School Description

At McKinley Elementary School, we have a unified focus: to nurture the unique strengths of each student so that she or he builds personal responsibility, reaches high levels of academic achievement, and contributes positively to society. Supporting all students in meeting these aspirations takes all of us: students, parents, staff and community members. This requires our collective commitment to a common road-map, consistent follow-through, and a continuous improvement mindset.

By working in partnership with parents and community, McKinley Elementary School will nurture confident, responsible and capable learners.

District Vision Statement

The mission of the San Leandro Unified School District is to educate students to achieve and demonstrate academic excellence and become confident, collaborative and competitive in a global society, by utilizing state-of-the-art technologies and innovative teaching strategies within a well-maintained, secure learning environment, in a region rich in heritage and diverse in culture, where we value our traditions while welcoming change.

District Profile

San Leandro Unified School District is located in the City of San Leandro, which is situated 20 miles southeast of San Francisco. San Leandro is a friendly and diverse city with a colorful heritage and numerous cultural amenities including a 450-berth Marina, two golf courses, and a large community library center. San Leandro is well-known for its quiet, well-defined neighborhoods full of charming and unique older houses on tree-lined streets. San Leandro residents are proud of both their neighborhoods and their city, which can be seen in their active involvement in the city's numerous neighborhood and homeowner's associations.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

San Leandro Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. San Leandro Unified School District held a public hearing on September 20th, 2011 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district-adopted textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. The most recent textbooks are illustrated in the chart.

School Facility Conditions and Planned Improvements (Most Recent Year)

Age & Condition of Facilities

McKinley Elementary School was originally constructed in 1917 and is currently comprised of 23 permanent classrooms, twelve portable classrooms, a library, a staff work and break room, a multipurpose room, a computer lab, and one playground.

Cleaning Process

The principal works daily with two full-time custodial staff members to ensure that the cleaning of the school is maintained to provide for a clean and safe school.

McKinley Elementary was remodeled in 2000, which entailed new or upgraded classrooms and playground equipment. Recent renovations include the complete remodeling of the bathrooms, as well as the addition of four new portable classrooms which was completed in January 2009. New interior paint and lights completed in summer 2012.

Maintenance & Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority to emergency repairs.

Deferred Maintenance Budget

The State School Deferred Maintenance Budget Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating/air conditioning, interior/exterior painting, electrical systems, and flooring. For the 2012-2013 school year, the district allocated \$164,000 for the deferred maintenance program. This represents .22% of the district's general fund budget.

At the time of publication 100% of McKinley Elementary's restrooms were in good working order. The chart displays the results of the most recent school facilities inspection provided by the district. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been scheduled for repair or are in the process of remediation. With the passage of Measure B, modernization and renovation of the San Leandro schools has begun. For more information about Measure B, please visit the district's web site: www.sanleandro.k12.ca.us.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parents and the community are very supportive of the education program at McKinley Elementary School. Parents may participate in many committees and activities, such as: the Parent Teacher Organization, English Language Advisory Committee (ELAC), School Site Council (SSC), Copy Team, Coffee and Conversation Club, and assisting with school-wide events including but not limited to: Sing Along, Holiday Festival, Beautification Day, Book Fair, Outdoor Education and school field trips. We have six parent education events per year that all parents are expected to attend. With our recently hired parent facilitator, we expect parental involvement to continue to grow.

Contact Information

Parents who wish to participate in McKinley Elementary School's leadership teams, school committees, school activities, or become a volunteer may contact the main office at (510) 618-4320. Thank you!

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is a priority at McKinley Elementary School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The McKinley School Site Safety plan was last updated November 14, 2012, at which time the Safety Plan was reviewed, updated and discussed with our School Site Council and faculty. The key element of the School Site Safety Plan entails emergency evacuation procedures. Fire, earthquake, and lockdown drills are conducted on a regular basis throughout the school year.

To ensure student safety, staff members supervise students from 7:45 to 3:10pm. All gates are locked at 8:30 each morning and any visitors are required to sign in at the McKinley Office. All adults on campus are required to wear ID while on campus. Volunteers are required to complete and have approved a Volunteer Packet located in the McKinley Office, prior to providing volunteer services for our learning community.

Professional Development provided for Teachers

As we transition to the Common Core State Standards (CCSS), professional development focuses on CCSS and on creating collaborative structures for teachers to support and learn from each other. These collaborative structures include a site leadership team that meets monthly to guide the school in a process of continual growth, grade level professional learning communities that meet to plan instruction, analyze assessment results, and determine intervention and enrichment activities, and an instructional innovator teams to be leaders in 21st century learning. There are weekly collaboration meetings where teachers meet in their collaborative groups, 13 after school staff meetings per year focused on school-wide instructional initiatives, and three full day professional development days. Furthermore, teachers are provided with additional hourly pay and release days for planning, learning, and observing each other. Coaching and individualized support is provided for teachers through District Coaches and BTSAs (Beginning Teacher Support and Advancement) mentors for our beginning teachers. The principal engages in regular classroom visits followed up with conversations around instruction.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
