CTE classes. Because students participate in CTE classes, Laguna Hills is eligible and has been Carl Perkins federal funds, CTE Incentive Grant funds, and California Career Pathways Trust grant funds. These funds are given to schools to support comprehensive CTE programs, such as the ones we have at Laguna Hills. Among the many highlights of our programs, we have participated in competitions including: Rescue Robotics, DMA My Dream Career, and Cyberpatriot. In addition, 17 of our CTE courses are UC Approved, and 2 are AP level. You can find information about our school's CTE courses and advisors in the Data Almanac at the end of this School Accountability Report Card. Information about career technical education policy is available on the CDE Web site.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
