### Principal's Message

The San Leandro Unified School district is on the move! At James Madison Elementary School we take pride in going the extra mile. This school is an amazing place for all students to begin developing a life long appreciation of learning. Innovative district leadership and improved state funding has created a buzz of learning unlike any I have seen in my 29 years of public education. We are developing programs and practices with an eye on preparing students for college in the year 2021 and beyond. I am very proud of the students, staff and community for creating a culture where students are empowered to go above and beyond.

In 2013 James Madison was honored by Edmentum as the Study Island Rock Star School of the year, (only west coast school to win this honor). In 2014 we were selected as the Alameda County English Language Learner site of the year! This recognition honored the 6th consecutive year Madison eliminated the achievement gap for English Language Learners.

James Madison School recognizes, celebrates and teaches to the cultural, linguistic and racial diversity in all learners. We nurture and develop parent leaders and family partners to work collaboratively with the school and district. We want to thank the staff, families, but mostly the children who continue to learn with their hearts, minds and bodies. Our school is also home to four classes of amazingly-abled special education students. We are proud to support the needs of all students and foster the understanding of all differences as we prepare students for success in the world.

### School Vision & Mission Statement

James Madison Elementary serves nearly 440 scholars who represent a community rich with culture, language, and diversity. Our creative and energetic staff continues to work collaboratively with parents and the community to create experiences that foster an excitement for learning. We focus on inspiring each child to succeed. We believe that looking at student achievement through a lens of equity will allow all students to reach their potential. Learning will reflect the past, reinforce the present, and help to anticipate a future that has yet to be invented. We understand that the development of individual character and group responsibility is created through instructional programs, community partnerships, and best practices.

It is the vision of James Madison Elementary School to understand that the success of every students depends on nurturing a positive attitude, developing usable skills, and acquiring knowledge in order to reach goals now and in the future. It is our daily mission to inspire 21st century competencies by creating purposeful learning experiences that help each student reach their potential.

### District Profile

San Leandro Unified School District is located in the City of San Leandro, which is situated 20 miles southeast of San Francisco. San Leandro is a friendly and diverse city with a colorful heritage and numerous cultural amenities including a 450-berth Marina, two golf courses and a large community library center. San Leandro is well-known for its quiet, well-defined neighborhoods full of charming and unique older houses on tree-lined streets. San Leandro residents are proud of both their neighborhoods and their city, which can be seen in their active involvement in the city's numerous neighborhood and homeowner's associations.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (510) 895-7944 or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

San Leandro Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. San Leandro Unified School District held a public hearing on September 20th, 2011 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district-adopted textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. The most recent textbooks as of January 2012 are illustrated in the chart.

### School Facility Conditions and Planned Improvements (Most Recent Year)

#### Age & Condition of Facilities

James Madison Elementary was originally constructed in 1956 and is currently comprised of 18 permanent classrooms, four portable classrooms, a library, a staff work and break room, a computer lab, a multiuse room, and a playground.

James Madison Elementary was closed from 1982 to 1998. The school was modernized in 2005, which entailed improving the parking area, adding four new portable classrooms, upgrading the technology service, playground renovations, adding a new ball field and drinking fountains. New windows were installed during the 2006-07 school year.

#### Cleaning Process

The principal works daily with one full-time day custodian and one full-time night custodian to ensure that the cleaning of the school is maintained to provide for a clean and safe school.

#### Maintenance & Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority to emergency repairs. At the time of publication 100% of Madison Elementary's restrooms were in good working order. The chart displays the results of the most recent school facilities inspection provided by the district. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been scheduled for repair or are in the process of remediation. With the passage of Measure B, modernization and renovation of the San Leandro schools has begun. For more information about Measure B, please visit the district's web site: [www.sanleandro.k12.ca.us](http://www.sanleandro.k12.ca.us).

#### Deferred Maintenance Budget

The State School Deferred Maintenance Budget Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating/air conditioning, interior/exterior painting, electrical systems, and flooring. For the 2012-2013 school year, the district allocated \$164,000 for the deferred maintenance program. This represents .22% of the district's general fund budget.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement

Our success is built on a foundation of strong parent and community involvement. We have an active Parent Teacher Organization that plans and funds school-wide events. This supports a climate to celebrates family, honors culture and respects a community of differences by harnessing the energy and resources to ensure student success. Creating a strong home to school partnership has created a trusting and nurturing learning environment that helps us go the extra mile to support each students potential. Our parent empowerment has helped bridge the language and cultural differences that often keep parents from understanding standards, curriculum, instruction and assessment. We support parents in their ability to advocate for their children now and throughout their career in public education.

James Madison Elementary School actively develop partnerships with local businesses, community organizations, and the "SLED" San Leandro Education Foundation.

### Contact Information

Parents who wish to participate in James Madison Elementary School's leadership teams, school committees, school activities, or become a volunteer may contact the main office at (510) 895-7944.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

### School Safety Plan

The safety of students and staff is always the first concern at James Madison Elementary School. The district supports our school with policies and regulations for compliance with all laws, rules, and regulations pertaining to safety, hazardous materials and state earthquake standards. The Comprehensive School Site Safety plan is updated annually by the principal and approved by the School Site Council. The Safety Plan was last approved in February 2015. The School Site Safety Plan outlines all emergency procedures. Lockdown, Shelter in place, Fire and Earthquake drills are conducted on a regular basis throughout the school year. The school principal actively seeks to improve all aspects of school safety and has been a speaker at state conferences pertaining to creating and maintaining safe schools.

To ensure student safety, staff members supervise students at all times before and after school, and during recess and lunch. Any visitors to the campus are required to check in at the school's office and wear the proper identification badge at all times.

### Professional Development provided for Teachers

Professional development at James Madison coordinated in conjunction with the district programs and site needs. James Madison Elementary School staff is actively participating in the district innovators initiative and harnessing the SLUSD instructional coaches to help effectively transition to 21st century skills and Common Core Standards. Staff development for beginning teachers is supported through BTSA (Beginning Teachers Support and Assessment) Support Providers. We are most proud of our ongoing work with the Teacher Action Research Initiative and Project Based Learning Consultation. District committees and action teams also allow for collaboration between teachers. Minimum days and release time assures ongoing personal and professional growth.

The district supports staff development through three Professional Growth Days each year. In addition our teachers are released to pursue ongoing growth and development to ensure they remain inspired and excited about teaching at James Madison Elementary School.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
